1. GENERAL DESCRIPTION OF THE OFFERING PROGRAMME

Under the programme, SG Issuer (the "**Issuer**") may, in its sole discretion, publicly offer and/or list on a regulated market in the European Economic Area the securities described in this Base Prospectus (the "**Securities**" or "**Secured Tracker Certificates**").

General information on the Base Prospectus can be found in section 3.

1.1. Overview of the Issuer

The Issuer is a public limited liability company (société anonyme), established under Luxembourgian law with its registered office in Luxembourg, Grand Duchy of Luxembourg. The business address is: 16, boulevard Royal, 2449 Luxembourg, Grand Duchy of Luxembourg.

The Issuer's legal entity identifier (LEI) is 549300QNMDBVTHX8H127.

Further information on the Issuer can be found in particular in section 4. Specific risks related to the Issuer can be found in section 2.1.

1.2. Overview of the Guarantor

The Securities are unconditionally and irrevocably guaranteed by Société Générale, Paris, France (the "**Guarantor**") in accordance with the guarantee issued as of 07 January 2022 (the "**Guarantee**"). The Guarantor is a public limited company (société anonyme) under French law and has the status of a bank. The registered office of the Guarantor is 29 boulevard Haussmann, 75009 Paris, France, and the administrative office is 7 cours Valmy, 92972 Paris-La Défense, France.

The Guarantor's legal entity identifier (LEI) is O2RNE8IBXP4R0TD8PU41.

Further information on the Guarantor can be found in particular in section 5.2. Specific risks relating to the Guarantor can be found in section 2.2.

For more information about the Guarantee, see Section 5.1.

1.3. Overview of the Securities

The Securities are bearer bonds under German law within the meaning of § 793 of the German Civil Code (BGB).

The Securities grant the investor, subject to the occurrence of a particular event, the right to require the Issuer to pay a Redemption Amount.

In this context, the payment or occurrence of certain events depends to a large extent on an underlying to which the Securities relate. Under this programme, the following assets are considered as underlyings: indices, precious metals and futures contracts.

The Securities hardly differ in their structure and functioning. In principle, Securityholders participate during the term of the Securities in positive as well as negative price developments of the respective underlying.

The Securities could be issued with limited term (the "**Limited Secured Tracker Certificates**") or unlimited term (the "**Unlimited Secured Tracker Certificates**").

In particular, the Redemption Amount of the Securities depends on the market value, level or price of the relevant underlying on the relevant Valuation Date. Depending on the performance of the underlying, an investor may lose all or part of its invested amount.

The occurrence of certain events may result in an early termination of the Security and a total loss to the investor.

There is no interest on the Securities. In any case, the Securities will be paid out in cash, provided that the payment is made. There is no physical delivery of the Underlying.

The conditions applicable to a Security on a case-by-case basis shall be determined by the Issuer in the final terms of the Securities.

Further information on the Securities can be found in section 6 and, specifically, on their functioning, in section 7. Specific risks related to the securities can be found in section 2.3.

An investment in these Securities is only suitable for investors if they are familiar with the nature of those Securities. Interested investors should be aware of all the risks associated with the purchase of the Securities. Investors should therefore have sufficient knowledge and/or experience with the Securities, their functioning and dependence on the Underlying.

1.4. Overview of the Offer and Trading

The Securities issued by the Issuer will be underwritten by Société Générale ("**Offeror**") on the basis of a general underwriting agreement. The Offeror will offer the Securities to potential investors.

For the Securities, admission to trading on a regulated market and/or multilateral trading facility within the European Economic Area may be applied for. However, the Securities may also be offered without being admitted to trading.

Further information on the offer can be found in particular in section 6.7; more information on trading the Securities can be found in section 6.8.

2. RISK FACTORS

The following section is divided into risk factors related to the Group (Section 2.1.), risk factors related to the Issuer and the Guarantor (Section 2.2.) and risks arising from the nature of the Securities (Section 2.3.). Each of these sections lists the risk factors in categories and subcategories.

The Issuer assessed each risk taking into account the negative effects and the likelihood of occurrence and used this assessment as a measure of the materiality of the risks.

The two most important risks for each category are **highlighted by a grey frame**. The risk factors listed below in a category are not listed according to their materiality.

The measure of the materiality of the risks in relation to the Issuer and the Guarantor is set out accordingly in the Registration Document of the Issuer and the Guarantor incorporated by reference into this Base Prospectus. For the risks associated with the Security, materiality depends to a large extent on the parameters set out in the Final Terms. Examples of such parameters are the Underlying, the Calculation Fee and Collateral Fee. These parameters determine both the probability of occurrence of a particular event and the associated risk, as well as the extent of the impact on the security upon occurrence of the risk. In each case, the Issuer makes a statement below, which puts the probability of occurrence in relation to possible effects. The probability of occurrence is compared to the respective risk event in the individual risk factors (e.g. the greater... the more likely it is). The impact of the occurrence of the described risk is then assessed by the Issuer, for example, by describing a possible partial or even total loss or other loss of the capital amount used by the investor or an expiration of the Security.

The risks described below may occur individually or together. They can mutually reinforce their effects.

Important Note: Both here and in the following sections, the "**Capital Amount**" (purchase price) paid for the purchase includes all other costs associated with the purchase.

2.1. Risk Factors relating to the Group

The risks relating to the Société Générale Group are incorporated by reference and forms part of this Base Prospectus (see section "3.6. Information incorporated in this Base Prospectus by reference", "3.6.2. Guarantor").

2.2. Risk Factors relating to the Issuer and the Guarantor

2.2.1. Factors that may affect SG Issuer's ability, as Issuer, to fulfil its obligations under the Securities

SG Issuer's activity consists inter alia in issuing debt securities and the funds collected are systematically deposited with Société Générale in the form of either term loans or swap contracts and pursuant to which SG Issuer will receive from Société Générale the amounts due under the Securities. SG Issuer's ability to make payments under the Securities will therefore depend primarily on the performance of its obligations by Société Générale under such hedging transactions entered into between SG Issuer and Société Générale.

If SG Issuer defaults or goes bankrupt, as a result of the limited recourse clause on SG Issuer included in the terms and conditions of the Securities, the Securityholders have no recourse against SG Issuer and any amount due and unpaid by SG Issuer must be claimed against Société Générale as Guarantor.

If the resolution authorities take structural bail-in measures in accordance with the regulations relating to the recovery and resolution of credit institutions and investment firms, against securities issued by SG Issuer (statutory bail-in) then the investment of the Securityholders may be reduced to zero, converted into equity (shares) or debt securities or be subject to a maturity postponement and in such case the obligations of Société Générale as Guarantor shall be adjusted to such reduction, conversion

or postponement. Their investment is not covered by any guarantee or indemnity system. Investors in the Securities may therefore lose parts of their investment or their entire investment (**risk of total loss**).

2.2.2. Risks resulting from the Issuer's dependency on Société Générale

Société Générale will act as the Guarantor of the Securities issued by SG Issuer and also as provider of hedging instruments to the Issuer. As a result, investors will be exposed not only to the credit risk of Société Générale but also to operational risks arising from the lack of independence of Société Générale, in assuming its duties and obligations as the Guarantor and provider of the hedging instruments. Whilst compliance procedures require effective segregation of duties and responsibilities between the relevant divisions within the Guarantor, the possibility of conflicts of interest arising cannot be wholly eliminated.

The Group provides a full array of capital market products and advisory services worldwide including the issuance of "structured securities" where the amounts due under the Securities are linked to the performance of underlying assets, and may possess or acquire material and/or confidential information about the underlying assets and/or the reference entities which is not public knowledge and which are or could be important to the Securities.

Such business activities and such material and/or confidential information may cause consequences adverse to the Securityholders. The Issuers, the Guarantor and any other member of the Group have no obligation to disclose such information about such underlying assets or the obligors to which they relate or the reference entities.

The Calculation Agent and the Paying Agents may be all part of the Group. A deterioration of Société Générale's credit risk would have a negative impact on the obligations of each of the entities listed above in relation to the Securities. If one of these entities does not respect its obligations towards the relevant Issuer and/or the Guarantor, this could have a negative impact on the Securityholders.

2.2.3. Factors that may affect Société Générale's ability as Guarantor to fulfil its obligations under the Securities

Société Générale unconditionally and irrevocably guarantees the payment of all amounts due under the Securities by SG Issuer and as a result the Securityholders are exposed to the credit risk of Société Générale as Guarantor. Société Générale's credit ratings are an assessment of its ability to honour its commitments. Consequently, any actual or anticipated downgrades of Société Générale's credit ratings may affect the market value of the Securities.

2.2.4. Risk relating to the Issuer substitution

Société Générale or SG Issuer may be replaced by each other or by any subsidiary or any other third party as principal obligor in respect of the Securities without the consent of the relevant Securityholders; provided certain conditions are satisfied (inter alia no withholding tax triggered by the substitution, guarantee by Société Générale to be maintained as the case may be). Any such substitution may impact the value of the Securities.

2.3. Risks arising from the nature of the Securities

2.3.1. Risks relating directly to the structure of the Securities.

This section sets out the specific risks associated with the purchase of Securities.

A feature common to all of the Securities issued under this Base Prospectus is that the Securityholder may incur a **total loss** of the purchase price paid. The Securityholders of all Securities also bear the **risk of loss**, because the Securities are **not capital-protected** and do **provide for no or only a small minimum repayment**.

(a) Risk factors relating to the Underlying Component

Investors should note in particular that the daily changes in the Underlying (meaning the change between two immediately consecutive Reference Prices of the Underlying) influence the Underlying Component and thus the net present value (the "**NPV**") and the value of the Security, i.e. the stronger the price of an Underlying falls on a trading day, the lower the NPV on that trading day and vice versa. If the price of the Underlying of the Security falls significantly, the value of the Underlying Component and thus the NPV fall to a very low value. This can lead to **losses** for the investor.

(b) Risk factors relating to the Fee Component

The Calculation Fee and the Collateral Fee reflects, respectively, the hypothetical costs that would be incurred in tracking the performance of the NPV and the cost that would be incurred by the Issuer (and/or its affiliates) if it were to borrow the Collateral Asset. The Calculation Agent shall determine the Calculation Fee in its reasonable discretion (§ 317 BGB (German Civil Code)). The investor should note, that (i) a Calculation Fee for the administration and calculation of the NPV for each calendar day is deducted from the value of the NPV when calculating the NPV and (ii) a Collateral Fee is deducted from the value of the NPV when calculating the NPV. **In general, the deduction of the Calculation Fee and the Collateral Fee leads to a reduction of the NPV and the value of the Secured Tracker Certificates.**

(c) Risks relating to the call for redemption

The effectiveness of the call for redemption depends on the submission of a Redemption Notice and the delivery of the Securities to the Paying Agent. The exact conditions for calling for redemption effectively are laid down in the terms and conditions. Risk: If these conditions are met at a later point in time, the Valuation Date will also be postponed and, if the call for a redemption is only possible on specific dates, the Securityholder must wait until the next date for a call of redemption. Where the number of Securities to be called for redemption exceeds the figure specified in the Redemption Notice, the excess Securities shall be transferred back at the expense of the Securityholder.

If a certain minimum number of Securities needs to be called for redemption, holders who do not have the required minimum number are either forced to sell their securities or buy more, with transaction costs in both cases incurred.

(d) Risks relating to a missing term in the case of Unlimited Secured Tracker Certificates

The Unlimited Secured Tracker Certificates do not have a limited term. Securityholders must therefore sell or call for redemption their Secured Tracker Certificates in order to realise their financial value. Market participants must be found who are prepared to purchase the Secured Tracker Certificates at an appropriate price. If there are no such market participants, the value of the Securities may not be realized. In this case the investor may suffer a loss.

(e) Discontinuation of the calculation in the case of Secured Tracker Certificates relating to Futures Contracts

The calculation of the NPV is discontinued if an Observation Price of the relevant futures contract falls to or below 0 (zero). The **lower** an Observation Price, the **greater** the probability that the calculation will be discontinued. In this case, the NPV is 0 (zero) and the investor suffers a **total loss**.

2.3.2. Exchange rate risks in connection with the Securities

(a) Impairment of the Security due to exchange rate changes

Securityholders may face currency risks if the price or Underlying is expressed in a different currency than the Issue Currency and the amounts payable has to be converted into the Issue Currency on an exchange rate which is not already predetermined at issue (non quanto). Exchange rates are determined by supply and demand on the international foreign exchange markets. Exchange rates are affected by general economic factors, speculative activity and actions by governments and central banks. These may even include legal controls and restrictions on foreign exchange transactions. Exchange rates are therefore subject to significant fluctuations. Securityholders bear the risk, where applicable, that unfavourable developments on the foreign exchange market may reduce the value of the Securities and increase the **risk of loss**. This can lead to **losses** at the investor.

(b) Impairment of the price of the Underlying due to exchange rate changes

Securityholders may also be exposed to currency risks if the price of the Underlying is expressed in a currency ("**Foreign Currency**") other than the Issue Currency and then converted into the Issue Currency. Thus, the Reference Price is subject not only to the price risk of the Underlying, but also to exchange rate risk. Thus, an unfavourable performance of the Foreign Currency against the Issue Currency could cancel out a positive performance of the Underlying. Result: Although the price of the Underlying in the Foreign Currency has risen, the value of the price of the Underlying in the Issue Currency decreases and thus also the value of the Security due to an unfavourable development on the foreign exchange market. The more negative the currency ratio develops, the greater the investor's loss (assuming that the Underlying does not change in the exchange rate in Foreign Currency). This can lead to **losses** up to **total losses** at the investor.

2.3.3. Risks relating to the collateralization

(a) Risks relating to the Collateral Assets

(1) No guarantee that the Collateral Assets will be sufficient

There is no guarantee that the Collateral Assets will be sufficient to ensure that, following enforcement of a Pledge Agreement, the amounts available for distribution or the value of the Collateral Assets available to be delivered will be sufficient to pay all amounts due to Securityholders in respect of the relevant Securities. In addition, Collateral Percentage may be lower than 100%. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts.

(2) Value of assets lower than required collateral value

The value of the assets used as collateral value can be three per cent lower than the required collateral value. This tolerance threshold amplifies most of the risks associated with Securities described herein and in particular the risk that following enforcement of a Pledge Agreement, the amounts available for distribution or the value of the Collateral Assets available to be delivered by the Security Trustee or the Security Agent will not be sufficient to pay all amounts due to Securityholders in respect of the relevant Securities. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts.

(3) Lack of diversification of the Collateral Assets

In case of low diversification of the Collateral Assets in a Collateral Pool pursuant to the Eligibility Criteria and the Collateral Rules, any depreciation in the value of such assets in the period between the most recent Collateral Test Date and the realisation of the Collateral Assets will have a proportionally larger impact on any shortfall as the amount recovered in respect of the Collateral Assets on their sale will be dependent on the then current market value of a smaller range of Collateral Assets. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts".

(4) "Haircut" applied to Collateral Assets

The level(s) of Haircut specified in the applicable Final Terms is intended to reflect the risk of a depreciation in the value of Collateral Assets in the period between the most recent Collateral Test Date and the date on which such Collateral Assets may be realised. Investors should note that the value of a Collateral Asset may change over time and the Haircut applied to the Collateral Assets may become outdated and may not provide suitable protection against a potential depreciation in value of the relevant Collateral Asset. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts".

(5) Illiquid Collateral Assets

Certain of the Collateral Assets may be illiquid and not easily or not at all realisable in certain market circumstances or can only be sold at a discounted value. In that case, investors may receive the delivery of the Collateral Assets as if Physical Delivery of Collateral Assets were applicable in relation thereto. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts".

(b) Risk of Acceleration Event and Enforcement of Security

A Securityholder is only entitled to send a Collateral Enforcement Notice if neither SG Issuer nor the Guarantor has paid all amounts due to such Securityholder within a period of three Collateral Business Days following the occurrence of the relevant Securites Acceleration Event.

During the three Collateral Business Days period there may be a depreciation in the value of the relevant Collateral Assets, thus reducing the amount available to satisfy the claims of Securityholders upon realisation of the Collateral Assets. In addition, the Collateral Assets may suffer a fall in value between the time at which the Collateral Enforcement Notice is sent by a Securityholder and the time at which the Collateral Assets are realised in full or, where Physical Delivery of Collateral Assets is applicable, delivered. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts".

(c) Risk arising of the frequency of Collateral Test Dates

The lower the frequency of the periodic Collateral Test Dates specified in the applicable Final Terms and hence the greater the period of time between each such periodic Collateral Test Date (or even in the absence of any Collateral Test Date) the more likely it is that upon enforcement of the relevant Pledge Agreement, the proceeds of enforcement that a Securityholder will receive or, where Physical Delivery of Collateral Assets is applicable, the value of the Collateral Assets delivered, will be less than the amounts due to Securityholders in respect of the relevant Securities. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts".

(d) Risk arising of the correlation between the value of the Collateral Assets and the creditworthiness of SG Issuer and the Guarantor

In the event that there is a positive correlation between the value of the Collateral Assets and the creditworthiness of SG Issuer and the Guarantor, the value of the Collateral Assets may vary in the same way as the creditworthiness of SG Issuer and the Guarantor.

A default by SG Issuer and/or the Guarantor in relation to their obligations under the Securities may be associated with a fall in the value of Collateral Assets securing such Securities.

The value of Collateral Assets required to be posted in the Collateral Pool will be based on the Security Market Value which takes into account SG Issuer's and the Guarantor's creditworthiness whereas, following an Event of Default, the Market Value determined by the Calculation Agent (which determines the claim that a holder of Non-Waived Securities has on SG Issuer and/or the Guarantor), will not take into account SG Issuer's or the Guarantor's creditworthiness and will not decrease following such Event of Default. As a result, the claim of the Securityholders against the Issuer/Guarantor may be significantly

higher than the value of the Collateral Assets. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts”.

(e) Risk due to the difference between the aggregate nominal value of the Non-Waived-Securities and Market Value following an event of default for the Nominal Value Type of Collateralisation

When pursuant to the applicable Final Terms the value of the Collateral Assets required to be posted in the Collateral Pool is based on the aggregate nominal value of the Securities, the value of such Collateral Assets will not follow the Market Value of the Securities, consequently following the occurrence of an Event of Default, the amount of Collateral Assets may be significantly lower than the claim on SG Issuer and/or the Guarantor. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts”.

(f) Risk due to the subordination of Securityholders to payment of expenses and other payments

Following the enforcement of security, the rights of holders of Non-Waived Securities to be paid amounts from the proceeds of such enforcement and the realisation of the related Collateral Assets or, where Physical Delivery of Collateral Assets is applicable, to be delivered Collateral Assets, will be subordinated to and therefore rank behind claims relating to any amounts payable to Secured Parties ranking prior to the holders of Non-Waived Securities in accordance with the relevant order of priority and any rights of preference existing by operation of law. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts”.

(g) Risk of a delay in the realisation of the Collateral Assets in the event of the insolvency of the Issuer, the Security Trustee, the Security Agent and/or the Collateral Custodian

In the event of the insolvency of SG Issuer, the Security Trustee, the Security Agent or the Collateral Custodian, the realisation of the Collateral Assets may be delayed either by the appointment of an insolvency administrator or other insolvency official in relation to SG Issuer, the Security Trustee, the Security Agent or the Collateral Custodian or by measures ordered by a competent court. Such delay could adversely affect the position of the Securityholders in the event of a depreciation in the value of the Collateral Assets during such period.

The Collateral Custodian, the Disposal Agent, the Substitute Paying Agent, the Security Trustee and the Security Agent are (unless otherwise specified in the applicable Final Terms) part of the same group and in the event of the insolvency of one entity it is possible that another entity may also be insolvent. Such circumstances may lead to a delay in the realisation of the Collateral Assets. However, the agreements in which such entities are nominated will contain provisions permitting their replacement. In that case (i.e. shortfall, outdated haircut, physical delivery etc.), the Securityholders will still have a claim against the Guarantor for any unpaid amounts”.

2.3.4. Risks arising from the Underlying to which the Securities are linked

The performance of the Securities depends to a large degree on the expected and actual performance of the Underlying.

The link to an Underlying entails risks that may have an adverse effect on the value of the Securities. In particular, the choice of Underlying by the Issuer is not based on its estimates of the future performance of the Underlying selected.

(a) Risk of fluctuations in the value of the Underlying

(aa) Dependence of payments under the security on the Underlying

Securityholders are affected by fluctuations in the value of the Underlying. These may have an adverse impact on the value of the Securities.

If investors purchase a Security with an Underlying, they also bear the risks associated with the Underlying as Securityholders. In particular, they bear the risk of fluctuations in the value of the Underlying. The fluctuations in the value of the Underlying depend on a variety of factors: Corporate actions or economic events relating to the business of the Underlying (e.g. deterioration of the results of a public corporation (*Aktiengesellschaft*)), general economic factors and speculative activities. It is therefore not possible to make reliable statements about the future performance of the Underlying for the Securities. In particular, the performance of an Underlying in the past does not represent a guarantee of its future performance. The selection of an Underlying is not based on the expectations or estimates of the Issuer with respect to the future performance of the Underlying selected. Securityholders are therefore not able to predict in advance the repayment for the Securities that they can expect in the future. If the value of the Underlying has fallen, Securityholders may suffer substantial losses (up to a **total loss**) on the repayment of the Securities or the early termination of the Securities.

(bb) Dependence of the value of the security on the underlying (in the case of a sale)

The same applies to sales of the Securities. The critical factor in this case is the value of the Underlying at the time of sale. If the value of the Underlying has fallen between the purchase and sale of the Securities, the Securityholders may incur a significant loss. If the Underlying is worthless on the sale of the Security, the Securityholders may even suffer a **total loss**.

(cc) Risks relating to limited information with respect to the Underlying

Information about the Underlying may not be publicly available or available only to a limited extent. Securityholders may therefore have no access or only limited access to detailed information about the respective Underlying. This may apply to the current price of the Underlying as well as the past and future performance of the Underlying and of its volatility. Such an investor information deficit can have such a negative impact that negative developments can be anticipated by the investor too late or not at all. The less information an investor has about an Underlying, the higher the probability that that risk can arise. Should such risk materialise, this may result in a **total or partial loss** of the Capital Amount invested in each case for Securityholders.

(b) Risks relating to Indices as the Underlying

(aa) Dependence of the value fluctuation of the Index

If investors invest in Securities with an Index as the Underlying, they bear similar risks as in the case of a direct investment in that Index or a direct investment in the constituents of the relevant Index.

The value of an index is calculated on the basis of the value of its constituents. Changes in the prices of the index constituents, the composition of the index and other factors affecting the index constituents are reflected in the level of the index. Changes in the level of the index in turn directly affect the value of the Securities. Securityholders therefore bear the risk that changes in the index level may have an adverse impact on the return on an investment in these Securities. Fluctuations in the value of one index constituent may be reinforced by fluctuations in the value other index constituents. This may trigger or intensify a decline in the level of the index. In such cases, there is a risk that the risks associated with the securities and identified in section 2.3.1 may be more likely to occur. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(bb) Termination of an Index

An index used as an Underlying may not be available for the entire term of the Securities. The Securityholder therefore bears the risk, that the index may be discontinued, replaced or may be calculated in future by the Issuer itself. In these or other circumstances specified in the Final Terms, the Securities may also be terminated by the Issuer. In such cases, the Redemption Amount may be less than the capital invested and a **risk of loss** for investors may arise.

(cc) Concentration risk

The index serving as the Underlying may only replicate the performance of assets in particular countries or particular sectors. In this event, Securityholders are exposed to concentration risk. This will be the case, for example, if the constituents of an index consist solely of shares from a particular country. Generally, unfavourable economic performance in that country may have a negative impact on the level of the index. This will then also affect the value of the Securities linked to the index. The same applies if an index is composed of shares of companies in the same industry sector. In this case, unfavourable economic developments in the sector will normally also have a negative effect on the value of the Securities. In such cases, there is a risk that the risks associated with the securities and identified in section 2.3.1 may be more likely to occur. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(dd) No influence of the Issuer on the index

The Issuer has no influence on the index serving as the Underlying for the Securities issued by the Issuer. The index is compiled and calculated by the respective Index Administrator regardless of the Securities. The Issuer therefore has no influence on the method of calculating, determining and publishing the index. It is also not involved in decisions about modifying the index or ceasing to calculate the index. The Securityholder bears the risk that the methods of calculation applied to the index may be altered or modified by the index administrator in a way which (negatively) affects the payment to the Securityholders. In addition, the issuer may make adjustments in accordance with the terms and conditions or, if necessary, terminate the Securities in an extraordinary manner. The Securityholder is at risk that the measures described may adversely affect the value of the securities and that the risks associated with the securities and indicated in section 2.3.1 may occur with a higher probability. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(ee) Currency risk contained in the index

The Securityholder bears the risk that index constituents may be traded in different currencies and therefore be subject to differing currency effects. This applies in particular to indices focusing on more than one country or industry sector. It may also be the case that index constituents are first of all translated from one currency into the relevant currency for the calculation of the index. This applies, for example, if an index is calculated in euros but the index constituents consist of shares traded in euros, Swiss francs and US dollars. The Securityholders are exposed to different currency and exchange-rate risks in these circumstances. An unfavourable development in the exchange rates of a currency in this context may have an adverse effect on the index constituent traded in that currency. The Securityholder thus bears the risk that a lower or higher index level may make the risks associated with the securities and indicated in section 2.3.1 more likely to occur. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(ff) Adverse effects of fees on the index level

Index concepts for the calculation of an index may provide that fees are payable to the index administrator for the calculation of the index or in the event of changes to the composition of the index. Fees of this nature are normally provided for if the functions of the Issuer and of the index administrator are performed by the same company. Most of the indices are in any event designed by the Issuer and replicate an investment strategy developed by the Issuer. They then generally serve as the Underlying for a single issue or a limited number of issues of Securities.

Fees of this sort reduce the level of the index used as the Underlying. Securityholders therefore bear the risk that these negative effects may be reflected in the performance of the relevant Security. Consequently, there is a higher probability that the risks associated with the securities and indicated in section 2.3.1 will occur. If such risks were realised, the consequence for the Securityholder could be the loss of the respective Capital Amount invested.

(gg) Risks relating to indices that are new or not generally recognised

The following should be noted in the case of indices that are new developed and do not have historical data or are not generally recognised or indices which serve as the Underlying only for a specific Security: Their composition and calculation may be subject to a lower degree of transparency than in the case of generally recognised and established indices. In some cases, other information about the index may also not be available to the same extent. Moreover, subjective criteria may play a significantly greater role in the composition of such indices. This may lead to higher fluctuations in the value of the index level and therefore the risk listed in section 2.3.4 (b) (aa) is more likely to arise. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(c) Risks relating to Precious Metals as the Underlying

(aa) Dependence on the development of the price of the Precious Metals

If investors invest in Securities with a Precious Metal as the Underlying, they bear similar risks as in the case of a direct investment in that Precious Metal.

The performance of Securities linked to Precious Metals (e.g. gold, silver) depends on the development of the price of the respective Precious Metal. The development of the price of a Precious Metal may be affected by the following factors: supply and demand, speculation, production bottlenecks, delivery difficulties, insufficient market participants, political unrest, economic crises, political risks (export restrictions, war, terrorism), unfavourable weather conditions and natural disasters. In such cases, there is a risk that the risks associated with the securities and identified in section 2.3.1 may be more likely to occur. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(bb) Volatility and Illiquidity

Prices of precious metals are subject to greater fluctuations and precious metal markets may be less liquid than, for instance, equities markets. Changes in supply and demand may therefore have a greater impact on prices and volatilities. Another characteristic of markets for precious metals is that they have only a small number of active market participants. This increases the risk of speculative activity and price distortions. In such cases, there is a risk that the risks associated with the securities and identified in section 2.3.1 may be more likely to occur. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(cc) Political risks

Precious metals are frequently extracted in emerging markets to meet demand from industrial nations. However, the political and economic situation in emerging markets is usually considerably less stable than in the industrialised countries. Emerging markets are more exposed to the risks of rapid political change and economic setbacks. Investor confidence may be shaken by political crises. This can negatively affect the prices of precious metals in turn. War or armed conflict in particular may change the supply of and demand for certain precious metals. In addition, it is possible that industrialised countries may impose an embargo on the export and import of precious metals. This may have a direct or indirect negatively impact on the price of the precious metal used as the Underlying. The value of the Securities may also be negatively affected as a result and the risks identified in section 2.3.1 may be more likely to occur. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(d) Risks relating to Futures Contracts as the Underlying

(aa) Dependency of price fluctuations of the reference value underlying the Futures-Contract

If investors invest in Securities with a Futures Contract as the Underlying, they bear similar risks as in the case of a direct investment in that futures contract.

The value of the futures contract usually depends directly on the price of the reference value underlying the futures contract. In particular, commodities (so-called commodity futures), indices or bonds can be used as reference values. Individual risks with regard to the reference values are mentioned below:

In the case of commodity futures as Underlying, specific risks associated with the relevant commodities (e.g. oil, gas, aluminium, coffee, orange juice, copper or uranium) may arise which are often related to the risks presented in section (e) on precious metals. In the case of agricultural raw materials as commodities, cyclical pattern of supply and demand can result in significant fluctuations in prices. Unfavourable weather conditions and natural disasters can have a negative impact over the long term on the delivery of specific commodities for the whole year. A supply crisis of this nature may result in significant and unpredictable fluctuations in prices.

In the case of futures contracts on indices, the risks listed in Section 2.2.3 (c) of indices may occur and negatively affect the price of the futures contract as the Underlying of a Security.

In the case of futures contracts on bonds, the Securityholders are also exposed to the risk of insolvency of the issuer of the respective bond(s) underlying the futures contract. If the issuer of a bond underlying a futures contract fails to fulfil its obligations in connection with the relevant bond, the price for the futures contracts falls.

The realisation of the risks associated with these benchmarks may have a negative impact on the price of the futures contract. As a result, the value of the securities can be negatively affected and the risks shown in section 2.3.1 may occur with a higher probability. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(bb) Expiry dates and Roll-over

Since every futures contract has a specific expiry date, the terms and conditions may provide that the Issuer will replace the futures contract stipulated as the Underlying in the terms and conditions at a time specified in the terms and conditions, with a futures contract that, apart from a later expiry date, has the same contract specifications as the original Underlying futures contract ("**Roll-over**"). This can lead to losses up to the **total loss** of the respective Capital Amount invested.

(cc) Futures price may differ significantly from the cash price of the asset underlying the futures contract

As a result of the particular characteristics of futures trading, market phases may occur in trading in futures contracts, during which (against the expectation of the investors) there is **no** close correlation between the development of the price of the futures contract and the development of the cash price of the asset underlying the futures contract. Moreover, there may be market phases in which the price behaviour of the futures contract on the futures market is **uncorrelated** with the price behaviour of the asset on the cash market. There is therefore a risk that (contrary to the investor's expectations) the price of the futures contract does not develop in the same way as the cash price of the asset underlying the futures contract. If the price of the futures contract develops negatively as a result, the risks identified in section 2.3.1 may occur. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

2.3.5. Risks relating to the pricing and tradability of the Securities

(a) Market price risks

During the term of the Securities, the price of the Securities may vary significantly. This applies since the price of the securities depends not only on the creditworthiness of the Issuer and of the Guarantor, but also essentially on the value of the Underlying and the design of the Security (see in particular the 2.3.1 and 2.3.2.). This may result in the value of the Securities falling below the Capital Amount paid by for the purchase of the Securities.

If Securityholders sell their Securities, they must take account that the sale proceeds generated in any particular case may be substantially lower than the Capital Amount paid by the Securityholder for the purchase of the Securities.

As the performance of the Securities is not certain at the time of their purchase due to their dependence on the performance of the Underlying and the structure of the Security, investors will have to bear any **losses** in value during the term. The more negative the value of the securities, the greater the investor's loss.

(b) Liquidity risks

Investors bear the risk that there will not be a liquid market for trading in the Securities, due to the structured component of the Securities and their dependence on the Underlying. This means that they may not be able to sell the Securities at a time of their choosing or are forced to sell at a later date at potentially lower prices.

A listing of the Securities on an exchange can never be guaranteed. If a listing does not exist, purchases and sales of the Securities are significantly difficult or in practice impossible. Even if the Securities are listed, the derivative structure of the Securities may result in low turnover on the respective exchange, which makes it difficult to sell the Securities at a favourable price and, as a result, create an illiquid market for the Securities.

If investors are forced to sell the Securities in an illiquid market, there is a risk of a small value for them to be redeemed and to suffer a corresponding **loss**. The more illiquid the market, the more likely it is that the prices raised do not reflect the actual value of the Securities.

(c) Determination of secondary market prices for the Securities / pricing risks

Securityholders bear the risk that they may not be able to sell the Securities at a particular time or at a particular price, since the Securities are structured securities and, as a result, the formation of prices in the secondary market is different compared to plain bonds.

Thus, in normal market conditions, Société Générale (the "**Market Maker**") regularly quotes buying and selling prices for the Securities ("**Market Making**"). The Market Maker may also be an affiliated company of Société Générale or another financial institution. However, the Market Maker does not guarantee that the prices it quotes are appropriate. Equally, the Market Maker provides no guarantee that prices will be available for the Securities at all times during their entire term.

The Market Maker may also change the method it uses to determine the prices quoted at any time in its discretion. For example, the Market Maker may modify its calculation model and/or increase or reduce the bid/offer spread. Moreover, in the event of market disruptions or technical problems, the availability of the electronic trading system used may be restricted or suspended. In the case of abnormal market conditions or extreme price fluctuations on the securities markets, the Market Maker will not generally provide bid and offer prices. Securityholders therefore bear the risk that in some circumstances they will have no quoted price for their Securities. This means that Securityholders will not be able to sell their Securities in the market at an appropriate price in all situations.

The prices set by the market maker may therefore differ significantly from the fair or economically expected value of the Securities. In addition, the Market Maker can change the method by which he sets the prices set at any time. For example, it can widen or decrease the spread between bid and ask prices.

The opening hours of a market for the Securities frequently differ from the opening hours of the market for the respective Underlying. In this event, the Market Maker may have to estimate the price of the Underlying to be able to determine the price of the relevant Security. These estimates may turn out to be incorrect and have unfavourable consequences for the Securityholders.

Investors should also note: The issue size of the Securities specified in the Final Terms cannot be used as an indication of the volume of Securities actually issued or outstanding. In consequence, no conclusions can be drawn from the issue size specified about the liquidity of the Securities for the purposes of possible trading transactions.

Due to the specific structure of the Securities and the resulting complex pricing, an investor is highly dependent on the price formed by the Market Maker in the event of a sale of the Securities. In all these cases described in this section, there may be a **loss** on the part of the investor.

(d) Risks from potential conflicts of interest

(aa) Further transactions

The Issuer and its affiliated companies may pursue interests that do not take into account the interests of the Securityholders or may conflict with them. This may occur in connection with carrying out further transactions, business relationships with the issuer of the Underlying or the exercise of other functions.

The Issuer and its affiliated companies are active on a daily basis in the international and German securities, foreign exchange, credit derivatives and commodity markets. They may therefore enter into transactions directly or indirectly related to the Securities for their own account or for the account of clients. In addition, the Issuer may conclude transactions relating to the respective Underlying. This applies in particular to the conclusion of so-called hedging transactions in relation to the Securities, in particular the hedging of the risk to Issuer from the derivative component of the Securities (i.e. the dependence of the securities on the underlying). Such transactions or hedging transactions may have a negative impact on the performance of the Underlying. They may also adversely affect the value and/or the tradability of the Securities. In this context, the Issuer may pursue economic interests that conflict with the interests of the investors.

The value of the Securities may also be affected by the unwinding of some or all of these transaction and hedging transactions, respectively.

The Issuer and its affiliated companies may buy and sell Securities for its own account or for the account of third parties and may issue additional Securities. These transactions may reduce the value of the Securities. The launching of further, competing products on the market may adversely affect the value of the Securities. Due to the impairment of the Securities, the investor may suffer a **loss** on the sale of the Securities. The greater the impairment of the Securities, the greater the loss of the investor.

(bb) Business relationships

The Issuer and its affiliated companies may have a business relationship with the issuer of the Underlying. A business relationship of this kind may consist of advisory and trading activities, for example. The Issuer may take actions in this context which it considers appropriate to safeguard its own interests arising from this business relationship. In so doing, the Issuer is not obliged to have regard to the impact on the Securities or on the Securityholders.

The Issuer may enter into or participate in transactions which influence the value of the Underlying. Since the value of the Securities is materially dependent on the fluctuations in the value of the Underlying, such business relationships with the issuer of the Underlying may adversely affect the value of the Securities and the investor may suffer a **loss**. The greater the impairment of the Securities, the greater the loss of the investor.

(cc) Information relating to the Underlying

The Issuer and its affiliated companies may possess or obtain material, non-public information about the Underlying. The Issuer and its affiliated companies are under no obligation to disclose information of this nature to the Securityholders. Securityholders could therefore make wrong decisions in relation to the Securities which could result in a loss, up to and including the **total loss** of the Capital Amount invested, as a result of missing, incomplete or false information about the Underlying. The greater the impairment of the Underlying, the greater the investor's loss.

2.3.6. Risks arising from the taxation of the Securities or the Underlying

(a) Risks relating to taxation of the Securities

Tax laws and practice are subject to changes, which may take effect retroactively. This can have a negative effect on the value of the Securities and/or the market price of the Securities. The tax treatment of the Securities may change in comparison with their tax treatment at the date of purchase of the Securities, for example. Therefore, due to the specific dependence of the Securities on the performance of the Underlying, Securityholders therefore bear the risk that they may make an incorrect assessment of the taxation of the income resulting from the purchase of the Securities. But there is also a possibility that the taxation of the income resulting from the purchase of the Securities may change to the disadvantage of the Securityholders.

Securityholders bear the risk of changes in the specific tax treatment of the Securities. This may negatively affect the value of the Securities and the investor may suffer a corresponding **loss**. The stronger this negative effect, the greater the loss.

(b) Risks relating to the retention of U.S. withholding tax (FATCA)

It is not expected that the reporting regime and potential withholding tax imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (**FATCA**) will affect the amount of any payment received by an applicable clearing system. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It may also affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. To the extent any withholding tax under FATCA applies, Securityholders will not receive any payment in respect of this deduction to **compensate** for the deduction. This is because neither the Issuer nor any paying agent or any other person is under an obligation to make any such compensatory payment to the Securityholders. The Securityholders may therefore receive lower payments than expected in such circumstances.

(c) Risks relating to the retention of U.S. withholding tax (Section 871(m))

U.S. Treasury regulations issued under Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "**Section 871(m) Regulations**") generally impose a 30% withholding tax on dividend equivalents paid or deemed paid (within the meaning of the relevant Section 871(m) Regulations) to a non-United States holder (a "**Non-U.S. Holder**") with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities ("**U.S. Underlying Equities**"). Certain Securities under this Base Prospectus are therefore potentially subject to U.S. withholding tax when referencing U.S. Underlying Equities.

For such Securities, if U.S. source dividend payments are made in respect of U.S. Underlying Equities, the Issuer intends to take any applicable tax obligation under Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "**IRC**") into account in its ongoing adjustment of the price of the Underlying by withholding at a rate of 30 percent on any dividend equivalents. Because many central securities depositories do not provide identifying information regarding the beneficial owners of any such Security, and because the Issuer does not expect the clearing system(s) clearing the Securities will provide such information, the Issuer is unable to apply any reduced rates of withholding to the Securities. If the beneficial owner of a payment is entitled to a reduced rate of withholding under a treaty, this may result in over-withholding and the beneficial owner may not be able to obtain a refund. The Issuer will not be able to assist in any treaty or refund claims. Non-U.S. investors entitled to a reduced rate of withholding should consult their tax advisers regarding an investment in the Securities.

2.3.7. Risks arising from adjustments and terminations

(a) Adjustments

Securityholders bear the risk that the Securities may be adjusted.

The terms and conditions specify certain events on the occurrence of which the terms and conditions may be adjusted.

Such so-called extraordinary events or adjustment events arise in particular with regard to events which have a specific impact on the underlying of the securities. For example, the following events should be mentioned: the determination of the listing of Underlying, the elimination of the Underlying or the elimination of the possibility for the Issuer to enter into the necessary hedging transactions in relation to the Underlying. However, adjustments to the security itself may also occur, such as legislative changes or tax events that have a negative impact on security. In the event that the terms and conditions are adjusted, the Securities continue to exist. These measures may result in a **loss** for the investor. The more negative the impact of the adjustments, the higher the potential loss for the investor.

(b) Termination risk

Securityholders bear the risk that the Securities may be terminated.

Such extraordinary termination may arise in particular where an adjustment of the terms and conditions as a result of an extraordinary event is not appropriate in relation to the Underlying (see the execution of this risk in section (a)). This risk arises in particular from the derivative structure of the Securities and the dependence of the Securities on the Underlying.

In the event of the termination of the Securities, the Extraordinary Termination Amount may be very low in some cases. It could be lower than the amount the Securityholders would have received if the extraordinary termination of the Securities had not taken place. Securityholders will incur a loss if the Extraordinary Termination Amount is less than the Capital Amount used to acquire the Securities. A **total loss** is also possible. The worse the performance of the security, the greater the risk of an investor's loss in the event of the termination of the Security.

(c) Reinvestment risk

Furthermore, Securityholders bear the risk that the Securities may be terminated at a time that is unfavourable from their point of view and therefore repaid early (reinvestment risk). This risk arises as a result of the termination risk presented in section (b). If the Securityholders may be expecting a further increase in the price of the Securities at precisely that time, this expectation may therefore no longer be fulfilled due to the ending of its term. In addition, in the event of such an extraordinary termination, the amount to be paid by the issuer may be reinvested on less favourable market terms than applied at the date the Securities were purchased. This may mean that the overall return to be achieved may be significantly lower than the return expected on the Securities terminated. The investor may therefore suffer a **loss** in the reinvestment of the amount paid under the Securities. The less favourable the conditions of a reinvestment, the greater the loss.

3. GENERAL INFORMATION

3.1. Form and Publication

This document constitutes a base prospectus within the meaning of Article 8 (6) of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC as amended (the "**Prospectus Regulation**") (the "**Base Prospectus**" or the "**Prospectus**").

Final terms and conditions of the offer ("**Final Terms**") will be prepared for the Securities in each case. They contain the information that cannot be determined until the respective date of issue of Securities under this Base Prospectus.

This Base Prospectus shall be read together with

- any supplements to the Base Prospectus,
- all other documents, the information in which is incorporated by reference into this Base Prospectus (see "3.6. Information incorporated in this Base Prospectus by reference"); as well as
- the respective Final Terms prepared in connection with the Securities

The Base Prospectus including any supplements and the respective Final Terms will be available in printed form at Société Générale S.A., Frankfurt am Main branch, Neue Mainzer Straße 46-50, 60311 Frankfurt am Main for free distribution to the public. They will also be available for download on the website (www.warrants.com; the Base Prospectus and the supplements under Legal Documents / Prospectuses; the Final Terms are accessible by entering the relevant ISIN into the search field of the country-specific website and then under Documentation).

3.2. Approval and Notification

Potential Investors should note that

- (a) this Base Prospectus has been approved by the Luxembourg financial sector supervisory authority (*Commission de Surveillance du Secteur Financier*) ("**CSSF**"), as competent authority under Regulation (EU) 2017/1129;
- (b) CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by Regulation (EU) 2017/1129;
- (c) such approval should not be considered as an endorsement of the quality of the Securities that are the subject of this Base Prospectus and not be considered as an endorsement of the Issuer and the Guarantor that are the subject of this Base Prospectus;
- (d) investors should make their own assessment as to the suitability of investing in the Securities;
- (e) by approving this Base Prospectus, in accordance with Article 6 (4) of the Luxembourg Law on prospectuses for securities dated 16 July 2019, as amended ("**Luxembourg Prospectus Law**"), the CSSF shall give no undertaking as to the economic and financial soundness of the operation or the quality and solvency of the Issuer.

Except the links in the section "3.6. Information incorporated in this Base Prospectus by reference", the information on websites which are referred to in this Base Prospectus by means of hyperlinks is not part of the Base Prospectus and has not been reviewed or approved by CSSF.

The Base Prospectus has been notified to the competent authority in the French Republic, Italian Republic, Kingdom of Belgium, Kingdom of Denmark, Kingdom of Norway, Kingdom of Sweden, Kingdom of Spain, Portuguese Republic, Republic of Finland and the Netherlands.

The Base Prospectus was approved on 07 January 2022 and is valid until 07 January 2023. During this period, the Issuer will publish a supplement to the Base Prospectus without undue delay in accordance with Article 23 (1) of the Prospectus Regulation, if significant new factors arise in relation to the information contained in the Base Prospectus or if material mistakes or material inaccuracies are noted. **The obligation to prepare a supplement in the event of significant new factors, material mistakes or material inaccuracies no longer applies if the Base Prospectus has become invalid.**

3.3. Responsibility Statement

SG Issuer as the Issuer (with its registered office in Luxembourg, Grand Duchy of Luxembourg) and Société Générale as the Offeror and Guarantor (with its registered office in Paris, France), assume responsibility for the information contained in the Base Prospectus in accordance with Article 11 (1) sentence 2 of the Prospectus Regulation in conjunction with Article 5 (1) Luxembourg Prospectus Law. They declare that, to the best of their knowledge, the information contained in the Base Prospectus is in accordance with the facts and that the Base Prospectus makes no omission likely to affect its import.

In connection with the issuance, sale and offer of the Securities, no person is authorised to disseminate any information or make any statements that are not contained in the Base Prospectus. The Issuer and the Offeror and Guarantor accept no responsibility of any kind for such information or statements from third parties that are not included in the Base Prospectus. Neither the Base Prospectus nor any other information provided in connection with the Securities should be regarded as a recommendation by the Issuer or the Offeror and Guarantor to purchase the Securities.

The information contained in the Base Prospectus relates to the date of the Base Prospectus and may be incorrect and/or incomplete as a result of changes that have occurred subsequently. The Issuer will publish significant new factors, material mistakes or material inaccuracies relating to the information contained in this Base Prospectus in accordance with Article 23 (1) of the Prospectus Regulation. Publication will be made in a supplement to the Base Prospectus. The Supplements are available as described in the last paragraph of Section "3.1. Form and Publication".

3.4. Final Terms

For Securities that are offered publicly and/or admitted to trading on a regulated or other comparable market under this Base Prospectus, the Final Terms are prepared using the form of the Final Terms (see section "10. Form of Final Terms"). These Final Terms contains the applicable terms to an individual issue. Additionally the filled-out terms and conditions will be attached to the Final Terms.

In the event of an increase of the issue size of the Securities, the additional Securities or series of Securities, as described in the previous paragraph, will be documented using the form of the Final Terms and the terms and conditions of this Base Prospectus. The additional Securities will form a single series economically with the Securities already issued (corresponding to the increased issue size), i.e. they have the same ISIN and the same features.

3.5. Third-Party Information

The Issuer confirms that information provided by third parties included in this Base Prospectus has been reproduced correctly and that – as far as the Issuer is aware and was able to deduce from the information published by that third party – no facts have been omitted that would render the information reproduced incorrect or misleading.

In addition, reference may be made in the respective Final Terms to third-party websites with respect to information relating to the Underlying. As a source of information for the description of the Underlying, these websites may then refer in turn to websites whose contents may be used as a source of

information for the description of the Underlying and as information about the development of the price of the Underlying. The Issuer gives no guarantee of the correctness of the contents and completeness of the data presented on these third-party websites. The information on the third-party websites are not part of this Base Prospectus unless this information were incorporated by reference in this Base Prospectus.

3.8. Consent to the use of the Base Prospectus

The Issuer grants each financial intermediary - if and to the extent this is so expressed in the respective Final Terms - the authorisation to use this Base Prospectus and the Final Terms for the duration of the validity of the Base Prospectus, for the purposes of the subsequent resale or final placement of the Securities by financial intermediaries. The Issuer accepts responsibility for the contents of this Base Prospectus and the Final Terms also with respect to subsequent resale or final placement of the Securities by any financial intermediaries which was given consent to use this Base Prospectus and the Final Terms.

Such consent may, as set out in the respective Final Terms, be granted on an individual basis to one or more particular financial intermediaries or on a general basis to any financial intermediary. The offer period within which subsequent resale or final placement of the Securities by financial intermediaries can be made is valid during the period set out in the respective Final Terms and only as long as the Base Prospectus and the Final Terms are valid in accordance with Article 9 of the Prospectus Regulation as implemented in the relevant member state of the European Economic Area (each a "**Member State**") ("**EEA**").

The consent may be granted for subsequent resale or final placements of the Securities by the financial intermediaries only in such Member States to which this Base Prospectus has been notified and as set out in the respective Final Terms. These are currently the following countries:

- French Republic
- Italian Republic
- Kingdom of Belgium
- Kingdom of Denmark
- Kingdom of Norway
- Kingdom of Sweden
- Kingdom of Spain
- Portuguese Republic
- Republic of Finland

- The Netherlands

Consent is subject to the condition that

- when using the Prospectus, each financial intermediary ensures that it complies with all applicable legal requirements and only offers the Securities subject to the selling restrictions in force; and
- consent to the use of the Prospectus is not withdrawn.

There are no further conditions.

If the consent is granted on a general basis, any financial intermediary using the Base Prospectus shall state on its website that it uses the Base Prospectus in accordance with this consent and the conditions attached to this consent.

If the consent is granted on an individual basis, any information about financial intermediaries that was not available at the date of the Base Prospectus or the delivery of the respective Final Terms will be published on the website www.warrants.com.

In the event of an offer being made by a financial intermediary, the financial intermediary will provide information to investors on the terms and conditions of the offer at the time the offer is made.

4.11.3. Articles of association

The corporate objects clause described in article 3 of SG Issuer's articles of association provides that, in compliance with the applicable laws and regulations, SG Issuer's purpose is:

- to issue debt securities, bonds, certificates, warrants (option coupons) and other debt securities or acknowledgements of debt or financial securities, whether or not accompanied by guarantees, with any type of underlying security including, without limitation, corporate stock, any other capital security or security other than capital, index, currency, exchange rate, interest rate, dividend, credit risk, fund unit, investment company stock, term deposit, life insurance contract, loan, merchandise, term contract, option, warrant or option coupons, allocated or unallocated precious metals, unit of account, basket or any other factor or any other type of underlying securities or any combination of the latter;
- to purchase, hold, dispose of, lend, loan or resell, by any means, including in particular the use of trusts, in trust or repurchase, any type of assets whatever their names and forms and whether or not accompanied by guarantees, in particular financial instruments (financial securities: stocks, fund units, bonds, certificates, warrants or option coupons – or financial contracts: swaps, options or other), or any other debt securities, acknowledgements or debts or capital securities;
- to receive or issue money loans (including loans convertible into shares of the Issuer) - within the group of companies to which the Issuer belongs – and to supply guarantees in any form (actual guarantees such as pledges, securities, mortgages or other - personal guarantees or any other

form of guarantee), for their own account, for the account of the group of companies to which the Issuer belongs or on behalf of third parties.

SG Issuer may carry out any industrial, commercial, financial, transferable or non-transferable transactions that are connected, directly or indirectly, in whole or in part, to its corporate purpose.

SG Issuer may carry out its corporate purpose directly or indirectly in its own name or on behalf of third parties, solely or in association, by conducting all transactions so as to favour the aforementioned purpose of the company or that of companies in which it has interests.

As a general rule, SG Issuer may take any control or supervisory measures and conduct all transactions that may appear useful to it in fulfilling its purpose; SG Issuer may also hold administrative mandates in other companies in Luxembourg or abroad, whether remunerated or not.

4.12. Material Contracts

There are no material contracts (other than contracts entered into in the ordinary course of SG Issuer's business) which could result in any Group member an obligation or entitlement that is material to SG Issuer's ability to meet its obligations to Securityholders in respect of the Securities.

4.13. Credit Ratings

Unsecured Senior debt of SG Issuer is rated "A" by S&P Global Ratings Europe Limited: An S&P Global Ratings Europe Limited issue credit rating is a forward-looking opinion on a scale of "AAA" to "D" about the creditworthiness of an obligor with respect to a specific financial obligation, a specific class of financial obligations, or a specific financial program. The opinion reflects S&P Global Ratings Europe Limited's view of the obligor's capacity and willingness to meet its financial commitments as they come due, and may assess terms, such as collateral security and subordination, which could affect ultimate payment in the event of default. An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong. The ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

S&P Global Ratings Europe Limited is established in the European Union and is registered under the CRA Regulation and is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority's website (www.esma.europa.eu/supervision/credit-rating-agencies/risk). Rating and Investment Information, Inc. is established in Japan. It has not been registered in accordance with the CRA Regulation.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

5. DESCRIPTION OF THE GUARANTEE

5.1. Nature and scope of the Guarantee provided for the Securities

The Guarantor irrevocably and unconditionally guarantees to each Securityholder that, if for any reason the Issuer fails to pay any sum or amount payable by it to the Securityholders in respect of a Security (including any premiums or other amounts of whatever nature or additional amounts that become payable under the Securities), as soon as those payments become due under one of the Securities referred to, the Guarantor will pay to the Securityholders on demand the amount payable by the Issuer to the Securityholders as if the payment had been made by the Issuer in accordance with the Terms and Conditions of the Securities.

All references in this Guarantee to sums or amounts payable by the Issuer shall (if applicable) be to such sums and/or amounts as directly reduced, and/or in the case of conversion into equity, as reduced by the amount of such conversion, and/or otherwise modified from time to time resulting from the application of a Bail-in Power (as defined in the Terms and Conditions (Product-Specific Terms)) by any Relevant Resolution Authority (as defined in the Terms and Conditions (Product-Specific Terms)).

This Guarantee constitutes a separate obligation and is independent of the validity and enforceability of the obligations of the Issuer under the Securities. The intent and purpose of this Guarantee is to ensure that the Securityholders, under all circumstances and regardless of any factual and legal circumstances, motivations and considerations on the basis of which the Issuer may fail to effect payment, shall receive principal and interest and all other amounts payable pursuant to the Terms and Conditions of the relevant Securities on the due dates in accordance with the relevant Terms and Conditions.

All payments in respect of the Securities or under the Guarantee shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any tax jurisdiction, unless such withholding or deduction is required by law. In the event that any amounts are required to be deducted or withheld for or on behalf of any tax jurisdiction, the Issuer or, as the case may be, the Guarantor shall (except in certain circumstances), to the fullest extent permitted by law, pay such additional amounts as may be necessary, in order that each Securityholder after deduction or withholding of the relevant taxes, duties, assessments or governmental charges, will receive the full amount then due and payable, as more fully described in the Terms and Conditions. No additional amounts shall be paid for any withholding or deduction made pursuant to FATCA or Section 871(m) IRC.

The Guarantor's obligations under this Guarantee shall remain in full force and effect until all amounts due under the Securities have been paid in full. Any amendments to this Guarantee prejudicial to the interests of the Securityholders shall only apply to Securities issued after the date those amendments were made. Furthermore, these obligations of the Guarantor are additional to, and not instead of, the Securities or other guarantees or indemnities existing at the relevant time in favour of a Securityholder, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever.

The obligations of the Guarantor under this Guarantee constitute direct, unconditional, unsecured and unsubordinated obligations of the Guarantor, ranking as senior preferred obligations in accordance with Article L. 613-30-3 I 3° of the French Monetary and Financial Code ("*Code monétaire et financier*"). Such obligations rank *pari passu* without priority among themselves and:

- (i) *pari passu* with all other direct, unconditional, unsecured and unsubordinated obligations of the Guarantor outstanding as of the date of the entry into force of law no. 2016-1691 (the "**Law**") on 11 December 2016;
- (ii) *pari passu* with all other present or future direct, unconditional, unsecured and senior preferred obligations (as provided for in Article L. 613-30-3 I-3° of the French Monetary and Financial Code) of the Guarantor issued after the date of the entry into force of the Law on 11 December 2016;
- (iii) junior to all present or future obligations of the Guarantor benefiting from statutorily preferred exceptions; and

- (iv) senior to all present and future senior non-preferred obligations (as provided for in Article L. 613-30-3 I-4° of the French Monetary and Financial Code) of the Guarantor.

The Guarantor may deposit principal or interest not claimed by the Securityholders within twelve months after the Relevant Date with the Local Court (*Amtsgericht*) in Frankfurt am Main, even if such Securityholders are not in default of acceptance of payment. To the extent that such deposit is made, and the right of withdrawal is waived, the claims of the Securityholders against the Issuer shall cease. Relevant Date in this context refers to the date on which the respective payment first becomes due or, if the amounts payable have not been received in full by the calculation agent on or before that due date, the date on which those amounts have been received in full and notice has been given to the Securityholders in this respect in accordance with the Terms and Conditions.

This Guarantee is governed by and shall be construed in accordance with German law.

Place of performance shall be Frankfurt am Main, Federal Republic of Germany.

The Guarantor hereby appoints Société Générale, Frankfurt Branch as its authorised agent for receipt of service (authorised recipient) in Germany with respect to all proceedings and undertakes to appoint another person as its authorised recipient for this purpose in the event that Société Générale, Frankfurt Branch no longer acts as the authorised recipient.

To the extent permitted by law, the Regional Court (*Landgericht*) in Frankfurt am Main shall have exclusive jurisdiction over all actions or other legal proceedings arising as a result of, or in connection with, this Guarantee.

07 January 2022 Société Générale

5.2. Information about the Guarantor

The description and the financial information of the Guarantor for the purpose of this Base Prospectus were incorporated by reference and form part of this Base Prospectus (see section "3.6. Information incorporated in this Base Prospectus by reference", "3.6.2. Guarantor").

5.2.1. Trend Information

Save as disclosed in section 8 (pages 10 – 14) of the First Supplement to the Registration Document Société Générale, there has been no material adverse change in the prospects of the Guarantor and its consolidated subsidiaries (taken as a whole) since 31 December 2020 and there has been no significant change in the financial performance of the group since 30 June 2021.

The First Supplement to the Registration Document Société Générale is incorporated by reference and form part of this Base Prospectus (see section "3.6. Information incorporated in this Base Prospectus by reference", "3.6.2. Guarantor").

5.2.2. Legal and Arbitration Proceedings

Save as disclosed in the section "3.8 Litigation" (pages 63 – 67) of the Second Amendment to the Universal Registration Document 2021, for a period covering the last twelve months, there have been no legal or arbitration proceedings relating to claims or amounts which are material in the context of the issue of Securities thereunder to which Societe Generale is a party nor, to the best of the knowledge and belief of Societe Generale, are there any pending or threatened governmental, legal or arbitration proceedings relating to such claims or amounts which are material in the context of the issue of Securities thereunder which would in either case jeopardise the Guarantor's ability to discharge its obligations in respect of the Securities.

The Second Amendment to the Universal Registration Document 2021 is incorporated by reference and form part of this Base Prospectus (see section "3.6. Information incorporated in this Base Prospectus by reference", "3.6.2. Guarantor").

5.2.3. Significant Changes in the financial position of Société Générale Group

There has been no significant change in the financial position of Société Générale Group since 30 June 2021.

6. GENERAL INFORMATION ON THE SECURITIES

6.1. Information about the Securities

6.1.1. General

(a) Type and class of the Securities

The Securities are bearer bonds in accordance with German law within the meaning of § 793 of the German Civil Code (*Bürgerliches Gesetzbuch*, "**BGB**").

The Securities and the rights and duties of the investors and of the Issuer shall be based on the laws of the Federal Republic of Germany. The constituting of the Securities may be governed by the laws of the jurisdiction of the clearing system as set out in the respective Final Terms.

The Securities may be structured in different variants. An explanation of the functionality of the different variants can be found in section "7. Description of the Securities" of this Base Prospectus. This section describes in particular how the value of the Securities is affected by the value of the Underlying.

The features of the Securities and further information on the individual issues can only be determined shortly prior to publication of the Final Terms. They will be specified and published in the Final Terms.

This includes the following information, for example:

- International Securities Identification Number (ISIN), other securities identification numbers and/or exchange codes;
- issue date (payment date);
- issue size;
- issue currency; and
- the Underlying

No equity securities in the sense of Article 2 (b) of the Prospectus Regulation as according Article 8 (1) of the Prospectus Regulation will be issued/offered under this Base Prospectus. No securities will be issued under this Base Prospectus which would fall under Article 19 (3) of the Prospectus Regulation.

A Form of the Final Terms can be found in section "10. Form of Final Terms" of this Base Prospectus.

(b) Form of the Securities / Transferability

The Securities will be either issued in dematerialised form or represented by a global bearer security (the "**Global Security**") without interest coupons. If so provided in the Final Terms, the Securities will be initially represented by a temporary global bearer security (the "**Temporary Global Security**"). This will then be exchanged from the exchange date specified for a permanent global bearer security (the "**Permanent Global Security**") following the presentation of certificates of non-U.S. ownership. The Temporary Global Security and the Permanent Global Security are referred to in the following as the "**Global Security**".

The Securities in dematerialized form will be cleared through either

- Central de Valores Mobiliários managed by Interbolsa - Sociedade Gestora de Sistemas de Liquidação e de Sistemas Centralizados de Valores Mobiliários, S.A., Avenida da Boavista, 3433 4100-138 Porto – Portugal;
- Euroclear Finland Oy, PL 1110, Urho Kekkosen katu 5C, 00101 Helsinki, Finland;

- Euroclear Sweden AB, P.O. Box 191, Klarabergsviadukten 63, 101 23 Stockholm, Kingdom of Sweden;
- Monte Titoli S.p.A., Piazza degli Affari 6, 20123 Milano, Italian Republic;
- Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V., Herengracht 459-469, 1017 BS Amsterdam, the Netherlands (Euroclear Nederland);

- Norwegian Central Securities Depository VPS ASA, P.O. Box 4, 0051, Oslo, Norway;
- Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A., Unipersonal "IBERCLEAR"; or
- VP SECURITIES A/S, Weidekampsgade 14, P.O. Box 4040, 2300 Copenhagen S, Denmark; (each a "**Clearing System**").

The Global Security will be deposited with either

- C.I.K. NV/SA, Avenue de Schiphol 6, 1140 Brussels, Kingdom of Belgium (Euroclear Belgium);
- Central de Valores Mobiliários managed by Interbolsa - Sociedade Gestora de Sistemas de Liquidação e de Sistemas Centralizados de Valores Mobiliários, S.A., Avenida da Boavista, 3433 4100-138 Porto – Portugal;
- Clearstream Banking AG, Frankfurt, Mergenthalerallee 61, 65760 Eschborn, Federal Republic of Germany;
- Clearstream Banking S.A., 42 Avenue JF Kennedy, 1855 Luxembourg, Grand Duchy of Luxembourg;
- Clearstream Banking S.A., 42 Avenue JF Kennedy, L-1855 Luxembourg, together with Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, 1210 Brussels, Kingdom of Belgium; or
- Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V., Herengracht 459-469, 1017 BS Amsterdam, the Netherlands (Euroclear Nederland); (each a "**Clearing System**").

The Clearing System is specified in the Final Terms.

The Securities are freely transferable as co-ownership rights in accordance with the applicable provisions of the Clearing System.

Definitive securities for the Securities will **not** be issued.

In the case of Securities in dematerialized form the Final Terms will provide the name and the address of the entity in charge for keeping the records.

(c) Status of the Securities

The Securities constitute direct, unconditional, secured, limited recourse and unsubordinated obligations of the Issuer. The Securities rank *pari passu* without any preference among themselves and (subject to such exceptions as from time to time exist under applicable law) at least *pari passu* with all other outstanding direct, unconditional, secured and unsubordinated obligations of the Issuer, present and future

(d) Guarantee

The payment and, where relevant, delivery obligations of the Issuer under the Terms and Conditions are guaranteed by an unconditional and irrevocable Guarantee of Société Générale, Paris, France.

(e) Limited Recourse

The Issuer also enters into hedging transactions relating to the Securities with the Guarantor. The respective hedging transaction is intended to cover the amount of any payments due under the Securities. The Issuer's payment obligations arising from the Securities are limited to the financial resources provided by the Guarantor in the context of the hedging transactions (limited recourse). The rights of the Securityholders under the Guarantee are not affected by the limited recourse, however, and the obligations of the Guarantor under the Guarantee are not limited; accordingly, all Securityholders shall continue to have the right to initiate judicial or other proceedings against the Guarantor or assert other claims against the Guarantor in order to enforce obligations due under the Guarantee, including in particular with respect to defaulted payments.

(f) Exercise of the Bail-in Power of the Relevant Resolution Authority on obligations of Société Générale

If the Relevant Resolution Authority (as defined below) exercises its Bail-in Power (as defined below) on obligations within the meaning of Article L 613-30-3 I-3 of the French Monetary and Financial Code (*Code monétaire et financier*) of the Guarantor ranking junior to the liabilities of the Guarantor which benefit from statutorily preferred exceptions in accordance with Article L 613-30-3 I 1° and 2° of the French Monetary and Financial Code and which do not constitute obligations within the meaning of L 613-30-3 I-4 of the French Monetary and Financial Code, and this exercise of the Bail-in Power results in the write-down or cancellation of all, or a portion, of the principal amount of those liabilities or of an outstanding amount payable in respect of, and/or interest on, those liabilities, and/or the conversion of all, or a portion, of the principal amount of those liabilities or of an outstanding amount payable in respect of, or interest on, those liabilities into shares or other securities or other liabilities of the Guarantor or of another person, including by means of a variation of the Terms and Conditions for the purpose of the exercise of such Bail-in Power, then

- the liabilities of the Issuer to the Securityholders under the Securities shall be limited and written down to the amounts of principal or interest that the Securityholders would have received, and/or the value of the shares or other securities or liabilities of the Guarantor or of another person that would have been delivered to the Securityholders if the Securities had been directly issued by the Guarantor itself and accordingly all of the liabilities under the Securities had been affected directly by the exercise of the Bail-in Power, and
- the Issuer shall be entitled, instead of payment by the Issuer, to require the Securityholders to demand payment of all, or a portion, of the amounts due under the Securities after the write-down and/or delivery of shares or other securities or other liabilities of the Guarantor or of another person following any conversion referred to under section (i) above, directly by the Guarantor under the Guarantee for the liabilities of the Issuer.

If and to the extent that the Issuer requires the Securityholders to demand payment and/or delivery directly by the Guarantor under the Guarantee for the liabilities of the Issuer, the liabilities of the Issuer under the Securities shall be deemed to have been extinguished. "**Bail-in Power**" means the legal power of cancellation, write-down or conversion existing from time to time in accordance with the laws, regulations, rules or provisions relating to the resolution of banks, banking groups, credit institutions and/or other investment firms domiciled in France that apply to the Guarantor (or its legal successors) in France, including, but not limited to, such laws, regulations, rules or provisions that have been implemented, approved or resolved in connection with a Directive of the European Union or a Regulation of the European Parliament and of the Council for the purpose of creating a framework for the recovery and resolution of credit institutions and investment firms and/or in connection with a French resolution system under the French Monetary and Financial Code, or other applicable laws or regulations as amended, or other laws and regulations under which liabilities of a bank, banking group, credit institution or investment firm or of one of their respective subsidiaries may be written down, cancelled and/or converted into shares or other securities or liabilities of the debtor or of another person.

The "**Relevant Resolution Authority**" is an authority entitled to exercise the Bail-in Power.

Following exercise of the Bail-in Power by the Relevant Resolution Authority, a repayment of the principal amount of the Securities or the payment of interest on the Securities (to the extent of the portion of the Securities affected by the exercise of the Bail-in Power) shall not become due and payable, unless such repayment or payment would also have been permitted to be made by the Guarantor under the laws and regulations applying at the time to payments on senior unsecured liabilities if the Guarantor itself had been the issuer of the Securities, and the Terms and Conditions of the Securities shall be deemed to be amended accordingly.

The write-down or amendment with respect to the Securities described above shall not constitute grounds for termination and the Terms and Conditions of the Securities shall continue to apply in relation to the remaining principal amount or outstanding amount payable in respect of the Securities, subject to any amendment of the amount of interest payable in order to reflect the write-down of the principal amount and other changes to the Terms and Conditions which the Relevant Resolution Authority may resolve in compliance with the applicable laws and regulations relating to the resolution of banks, banking groups, credit institutions and/or other investment firms domiciled in France.

(g) Payments under the Securities

Payments of amounts to the Securityholders shall be made on the relevant due date via the Clearing System specified in the Final Terms.

All taxes or charges that may be incurred in connection with the payment of the redemption amount shall be borne by the Securityholders. By making the payment to the Clearing System, the Issuer shall be released from its obligation under the Terms and Conditions.

(h) Calculation Agent

All calculations under the Securities shall be made by the calculation agent in accordance with the Terms and Conditions.

(i) Paying Agent

All payments under the Securities shall be made by the paying agent in accordance with the Terms and Conditions.

(j) Information about the Benchmarks Regulation with respect to the authorization of the Administrator

Amounts payable under these securities may be calculated with reference to one or more reference values (also referred to respectively as "**Benchmarks**") within the meaning of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 (the "**Benchmarks Regulation**"). The Final Terms will specify whether the Benchmark is provided by an Administrator which is included in the register of Administrators and Benchmarks ("**Benchmarks Register**") established and maintained by the European Securities and Markets Authority ("**ESMA**") in accordance with Article 36 of the Benchmarks Regulation. If the Administrator ("**Benchmark Administrator**") is included in the Benchmarks Register, the name of the Benchmark Administrator will also be listed in the Final Terms. In addition, the Final Terms will indicate whether further Benchmarks are provided by a Benchmark Administrator included in the Benchmarks Register. If this is the case, the name of the respective Benchmark Administrator will also be listed in the Final Terms.

6.1.2. Term and Termination

The term of the Securities can be either limited or unlimited.

The Issuer may terminate the Securities ordinarily in accordance with the Terms and Conditions.

The Issuer may terminate the Securities extraordinarily in accordance with the Terms and Conditions (e.g. on the occurrence of certain extraordinary events).

6.1.3. Description of the rights arising from the Securities

A description of the rights of the Securityholders under the Securities can be found in section "7. Description of the Securities".

In the event of so-called Adjustment Events or Extraordinary Events, however, the Issuer is entitled to adjust the Terms and Conditions and thus the rights of the Securityholders arising from the Securities. The adjustment shall be made in such a way as to maintain, as far as possible, the economic situation of the Securityholders under the Securities. The Adjustment Events are specified in the respective Terms and Conditions.

6.2. Interests of natural and legal persons involved in the issue/offer of the Securities

6.2.1. Further Transactions

The Issuer or companies affiliated to it are active on a daily basis in the international and German securities, foreign exchange, credit derivatives and commodity markets. They may therefore enter into transactions directly or indirectly related to the Securities for their own account or for the account of clients. In addition, the Issuer or companies affiliated to it may conclude transactions relating to the respective Underlying. When concluding these transactions, the Issuer or companies affiliated to it may act as if the Securities had not been issued.

In addition, the Issuer and companies affiliated to it may conclude transactions relating to the respective Underlying. Such transactions may have a negative impact on the performance of the Underlying. For the purpose of these transactions, the Issuer and companies affiliated to it may pursue economic interests which conflict with the interests of the investors.

They also include transactions entered into by the Issuer and companies affiliated to it in order to hedge their obligations arising from the Securities. The value of the Securities may also be affected by the unwinding of some or all of these hedging transactions.

The Issuer and companies affiliated to it may buy and sell Securities for their own account or for the account of third parties and may issue additional Securities.

6.2.2. Business Relationships

The Issuer and its affiliated companies may have a business relationship with the issuer of the Underlying. Examples of a business relationship of this kind include:

- the granting of a loan;
- custodian activities;
- activities in connection with managing risks; or
- advisory and trading activities.

This may adversely affect the value of the Securities.

The following applies in relation to the Securities: The Issuer and companies affiliated to it may take actions which they consider appropriate to safeguard their own interests arising from this business relationship. In so doing, the Issuer and companies affiliated to it are not obliged to have regard to the impact on the Securities or on the Securityholders.

The Issuer and companies affiliated to it may enter into or participate in transactions which influence the value of the Underlying. Such business relationships with the issuer of the Underlying may adversely affect the value of the Securities. This may result in a conflict of interest on the part of the Issuer.

6.2.3. Information relating to the Underlying

The Issuer and its affiliated companies may possess or obtain material, non-public information about the Underlying. The Issuer and its affiliated companies are under no obligation to disclose information of this nature to the Securityholders. Interested investors are therefore dependent on publicly available information for the purpose of analysing the respective Underlying.

6.2.4. Pricing

Société Générale or a company affiliated to it may act as market maker ("**Market Maker**") for the Securities.

The Market Maker is responsible for quoting prices for the Securities ("**Market Making**"). The prices are then not formed directly by supply and demand. This distinguishes pricing for the Securities from trading on an exchange where prices are based on supply and demand. However, the Securities may be admitted to trading on trading venues on which the prices are based on supply and demand and on the quotes made by the Market Maker.

Société Générale or its affiliated companies may also act as Market Maker for the Underlying.

Market Making may have a significant effect on the price of the Underlying and therefore also on the value of the Securities. The prices quoted by the Market Maker will not always be the same as the prices that would have developed from liquid trading on an exchange. Prices quoted by the Market Maker in the secondary market are determined on the basis of the fair value of the Securities. The fair value of the Securities depends on the value of the Underlying, among other factors.

The Market Maker sets the spread between the bid and offer prices. The bid price is the price at which the Market Maker buys the Securities. The offer price is the price at which the Market Maker sells the Securities. The spread depends both on supply and demand for the Securities and also on particular income considerations. Certain costs are deducted when pricing the Securities over their term. The costs are not always distributed equally over the term, however. Costs may be deducted from the fair value of the Securities in their entirety at an early date specified by the Market Maker. The prices quoted by the Market Maker may therefore differ significantly from the fair value or expected economic value of the Securities. Furthermore, the Market Maker may at any time modify the method it uses to determine the prices quoted. For example, it may increase or reduce the spread between the bid and offer prices.

Its function as Market Maker both for the Securities and possibly also for the Underlying does not constitute an obligation on the part of the Issuer towards the Securityholders. In both cases, the Issuer or its affiliated companies may therefore cease to act as Market Maker at any time.

6.3. Reasons for the offer of the Securities and use of proceeds

The Securities are being offered and the proceeds will be used solely for the purpose of generating profits in the context of the Issuer's general business activities. The estimated total costs of the respective issue/offer of the Securities and the estimated net proceeds will be published in the relevant Final Terms.

The Redemption Amounts will be calculated on the basis of a price of the Underlying defined in the Terms and Conditions, but the Issuer has no obligation to the investors to invest the proceeds from the issue of the Securities in the Underlying. Securityholders have no ownership rights in the Underlyings or their constituents. The Issuer is free to determine how the proceeds from the issue of the Securities are used.

6.4. Disclosure of resolutions relating to the Securities

The issue of Securities has been duly authorised by a resolution of the management board of SG Issuer dated 28 October 2021.

6.5. Factors affecting the tax treatment of any income from the Securities

The tax legislation of the Member State of the investor and the founding State of the issuer may have an impact on the income from the securities.

The Issuer accepts no responsibility for the deduction or payment of taxes at source. **Interested investors are urgently recommended to consult their tax advisers about taxation in particular cases.**

Withholding Tax in Luxembourg

The statements herein regarding withholding tax considerations in Luxembourg are based on the laws in force in the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in law.

The following information is of a general nature only, is not intended to be, nor should it be construed to be, legal or tax advice, and does not purport to be a comprehensive description of all the Luxembourg tax considerations which may be relevant to a decision to purchase, own or dispose of the Securities. The information contained herein is limited to Luxembourg withholding tax issues and prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject and as to their tax position, as a result of the purchase, ownership and disposal of the Securities.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present herein to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Non-resident holders of Securities issued by SG Issuer

Under Luxembourg general tax laws currently in force, there is no Luxembourg withholding tax on payments of principal, premium or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by non-resident holders of the Securities.

Resident holders of Securities issued by SG Issuer

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no Luxembourg withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by Luxembourg resident holders of the Securities.

Under the Relibi Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 %. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

6.6. Information about the Underlying

The rate, level or price of the respective Underlying of the Securities is the primary factor affecting the value of the Securities.

During the term of the Securities, Securityholders participate in principle in both positive and negative movements in the price of the respective Underlying.

In particular, the level of the Redemption Amount of the Securities depends on the rate, level or price of the Underlying on the relevant Valuation Date.

6.6.1. General description of the Underlying

The Securities described in the Base Prospectus may be linked to the performance of indices, precious metals or futures contracts.

Indices composed by the Issuer or any legal entity belonging to the group shall only be used if the Benchmark Administrator of the index is included in the Benchmarks Register.

The Securities are linked for this purpose to a single Underlying, as specified in the Final Terms, for example a single index.

The Underlying is published in the relevant Final Terms. Sources of further information, including whether or not that information is available free of charge, can also be found in the relevant Final Terms.

The Issuer does not intend to provide any further information about the Underlying or Underlyings after the issue of the Securities.

6.6.2. Disruption Events relating to the Underlying

Suspensions or restrictions of trading or other disruptions relating to the Underlying (as described in detail in the Final Terms in relation to the respective Underlying; respectively a "**Disruption Event**") may affect the price of the Underlying. A Disruption Event may also affect the calculation of the level of the Redemption Amount as a result. A Disruption Event occurs, for example, if the price of the Underlying cannot be determined on a Valuation Date. The consequence of such a Disruption Event may be that a substitute price is calculated for the relevant Underlying, for example. The specific provisions applicable to an Underlying to correct the effects of a Disruption Event are specified in the Terms and Conditions.

6.6.3. Adjustments to the Terms and Conditions due to events affecting the Underlying

Certain events may have a material impact on the determination of the price of the Underlying specified in the Terms and Conditions.

The following represent examples of adjustment events:

- the final discontinuation of the exchange listing of the Underlying;
- the discontinuation of the calculation or publication of an index; or
- other events which make it impossible to determine the Reference Price. They also include e.g. events which mean that the Underlying is no longer determined and published on a regular basis (respectively an "**Adjustment Event**").

If an Adjustment Event occurs, the adjustment rules provided for in the Terms and Conditions are applied. The definitions of Adjustment Events are specified in the Terms and Conditions.

6.7. Conditions for the offer of Securities

6.7.1. Offer of Securities

The Securities issued by the Issuer will be underwritten by Société Générale (legal entity identifier (LEI): O2RNE8IBXP4R0TD8PU41), telephone: +33 (0)1 42 14 20 00, domiciled in Paris, France) (the "**Offeror**") subject to an agreement dated 4 June 2021. The Offeror will offer the Securities to potential investors.

The applicable Final Terms will state whether or not the Securities will be publicly offered. The details of the offer and sale, in particular the relevant payment date, start of the offering, the offer jurisdiction(s), the relevant offer/issue volume as well as the relevant initial issue price with regard to each issue hereunder will be set out in the relevant Final Terms.

In the case of an offer of Securities during a subscription period which will be specified in the Final Terms any details of the offer (e.g. issue size) that will be determined at the end of the subscription period shall be published by the Issuer without delay at the end of the subscription period on the website as set out in the Final Terms. The Issuer may further provide for an offer and sale after the subscription period at a price which is subject to change. In this case the issue price will be determined continuously.

6.7.2. Potential Investors, Categories of Investor

The Securities may be offered to retail investors, institutional investors and/or other qualified investors, subject to the restrictions presented in section "8. Selling Restrictions".

The offer jurisdiction(s) for a public offer of the Securities will be stated in the respective Final Terms.

6.7.3. Issue Price of the Securities, Pricing

(a) Disclosure of the price at which the Securities are offered (Initial Issue Price)

The initial issue price per Security is normally stated in the Final Terms. The selling price or, in the case of continuous public offers, the continuous offer prices of the Securities are subsequently determined on an ongoing basis.

The initial offer price and, in the case of continuous public offers, the continuous offer prices of the Securities are based on the internal pricing models of Société Générale. In addition to a front-end fee and placement commission, the initial offer price may also include an expected margin that is not apparent to investors. This margin will be collected by Société Générale. In principle, this margin may include costs that Société Générale has incurred or is yet to incur, in particular costs for structuring the Securities, hedging risk, and selling the Securities. The Final Terms state the amount of the Issuer's costs included in the initial issue price for the Securities, where known to the Issuer.

Contractual partners of the persons or entities purchasing the Securities issued by the Issuer may receive benefits for selling those Securities. Such contractual partners may also receive any front-end fee charged. In addition, the contractual partners of the purchaser may receive benefits in the form of payments in kind for selling the Securities.

(b) Other costs and taxes that may be charged to the subscriber or purchaser

The Issuer and/or Offeror will not charge purchasers any costs other than the above issue, subscription and/or selling prices. Information on other costs and taxes that may be charged or levied by online banks, investors' own banks or the given stock exchange must be obtained from those sources.

6.7.4. Delivery of the Securities

The Securities will be delivered by depositing them in the Clearing System on the Payment Date specified in the respective Final Terms. Upon purchase after the Payment Date, the Securities will be delivered in accordance with applicable local market practice.

Definitive certificates for the Securities will not be issued.

6.8. Admission of the Securities to trading and trading rules

Application may be made to have the Securities admitted to trading on a regulated market or a multilateral trading facility ("MTF") (each within the meaning of Directive 2014/65/EU (MiFID II) in the European Economic Area ("EEA Trading Venue").

However, the Securities may be offered without being admitted to trading on an EEA Trading Venue.

6.8.1. Admission of the Securities to trading

The Final Terms will disclose any application or intention to apply for the Securities to be admitted to trading on an EEA Trading Venue. The Final Terms will also state the first date on which the Securities are or are expected to be admitted to trading, if known.

In addition, the Final Terms will disclose all EEA Trading Venues on which Securities of the same category are already admitted to trading.

The Final Terms will state any application or intention to apply for the Securities to be admitted to trading on another EEA Trading Venue, even as a potential secondary listing. In this case, the Final Terms will also name the respective trading venue and, if known, the date on which the Securities were or are expected to be included in trading on such market or trading system.

The Securities may be admitted to trading on the following EEA Trading Venues:

- Barcelona Stock Exchange*
- Borsa Italiana S.P.A. - ETFPlus*
- Euronext Access Paris
- Euronext Amsterdam N.V. *
- Euronext Brussels N.V./S.A. *

- Euronext Paris S.A. *
- Madrid Stock Exchange*
- MTF SeDeX
- Nordic MTF

Or on any other EEA Trading Venue as it will be specified in the Final Terms.

The trading venues asterisk in the above enumeration are regulated markets.

Even if the Offeror files the application for admission to trading, there is no guarantee that it will be granted. Nor is there a guarantee of active trading in the Securities. The Issuer is under no obligation to ensure that the Securities remain admitted to trading over their term.

6.8.2. Name and address of intermediaries in secondary trading

If the Issuer or a third party engaged by it can act as market maker for the Securities, that market maker will quote bid (buy) and ask (sell) prices under normal market conditions during the normal trading hours of the Securities in accordance with the rules and regulations of the given stock exchange for the purposes of securing liquidity for the respective Security. If the Issuer appoints intermediaries in secondary trading on a regulated market, the name and address of the respective institutions acting as intermediaries in secondary trading pursuant to a binding commitment will be published in the Final Terms, giving a description of the primary provisions of their commitment.

6.9. Post-Issuance Information

The Issuer does not intend to provide post-issuance information in relation to the Securities, unless the Terms and Conditions expressly provide for notices to be published in specific cases. This applies, for example, if adjustments are made. In such cases, the information will be published on the website(s) specified in the Final Terms or any respective successor website.

6.10. Credit Ratings of the Securities

The Securities described in the Base Prospectus are not rated.

7. DESCRIPTION OF THE SECURITIES

This section details the operation of the Securities that may be issued under the Base Prospectus.

7.1. General Information on Secured Tracker Certificates

The following descriptions of the Securities outline the functionality of the Secured Tracker Certificates. The relevant features of the Secured Tracker Certificates are given in the Terms and Conditions set out in the Final Terms.

7.1.1. Effect of the Underlying on the Performance of the Securities

The Secured Tracker Certificates are linked to an Underlying, which can be an index, a precious metal or a futures contract. The Underlying is specified in the Final Terms.

During their term, the price of the Securities depends on the performance of the respective Underlying.

However, a number of other factors influence the price of the Securities (for details see 7.2.2 below).

7.1.2. Redemption of the Secured Tracker Certificates

In the case of Unlimited Secured Tracker Certificates, the Securities, at no point in time, provide for automatic payment of the Redemption Amount evidenced by the Securities. In principle, payment of the Redemption Amount is subject to the condition that the Security in question has previously been called for redemption by the holder in accordance with the Terms and Conditions. The Redemption Date(s) are specified in the Final Terms and could be limited to specific dates (e.g. 1st day of each month, quarter or year). The Terms and Conditions also detail the procedure for effective call for redemption.

In the case of Limited Secured Tracker Certificates, the Securities are called for redemption automatically on the last day of their call period. Beside this, payment of the Redemption Amount is subject to the condition that the Security in question has previously been called for redemption by the holder in accordance with the Terms and Conditions. The Redemption Date(s) are specified in the Final Terms and could be limited to specific dates (e.g. 1st day of each month, quarter or year). The Terms and Conditions also detail the procedure for effective call for redemption.

What the Securityholder receives upon call for redemption depends on the NPV on the relevant Valuation Date, which is essentially determined by the Reference Price of the Underlying on the Valuation Date and any previously determined Reference Price, and any Calculation Fee and Collateral Fee applied.

The payment of the Redemption Amount is usually made within a period of between two and five Business Days after the Valuation Date. If on a Valuation Date no Reference Price of the Underlying is determined, the Valuation Date is postponed. The day may then also be postponed, on which the Redemption Amount is paid to the Securityholder.

7.1.3. Reference Price and Price of the Underlying

Each Reference Price determined during the term of the Security is the deciding factor in determining the amount of payments to Securityholders. The Final Terms specify which price of the Underlying is used as the Reference Price. For example, they may provide for the relevant Reference Price to be determined as the closing price of an index determined by the respective index sponsor specified in the Terms and Conditions.

7.1.4. Adjustments, Extraordinary Termination and Ordinary Termination

The Terms and Conditions of all Securities specify certain adjustment events whose occurrence may trigger an adjustment to the Terms and Conditions. The Issuer will adjust the Terms and Conditions in such manner that the economic position of the Securityholder is the same as before the adjustment event to the extent possible. The adjustment events depend on the type of Underlying.

Examples of adjustment events include the cessation of the Underlying or the discontinuation of its listing, changes in laws or taxation events. Another adjustment event may arise if the Issuer is no longer able to enter into the necessary hedges.

If it is not possible to adjust the Terms and Conditions, the Security is terminated at the Extraordinary Termination Amount. For example, no adjustment would be possible if pricing were to cease for a precious metal and no substitute were available.

In the case of "termination events", the Issuer is also entitled to terminate the Securities extraordinarily and to redeem them at the termination amount determined in accordance with the Terms and Conditions. The termination events are specified in the respective Terms and Conditions. These extraordinary termination rights will be exercised in the following cases, for example: Changes occur to the relevant underlying of the Securities which make it impossible in the opinion of the Calculation Agent to adjust the Terms and Conditions in a way which makes sense from a financial point of view.

In the event of extraordinary termination, the Securityholders lose all of their rights arising from the Securities, except for their claim to payment of the termination amount determined in accordance with the Terms and Conditions. There is even a risk that the termination amount paid will be equal to zero (0). In this event, the Securityholders will incur a total loss of the Capital Amount paid for the purchase of the Securities. The following is an example of such a case: The calculation of an index underlying the Securities is ceased and an economically comparable index is not available as a replacement or successor index. There is no question of making an adjustment to the Terms and Conditions in this case. The Issuer will therefore terminate the Security extraordinarily in this event. The Securityholders will suffer a total loss.

In addition, the Terms and Conditions provide for the possibility of an ordinary termination by the Issuer.

7.1.5. Currency Conversion

The Terms and Conditions of the Securities may contain provisions governing currency conversion. For example, the amounts payable in the Terms and Conditions may initially be expressed in a foreign currency and not the issue currency. In this event, these amounts are then converted into the issue currency on a Valuation Date at the relevant conversion rate specified in the Final Terms. The same applies to all other amounts payable in accordance with the Terms and Conditions that are initially expressed in a foreign currency (non-quanto).

However, the Terms and Conditions may specify a 1:1 conversion rate (e.g. EUR 1.00/USD 1.00) (quanto). In this case, the issue currency/foreign currency exchange rate on the Valuation Date is **irrelevant**.

7.2. Detailed Information on Secured Tracker Certificates

7.2.1. Features

The Unlimited Secured Tracker Certificates do not have a fixed term. That means, Secured Tracker Certificates are **not** called for redemption automatically on a defined date. Securityholders must call for redemption their Secured Tracker Certificates or sell them in order to realise their financial value.

The Limited Secured Tracker Certificates have a fixed term and are automatically called for redemption on the last day of the Call Period. Prior to this, Securityholders must call for redemption their Secured Tracker Certificates or sell them in order to realise their financial value.

7.2.2. Redemption

The Redemption Amount paid out to the Securityholder upon call for redemption depends on the NPV on the respective Valuation Date. The NPV is calculated on the basis of an Underlying Component and a Fee Component, whereby the Underlying Component is in turn determined by the Reference Price of the Underlying underlying the Security and each previously determined Reference Price.

(a) Underlying Component

In the NPV calculation, the Underlying Component reflects the purchase of the Underlying (long position). Thus, an increase in the price of the Underlying leads to an increase in the Underlying Component on a daily basis and vice versa.

(b) Fee Component

The Fee Component results from (i) an annual rate (Calculation Fee), which includes the hypothetical costs that would be incurred in tracking the performance of the NPV and (ii) an annual rate (Collateral Fee), which includes the costs that would be incurred by the Issuer (and/or its affiliates) if it were to borrow the Collateral Asset. The Calculation Fee and the Collateral Fee shall be determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB (German Civil Code)) by taking into account prevailing market conditions on each Business Day.

7.2.3. Discontinuation of the calculation of the NPV in the case of Secured Tracker Certificates relating to a Futures Contract

The calculation of the NPV is discontinued if an Observation Price of the relevant futures contract falls to or below 0 (zero). In this case the NPV is equal to 0 (zero). There is no further adjustment of the NPV.

8. SELLING RESTRICTIONS

8.1. Introduction

Aside from publishing and filing this Prospectus, any supplements and/or the respective Final Terms in the Grand Duchy of Luxembourg and in those countries where the Prospectus has been notified, the Issuer has not taken and will not take any action to permit the public offer of the Securities or their possession or the distribution of offering documents in relation to the Securities in a jurisdiction that requires specific action to be taken for that purpose.

The distribution of this Prospectus and the offer of the Securities may be subject to legal restrictions in certain jurisdictions. This may relate primarily to the offer, sale, holding and/or delivery of Securities as well as the distribution, publication and possession of the Prospectus. Persons who gain access to the Securities and/or the Prospectus are required to independently seek information on and comply with such restrictions.

The Securities and the Prospectus may only be distributed in a given jurisdiction if this complies with the laws of such jurisdiction and does not give rise to obligations on the part of the Issuer. In particular, the Prospectus may not be used by any person or entity for the purposes of an offer or advertisement (a) in a jurisdiction in which the offer or advertisement is not approved but where such approval is required, and/or (b) to or with respect to a person for whom such offer or advertisement is not lawful.

Neither the Base Prospectus nor any supplements nor the respective Final Terms represent an offer or an invitation to any person for the purchase of Securities and can in no way be regarded as a recommendation by the Issuer to purchase Securities.

8.2. European Economic Area

A public offer of the Securities may be made in a Member State in accordance with the following terms and conditions:

- after the date of publication of the Base Prospectus approved by the competent authority of that Member State or approved in another Member State and notified to the competent authority in that Member State, provided that
 - the Base Prospectus has been completed by the Final Terms providing for an offer subject to the obligation to publish a prospectus (non-exempt offer), in accordance with the Prospectus Regulation,
 - the non-exempt offer is only made in the period whose beginning and end are specified in the Base Prospectus or in the Final Terms, and
 - the Issuer has consented in writing to their use for the purposes of the non-exempt offer;
- at any time to persons who are qualified investors within the meaning of the Prospectus Regulation;
- at any time in any Member State to fewer than 150 natural or legal persons per Member State (who are not qualified investors within the meaning of the Prospectus Regulation); or
- at any time under any of the other circumstances specified in Article 1 (4) of the Prospectus Regulation.

None of the offers under the last three points may require the Issuer to publish a prospectus in accordance with Article 6 of the Prospectus Regulation or a supplement to a prospectus in accordance with Article 23 of the Prospectus Regulation.

For the purposes of these selling restrictions, the term "public offer of the Securities", when used in relation to Securities in a Member State, means a communication to persons in any form and by any means, presenting sufficient information on the terms of the offer and the securities to be offered, so as to enable an investor to decide to purchase or subscribe for those securities.

8.3. United Kingdom

All purchasers of the Securities acknowledge and agree that an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the United Kingdom Financial Services and Markets Act 2000 ("**FSMA**")) may only be communicated or caused to be communicated in connection with the issue or sale of the Securities in circumstances in which Section 21(1) FSMA does not apply to the Issuer.

The applicable provisions of the FSMA must be complied with in respect of any and all action taken in connection with the Securities that originates from or otherwise involves the United Kingdom

8.4. United States of America

The Securities and guarantees for these Securities have not been and will not be registered under the United States Securities Act of 1933 as amended (the "**Securities Act**") or the securities laws of any state of the United States or of its territories, nor has trading in the Securities been approved by the Commodity Futures Trading Commission ("**CFTC**") in accordance with the United States Commodity Exchange Act as amended (the "**CEA**"). No commodity pool operator has been or will be registered for the Issuer (or its legal successor) in accordance with the CEA and the CFTC rules established under the CEA (the "**CFTC Rules**"), and the Issuer is not and will not be registered as an investment company in accordance with the United States Investment Company Act of 1940 as amended and the rules and regulations promulgated thereunder (the "**Investment Company Act**"). The Securities are offered and sold pursuant to an exemption from the registration requirements of the Securities Act under Regulation S of the Securities Act (Regulation S). They may only be offered, sold, resold, pledged or otherwise transferred at any time as part of an offshore transaction (as defined in Regulation S) to, or for the account or benefit of persons who do not meet the definitions set out below:

- A a U.S. person as defined in Regulation S of the Securities Act (a "**U.S. Person as Defined in Regulation S**"), or within the meaning of the CEA, a CFTC Rule or guidelines proposed or promulgated under the CEA or an order proposed or promulgated under the CEA (for the avoidance of doubt, a U.S. person is any person who is not a "non-United States person" as defined in CFTC Rule 4.7(a)(1)(iv), however excluding, for the purposes of point (D) of CFTC Rule 4.7(a)(1)(iv), the exception for qualified eligible persons who are not U.S. persons) (a "**U.S. Person as Defined in the CEA**").
- B a U.S. person as defined in Section 7701(a)(30) of the U.S. Internal Revenue Code of 1986, as amended, with the exception of traders or other professional fiduciaries organised or registered in the United States and acting outside the United States for the benefit or account of a non-U.S. person in respect of a non-discretionary or similar account (other than an estate or trust) (a "**U.S. Person as Defined by the IRS**").

Each person or account being a U.S. Person as Defined in Regulation S, a U.S. Person as Defined in the CEA or a U.S. Person as Defined by the IRS is hereinafter referred to as a "**U.S. Person**". Each person or account not being a U.S. Person as defined in this document is hereinafter referred to as a "**Permitted Transferee**".

The Securities may not be legally or beneficially owned – either directly or indirectly – at any time by any person not being a Permitted Transferee.

BY PURCHASING THE SECURITIES, EACH PURCHASER WILL BE DEEMED OR REQUIRED TO HAVE AGREED TO THE FOREGOING RESTRICTIONS AND THE PROHIBITION ON RESELLING OR OTHERWISE TRANSFERRING THE SECURITIES HELD BY THEM, WITH THE EXCEPTION OF RESALE AND TRANSFER AS PART OF OFFSHORE TRANSACTIONS (AS DEFINED IN REGULATION S) OUTSIDE THE UNITED STATES TO PERSONS WHO ARE PERMITTED TRANSFEREES AS DEFINED ABOVE.

THE ISSUER, FIDUCIARY, INVESTMENT MANAGER, ADMINISTRATOR AND THE CUSTODIAN (WHERE APPLICABLE) OR THEIR AFFILIATED COMPANIES ARE NOT REQUIRED TO RECOGNISE ANY RESALE OR OTHER TRANSFER NOT COMPLIANT WITH THESE

RESTRICTIONS. TRANSFERS OF THE SECURITIES TO PERSONS WITHIN THE UNITED STATES OR TO U.S. PERSONS (AS DEFINED ABOVE) WILL BE VOID *AB INITIO*. THE ISSUER, FIDUCIARY, INVESTMENT MANAGER, ADMINISTRATOR AND THE CUSTODIAN (WHERE APPLICABLE) MAY DEMAND THAT PERSONS WITHIN THE UNITED STATES OR U.S. PERSONS (AS DEFINED ABOVE) IMMEDIATELY TRANSFER THE SECURITIES TO A PERMITTED TRANSFEREE. IF APPLICABLE, THE ISSUER OR FIDUCIARY (IN EACH CASE WHERE RELEVANT) MAY FURTHERMORE CONFISCATE THE SECURITIES FROM SUCH PERSONS FOR THE PURPOSES OF CANCELLING THEM.

9. TERMS AND CONDITIONS

The Terms and Conditions consist of the general terms of the Securities (the "**General Terms**"), the product-specific terms (the "**Product-Specific Terms**") and the secured-specific terms (the "**Secured-Specific Terms**") (together the "**Terms and Conditions**"). The Terms and Conditions in certain places contain options or a variety of possible options for a provision (indicated by square brackets or frames) or omissions (indicated by placeholder). The Final Terms provide the missing information and specify which of the possibilities provided by the Terms and Conditions shall apply with respect to specific conditions.

No physical document of title will be issued to represent the Securities.
2. The transfer of the Securities operates by way of registration on the relevant accounts opened with the Clearing System by any intermediary adhering, directly or indirectly, to the Clearing System (the "**Securities Account Holder**"). As a consequence, the subject who from time to time is the owner of the account held with a Securities Account Holder will be considered as the legitimate owner of the Securities (the "**Securityholder**") and will be authorised to exercise all rights related to them. For such purposes, where necessary, the Securityholder may ask the Securities Account Holder to issue certifications or release communications in accordance with articles 83-quinquies and 83-novies, paragraph 1, letter b), of the Italian Financial Services Act.

Option 14: Securities which shall be cleared through Norwegian CSD (dematerialised registered form)

1. The securities (each a "**Security**" and together the "**Securities**") of a series of Securities identified by its ISIN (each a "**Series**") issued by SG Issuer, Luxembourg, Grand Duchy of Luxembourg (the "**Issuer**") will be in dematerialised registered form and will only be evidenced by book entries in the system of the Norwegian Central Securities Depository VPS ASA, P.O. Box 4, 0051, Oslo, Norway, ("**VPS**") for registration of securities and settlement of securities transactions (the "**Clearing System**") in accordance with the Norwegian Securities Register Act (*lov om registrering av finansielle instrumenter 2002 5. juli nr. 64*). There will be neither global bearer securities nor definitive securities and no physical securities will be issued in respect of the Securities. Securities issued through the Norwegian CSD must comply with the Norwegian Securities Trading Act, and the procedures applicable to and/or issued by VPS from time to time and as amended from time to time.
2. Transfers of the title to the Securities and other registration measures shall be made in accordance with the Norwegian Securities Register Act (*lov om registrering av finansielle instrumenter 2002 5. juli nr. 64*), the regulations, rules and operating procedures applicable to and/or issued by VPS (the "**Norwegian CSD Rules**").
3. The term "**Securityholder**" in these Terms and Conditions refers to any person that is registered on a VPS-account as holder of a Security or, where applicable, any other person acknowledged as the holder pursuant to the Norwegian CSD Rules. For nominee registered security the authorised nominee shall be considered to be the Securityholder. The Issuer shall be entitled to obtain information from VPS in accordance with the Norwegian CSD Rules. Except as ordered by a court of competent jurisdiction or as required by law, the Securityholder of any Security shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is

overdue and regardless of any notice of ownership, trust or an interest in it and no person shall be liable for treating the holder as owner.

Option 15: Securities which shall be cleared through VP SECURITIES (dematerialised registered form)

1. The securities (each a "**Security**" and together the "**Securities**") of a series of Securities identified by its ISIN (each a "**Series**") issued by SG Issuer, Luxembourg, Grand Duchy of Luxembourg (the "**Issuer**") will be issued in uncertified and dematerialised book-entry form and will only be evidenced by book entries in the system of VP SECURITIES A/S, Weidekampsgade 14, P.O. Box 4040, 2300 Copenhagen S, Denmark ("**VP**") for registration of securities and settlement of securities transactions (the "**Clearing System**") in accordance with Consolidated Act No. 831 of 12 June 2014 on Trading in Securities of the Kingdom of Denmark (the "**Securities Trading Act**"), as amended from time to time, and Executive Orders issued thereunder and Executive Order No. 819 of 26 June 2013 on, inter alia, the registration of fund assets in a securities centre (Da. "*Bekendtgørelse om registrering m.v. af fondsaktiver i en værdipapircentral*") ("**VP Registration Order**").
2. Transfers of Securities and other registration measures shall be made in accordance with the Securities Trading Act, the VP Registration Order and the regulations, rules and operating procedures applicable to and/or issued by VP from time to time. The Securities will be issued in uncertificated and dematerialised book-entry form and no global bearer securities or definitive securities will be issued in respect thereof. The Securities issued and cleared through VP are negotiable instruments and not subject to any restrictions on free negotiability within Denmark. The Issuer is entitled to receive from VP, at its request, a transcript of the register for the Securities.
3. The term "**Securityholder**" and related expressions in these Terms and Conditions refer to each person who is for the time being shown in the book entry system and register maintained by VP as the holder of such Securities for all purposes in accordance with the Securities Trading Act and the VP Registration Order. For nominee registered Securities the authorised custodial nominee account holder shall be considered to be the Securityholder.

5. The Calculation Agent is entitled at any time to resign its office as Calculation Agent. The resignation shall only take effect with the appointment of another bank or, to the extent permitted by law, a financial service institution established in one of the member states of the European

Union as the Calculation Agent of the Issuer. The resignation and appointment will be published in accordance with § 6 of the General Terms.

6. The Calculation Agent acts exclusively as a vicarious agent (*Erfüllungsgehilfe*) of the Issuer and has no obligations towards the Securityholders. The Calculation Agent is hereby granted exemption from the restrictions of § 181 BGB and any similar restrictions of the applicable laws of any other country.
7. Neither the Issuer nor the Calculation Agent is obliged to review the eligibility of the submitter of Securities.

§ 3 TAXES

Payments in respect of the Securities shall only be made after (i) deduction and withholding of current or future taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected (the "**Taxes**") under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, to the extent that such deduction or withholding is required by law, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**IRC**"), or otherwise imposed pursuant to Sections 1471 through 1474 IRC, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) IRC ("**871(m) Withholding**"). The Issuer shall report on the deducted or withheld Taxes to the competent government agencies.

In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Securities, the Issuer shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) IRC) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

§ 4 STATUS, GUARANTEE, LIMITED RECOURSE

1. The obligations under the Securities constitute direct, unconditional, secured (*dinglich besichert*), limited recourse and unsubordinated obligations of the Issuer and rank at least pari passu with all other direct, unconditional, secured, limited recourse and unsubordinated obligations of the Issuer (save for such exceptions as may exist from time to time under applicable law).
2. Any payment obligation of the Issuers are unconditionally and irrevocably guaranteed by a guarantee of Société Générale, Paris, France ("**Guarantor**"). The obligations arising under the guarantee constitute direct, unconditional, unsecured and general obligations of the Guarantor and rank and will rank at least pari passu with all other existing and future direct, unconditional, unsecured and general obligations of the Guarantor, including those in respect of deposits, but excluding any debts for the time being preferred by law and senior to any subordinated obligations. If the Issuer, for any reason whatsoever, owes to the Securityholders a sum or amount payable on a Security (including any premiums or discounts or other amounts payable under the Securities), the Guarantor guarantees to pay to the Securityholder on request as soon as these payments fall due under the Securities the amount as it would have been made by the Issuer in accordance with the Terms and Conditions

All references in this Guarantee to sums or amounts payable by the Issuer shall (if applicable) be to such sums and/or amounts as directly reduced, and/or in the case of conversion into equity, as reduced by the amount of such conversion, and/or otherwise modified from time to time resulting from the application of a Bail-in Power (§ 4 paragraph 5 of the Product-Specific Terms) by any Relevant Resolution Authority (§ 4 paragraph 5 of the Product-Specific Terms)

3. The Issuer enters into hedging transactions with the Guarantor in respect of the Securities. The relevant hedging transaction is intended to cover the amount of any payments due under the Securities. If the financial resources provided by the Guarantor from these hedging transactions ultimately prove to be insufficient to fully satisfy the claims of all holders of the Securities, the claims of the Securityholders shall lapse pro rata to the amount of the shortfall incurred by the respective Issuer. There are no further claims of the Securityholders against the respective Issuer, irrespective of whether such Issuer would be in a position to settle its payment obligations from the Securities with other means at its disposal (such payment defaults, "**Defaulted Payments**"); however, subject to the right to terminate or early repayment ("**Limited Recourse**").

The rights of the Securityholders under the Guarantee are not affected and the obligations of the Guarantor under the Guarantee are not limited by the Limited Recourse; hence the Securityholder shall continue to have the right to institute any proceeding, judicial or otherwise, or otherwise assert a claim against the Guarantor to enforce any obligation due under the relevant Guarantee, including without limitation in respect of any Defaulted Payments.

The Limited Recourse do not alter or impair the rights of the Securityholder to require the enforcement of the relevant Pledge Agreement pursuant to the Secured-Specific Terms.

§ 5 SUBSTITUTION OF THE ISSUER

1. At any time during the life of the Securities and subject to paragraph 2, the Issuer is entitled to substitute any other company (hereinafter called a "**New Issuer**") for itself as Issuer without the consent of any Securityholder. In such case, the New Issuer may assume all the obligations of the Issuer under and in connection with the Securities. Any such substitution and the respective effective date shall be notified by the Issuer in accordance with § 6 of the General Terms

Upon any such substitution, the New Issuer shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under the Securities with the same effect as if the New Issuer had been named as the Issuer in these Terms and Conditions; the Issuer (and, in the case of a repeated application of this § 5 of the General Terms, each previous issuer) shall be released from its obligations hereunder and from its liability as obligor under the Securities.

In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on refer to the New Issuer.

2. No such assumption shall be permitted unless
- (a) the New Issuer has agreed to assume all obligations of the Issuer under the Securities;
 - (b) the Issuer or the Guarantor has unconditionally and irrevocably guaranteed to the Securityholders compliance by the New Issuer with all obligations under the Securities;
 - (c) the New Issuer has obtained all governmental authorisations, approvals, consents and permissions necessary in the jurisdictions in which the New Issuer is domiciled or the country under the laws of which it is organised[.][and
 - (d) Euroclear Sweden has given its consent to the substitution (which consent shall not be unreasonably withheld or delayed).]
3. Upon any substitution of the Issuer for a New Issuer, this § 5 of the General Terms shall apply again.

§ 6 NOTICES

Where these Terms and Conditions provide for a notice pursuant to this section, such notice shall be published on the website www.warrants.com (or on another website notified at least six weeks in advance by the Issuer in accordance with this section in the Federal Gazette (*Bundesanzeiger*) (the "**Successor Website**") and become effective vis-à-vis the Securityholder through such publication unless the notice provides for a later effective date. If and to the extent applicable law or regulations provide for other forms of publication, such publications shall be made merely in addition to the aforesaid publication.

Other publications with regard to the Securities are published on the website of the Issuer www.societegenerale.com (or any successor website).

§ 7 ISSUANCE OF ADDITIONAL SECURITIES, REPURCHASE OF SECURITIES

1. The Issuer reserves the right to issue from time to time without the consent of the Securityholders additional tranches of Securities with substantially identical terms, so that the same shall be consolidated to form a single series and increase the total volume of the Securities. The term "Securities" shall, in the event of such consolidation, also comprise such additionally issued securities.
2. The Issuer may at any time purchase Securities in the market or otherwise. Securities repurchased by or on behalf of the Issuer may be held by the Issuer, re-issued, resold or surrendered to the Paying Agent for cancellation.

§ 8 LIMITATION OF LIABILITY, PRESENTATION PERIODS, PRESCRIPTIONS

1. The Issuer shall be held responsible for acting or failing to act in connection with Securities only if, and insofar as, it either breaches material obligations under or in connection with the Terms and Conditions negligently or wilfully or breaches other obligations with gross negligence or wilfully. The same applies to [the Paying Agent and] the Calculation Agent.
2. The period for presentation of the Securities (§ 801 paragraph 1, sentence 1 BGB) shall be ten years and the period of limitation for claims under the Securities presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.

§ 9 PARTIAL INVALIDITY, CORRECTIONS

1. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Securityholders. The declaration of rescission shall be made without undue delay upon becoming aware of any such ground for rescission (*Anfechtungsgrund*) and in accordance with § 6 of the General Terms. Following such rescission by the Issuer, the Securityholders may instruct the account holding bank to submit a duly completed redemption notice to the Paying Agent, either by filling in the relevant form available from the Paying Agent or by otherwise stating all information and declarations required on the form (the "**Rescission Redemption Notice**"), and to request repayment of the Issue Price against transfer of the Securities to the account of the Paying Agent with the Clearing System. The Issuer shall make available the Issue Price to the Paying Agent within 30 calendar days following receipt of the Rescission Redemption Notice and of the Securities by the Paying Agent, whichever receipt is later, whereupon the Paying Agent shall

transfer the Issue Price to the account specified in the Rescission Redemption Notice. Upon payment of the Issue Price all rights under the Securities delivered shall expire.

2. The Issuer may combine the declaration of rescission pursuant to paragraph 1 with an offer to continue the Securities on the basis of corrected Terms and Conditions. Such an offer and the corrected provisions shall be notified to the Securityholders together with the declaration of rescission in accordance with § 6 of the General Terms. Any such offer shall be deemed to be accepted by a Securityholder and the rescission shall not take effect, unless the Securityholder requests repayment of the Issue Price within four weeks following the date on which the offer has become effective in accordance with § 6 of the General Terms by delivery of a duly completed Rescission Redemption Notice via the account holding bank to the Paying Agent and by transfer of the Securities to the account of the Paying Agent with the Clearing System pursuant to paragraph 1. The Issuer shall refer to this effect in the notification.
3. **"Issue Price"** within the meaning of paragraph 1 and 2 shall be deemed to be the higher of (i) the purchase price that was actually paid by the relevant Securityholder (as declared and proved by evidence in the request for repayment by the relevant Securityholder) and (ii) the weighted average (as determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) of the traded prices of the Securities on the Business Day preceding the declaration of rescission pursuant to paragraph 1. [Option 1: Insert in the case of Underlying Index, Precious Metal or Futures Contracts on index:][If a Market Disruption Event exists on the Business Day preceding the declaration of rescission pursuant to paragraph 1, the last Business Day preceding the declaration of rescission pursuant to paragraph 1 on which no Market Disruption Event existed shall be decisive for the ascertainment of price pursuant to the preceding sentence] [Option 2: Insert in the case of Underlying Futures Contracts on commodity or bond:][If a Price Source Disruption or Trading Disruption exists on the Business Day preceding the declaration of rescission pursuant to paragraph 1, the last Business Day preceding the declaration of rescission pursuant to paragraph 1 on which no Price Source Disruption or Trading Disruption existed shall be decisive for the ascertainment of price pursuant to the preceding sentence.]
4. Contradictory or incomplete provisions in the Terms and Conditions may be corrected or amended, as the case may be, by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Securityholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of the Securityholders. Notice of any such correction or amendment shall be given to the Securityholders in accordance with § 6 of the General Terms.
5. If a Securityholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Securities, then, notwithstanding paragraphs 1 - 4, such Securityholder can be bound by the Issuer to the corrected Terms and Conditions.
6. Should any provision of these Terms and Conditions be or become void in whole or in part, the other provisions shall remain in force. The void provision shall be replaced by a valid provision that reflects the economic intent of the void provision as closely as possible in legal terms. In those cases, however, the Issuer may also take the steps described in paragraphs 1 - 4 above.

§ 10

GOVERNING LAW, PLACE OF PERFORMANCE, PLACE OF JURISDICTION

Option 1: Securities which are governed by German law (mandatory where Securities shall be deposited with common depositary)

1. The Securities and the rights and duties of the Securityholders, the Issuer[, the Paying Agent] [, the Sub Paying Agent] and the Guarantor shall in all respects be governed by the laws of the Federal Republic of Germany.

1. The Securities and the rights and duties of the Securityholders, the Issuer[, the Paying Agent] [, the Sub Paying Agent] and the Guarantor shall in all respects be governed by the laws of the Federal Republic of Germany except § 1 of the General Terms which shall be governed by the laws of [jurisdiction].

Option 3: Securities which are governed by German law except the Form which is governed by Spanish law

1. The Securities and the rights and duties of the Securityholders[, the Issuer[, the Paying Agent] [, the Sub Paying Agent] and the Guarantor] shall in all respects be governed by the laws of the Federal Republic of Germany except § 1 of the General Terms (including form of representation, proof of ownership and transfer) which shall be governed by the laws of Kingdom of Spain.

All Securities

2. Place of performance is Frankfurt am Main.
3. Place of jurisdiction for all disputes and other proceedings in connection with the Securities for merchants, entities of public law, special funds under public law and entities without a place of general jurisdiction in the Federal Republic of Germany is Frankfurt am Main. In such a case, the place of jurisdiction in Frankfurt am Main shall be an exclusive place of jurisdiction.

9.2. Product-Specific Terms

§ 1 DEFINITIONS

For the purposes of these Product-Specific Terms, the following definitions shall apply subject to an adjustment in accordance with these Terms and Conditions:

General Definitions

The "**Calculation Fee**" ("**CF**") is a "per annum rate" and includes the hypothetical costs that would be incurred in tracking the performance of the NPV. The Calculation Fee is deducted on a calendar-daily basis (based on a [360][365]-day year) in the NPV calculation. The Calculation Fee shall be determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) by taking into account prevailing market conditions on each Business Day. The applicable Calculation Fee shall be published on the website www.warrants.com. The initial Calculation Fee corresponds to [initial calculation fee]% p.a.

The "**Collateral Fee**" ("**CollatFee**") is a "per annum rate" and includes the cost that would be incurred by the Issuer (and/or its affiliates) if it were to borrow the Collateral Assets (through, for example, but without limitation, a securities lending or repurchase agreement) for an amount equal to the market value of the Security as of such Business Day. The Collateral Fee is deducted on a calendar-daily basis (based on a [360][365]-day year) in the NPV calculation. The Collateral Fee shall be determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) by taking into account prevailing market conditions on each Business Day. The applicable Collateral Fee shall be published on the website www.warrants.com. The initial Collateral Fee corresponds to [initial calculation fee]% p.a.

"**Fixing Date**" means the Business Day prior to the Launch Date.

"**Issue Currency**" or "**EUR**" ["[abbreviation Issue Currency]"] means [Euro] [[Issue Currency]].

"**Launch Date**" means [date].

The "**NPV**" will be calculated from the Launch Date in accordance with the formula given in § 2 of the Product-Specific Terms based on the Reference Price of the Underlying for each NPV Calculation Day at the NPV Calculation Time. The "**Initial NPV**" means [initial NPV].

"**NPV Calculation Day**" means any Business Day. [With respect to each year, the following days shall not qualify as NPV Calculation Days: [New Year's Day (1st January),] [Good Friday,] [Easter Monday,] [Labour Day (1st May),] [Christmas Eve (24th December),] [Christmas Day (25th December),] [St. Stephen's Day (26th December),] [New Year's Eve (31st December)] as well as Saturdays and Sundays.] If there is no Price Level on a Business Day or if there is a Market Disruption Event, this day (if applicable also retroactively) is not considered an NPV Calculation Day.

"**NPV Calculation Time**" means the point in time immediately following the determination and publication of the Reference Price.

"**Payment Business Day**" means [a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System (TARGET2) and the Clearing System settle payments in the Issue Currency.] [a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in [city/cities] and on which the Clearing System settles payments in the Issue Currency.] [a day on which commercial banks and foreign exchange markets in [city/cities] and the Trans-European Automated Real-time Gross settlement Express Transfer system (TARGET-System) are open for business and the Clearing System settles payments in the Issue Currency.]

"**Reference Price**" means the Price Level on an NPV Calculation Day.

"Valuation Date" means the Redemption Date.

If the Valuation Date is no NPV Calculation Day or if on the Valuation Date a Market Disruption Event occurs, the Valuation Date shall be postponed to the next following Business Day which is an NPV Calculation Day and on which a Market Disruption Event does not occur.

If, according to the before-mentioned, the Valuation Date is postponed for [number] consecutive Business Days, and if also such day is no NPV Calculation Day or a Market Disruption Event occurs on such day, then this day shall be deemed to be the Valuation Date and the Calculation Agent shall estimate the Reference Price of the Underlying in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 6 of the General Terms.

Underlying Index

"Business Day" means a day on which the level of the Index is usually determined and published by the Index Sponsor.

[Price Index:][**"Dividend Adjustment Amount"** shall be determined by the Calculation Agent for the Dividend Adjustment Day at its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) in such a way that it corresponds to the sum of net dividends, i.e. after deduction of any taxes or other levies and costs, of all index components with Dividend Adjustment Day on this NPV Calculation Day, converted in index points. On all other days, the Dividend Adjustment Amount equals 0 (in words: zero).]

[Performance Index:][**"Dividend Adjustment Amount"** shall be determined by the Calculation Agent for the Dividend Adjustment Day at its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) in such a way that it corresponds to the sum of gross dividends of all index components with Dividend Adjustment Day on this NPV Calculation Day, converted in index points, multiplied by a negative percentage rate determined by the Calculation Agent at its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) and takes into account taxes or other duties and costs. The Dividend Adjustment Amount is therefore negative on a Dividend Adjustment Day. On all other days, the Dividend Adjustment Amount equals 0 (in words: zero).]

[Alternative Wording:][The **"Dividend Adjustment Amount"** equals 0 (in words: zero).]

"Dividend Adjustment Day" means every ex-dividend day of at least one share or share-type security contained in the Index (the **"Index Component"**). If the NPV should not be calculated on an ex-dividend day, the Dividend Adjustment Day will be postponed to the next day when the NPV is calculated.

"Futures Exchange" means the exchange or trading system with the highest trading volume of options or futures contracts relating to the Index. If options or futures contracts relating to the Index are not traded on any exchange, the Calculation Agent will determine the Futures Exchange in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) and will make notification thereof in accordance with § 6 of the General Terms.

"Market Disruption Event" means the occurrence or existence of any suspension of, or limitation imposed on, trading in [(a) options or futures contracts on the Index on the Futures Exchange, or (b) one or more Index Components on the Index Component Exchange] [(a) options or futures contracts on the Index on the Futures Exchange, when applicable, or (b) one or more Index Components on any Index Component Exchange], provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The occurrence of a Market Disruption Event on the Valuation Date shall be published in accordance with § 6 of the General Terms.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the

Futures Exchange or the Index Component Exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event if such limitation still prevails at the time of the calculation of the NPV on such date.

"Observation Period" means in each case the period between an NPV Calculation Time (including) and the next following NPV Calculation Time. The first Observation Period starts [on the Launch Date at [time] (local time Frankfurt am Main)][on the Fixing Date immediately following the determination of the Price Level].

The first and every subsequent Observation Period ends in each case with the determination of the Reference Price (inclusive).

"Price Level" means the level of the Index last determined and published by the Index Sponsor on any Business Day (official closing level).

"Underlying" or **"Index"** means the [index name, ISIN] as determined and published by [index sponsor] (the **"Index Sponsor"**).

Underlying Precious Metal

"Business Day" means a day on which [the Price Source would ordinarily publish the London [Gold] [Silver] [Platinum] [Palladium] price].

"Market Disruption Event" means the occurrence or existence of any suspension of, or limitation imposed on, trading in the Precious Metal on the international interbank market for metals, provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The occurrence of a Market Disruption Event on the Valuation Date shall be published in accordance with § 6 of the General Terms.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant Price Source. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event if such limitation still prevails at the time of the calculation of the NPV on such date.

"Price Level" means [gold/silver:][the morning London [Gold] [Silver] price per [gold][fine] troy ounce of [Gold] [Silver] for delivery in London through a member of the LBMA authorized to effect such delivery, stated in USD, as calculated and administered by independent service provider(s), pursuant to an agreement with the LBMA, and ordinarily published by the LBMA on its website at www.lbma.org.uk that displays prices effective on any relevant day.] [platinum/palladium:][the morning London [Platinum] [Palladium] Price (or LBMA [Platinum] [Palladium] Price) per troy ounce gross of [Platinum] [Palladium] for delivery in London through a member of the London Platinum and Palladium Market ("**LPPM**") authorized to effect such delivery, stated in USD, as calculated and administered by the LME, and ordinarily published by the LME on its website at www.lme.com that displays prices effective on any day.] [first spot fixing for a fine troy ounce (31.1035 g) of the Metal quoted in USD as "LBMA [Platinum] [Palladium] Price" on [screen page] (or any successor page) on any relevant day.]

"Price Source" means [gold/silver:][the London Bullion Market Association ("**LBMA**").] [platinum/palladium:][the London Metal Exchange ("**LME**").]

"Underlying" or **"Precious Metal"** means [gold:][gold bars or unallocated gold complying with the rules of the LBMA ("**Gold**") [silver:][silver bars or unallocated silver complying with the rules of the LBMA ("**Silver**") [platinum:][platinum ingots or plate or unallocated platinum complying with the rules of the LPPM ("**Platinum**") [palladium:][palladium ingots or unallocated palladium complying with the rules of the LPPM ("**Palladium**").]

Underlying Futures Contract

"Business Day" means a day on which [the Exchange is open for trading during its respective regular trading sessions, notwithstanding the Exchange closing prior to its scheduled weekday closing time][the Exchange is open for trading during its respective regular trading sessions and not closing prior to its scheduled weekday closing time due to announced changes (e.g. because of holidays etc.)]. Any trading or trading activities after or before the regular trading sessions on the Exchange will not be taken into account.

"Exchange" means the [exchange] or its successor.

In the case that the Futures Contract is not longer traded on the Exchange, the Exchange shall be such other futures exchange as determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The determination of another Exchange shall be published according to § 6 of the General Terms.

"Market Disruption Event" means the occurrence or existence of any suspension of, or limitation imposed on, trading in (a) the Futures Contract on the Exchange, or (b) the Futures Asset on the relevant exchange or trading system, provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The occurrence of a Market Disruption Event on the Valuation Date shall be published in accordance with § 6 of the General Terms.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the respective Exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event if such limitation still prevails at the time of the calculation of the NPV on such date.

"Observation Period" means in each case the period between an NPV Calculation Time (including) and the next following NPV Calculation Time. The first Observation Period starts [on the Launch Date at [time] (local time Frankfurt am Main)][on the Fixing Date immediately following the determination of the Price Level].

The first and every subsequent Observation Period ends in each case with the determination of the Reference Price (inclusive).

"Observation Price" means any Underlying Price determined during the Observation Period.

"Price Level" means [the [opening price][settlement price][other price] of the Futures Contract as determined and published by the Exchange [expressed as a percentage][converted in a decimal figure and expressed as a percentage][expressed in index points] on any Business Day].

"Roll-Over" means the replacement of the Futures Contract with the shortest maturity of the Delivery Months as Underlying by the Futures Contract with the second-shortest maturity of the Delivery Months at this time.

"Roll-Over Date" means [a NPV Calculation Day chosen by the Calculation Agent][the [first][number] NPV Calculation Day] during the time period from the [fifth][tenth][number] Business Day before the earlier of "First Notice Day" and "Last Trading Day" on the Exchange of the Futures Contract with the shortest maturity of the Delivery Months till the last Business Day before the earlier of "First Notice Day" and "Last Trading Day" on the Exchange of the Futures Contract with the shortest maturity of the Delivery Months. On this NPV Calculation Day, the Futures Contract with the shortest maturity of the Delivery Months is replaced as Underlying by the Futures Contract with the second-shortest maturity of the Delivery Months at this time. The Roll-Over takes place after the determination of the Reference Price of the Futures Contract that is to be replaced.

"Underlying" or "Futures Contract" is normally the [futures contract name, ticker/RIC] with the shortest maturity with the relevant delivery months [January][,][February][,][March][,]... [December] [all Delivery Months] (the "**Delivery Months**") that is traded on the Exchange. This does not apply

for the time period from the Roll-Over to the expiry of the Futures Contract with the shortest maturity of the Delivery Months. For that period, the Futures Contract with the second-shortest maturity of the Delivery Months at this time shall be the Futures Contract.

"Underlying Price" means [the average of the bid and offer price at any time during the trading hours on the Exchange] [the last price at which the Futures Contract traded during the trading hours on the Exchange, meaning the most recent price on which a buyer and seller agreed and at which some amount of the Futures Contract was transacted via the Exchange].

Futures Contract on Commodity or Bond

"Futures Asset" or **"Bond"** means the eligible bonds (cheapest-to-deliver bonds) underlying the Futures Contract.] **"Commodity"** means the commodity underlying the Futures Contract].

"Disappearance of Reference Price" means (a) the permanent discontinuation of trading in the Futures Contract on the Exchange, (b) the disappearance of, or of trading in, the Futures Asset or (c) the disappearance or permanent discontinuance or unavailability of the Reference Price, notwithstanding the availability of the Price Source or the status of trading in the Futures Contract or the Futures Asset.

"Material Change in Content" means the occurrence since the Launch Date of a material change in the content, composition or constitution of the Futures Contract or the Futures Asset.

"Material Change in Formula" means the occurrence since the Launch Date of a material change in the formula for, or the method of, calculating the Reference Price.

"Price Source" means the Exchange.

"Price Source Disruption" means (a) the failure of the Price Source to announce or publish the Reference Price (or the information necessary for determining the Reference Price); or (b) the temporary or permanent discontinuance or unavailability of the Price Source.

"Tax Disruption" means the imposition of, change in or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Futures Asset (other than a tax on, or measured by reference to overall gross or net income) by any government or taxation authority after the Launch Date, if the direct effect of such imposition, change or removal is to raise or lower the Reference Price.

"Trading Disruption" means the material suspension of, or the material limitation imposed on, trading in the Futures Contract or the Futures Asset, as the case may be, on the Exchange. For these purposes:

- (A) a suspension of the trading in the Futures Contract or the Futures Asset, as the case may be, on any Business Day shall be deemed to be material only if:
 - (1) all trading in the Futures Contract or the Futures Asset, as the case may be, is suspended for the entire Business Day; or
 - (2) all trading in the Futures Contract or the Futures Asset, as the case may be, is suspended subsequent to the opening of trading on the Business Day, trading does not recommence prior to the regularly scheduled close of trading in such Futures Contract or such Futures Asset, as the case may be, on such Business Day and such suspension is announced less than one hour preceding its commencement; and
- (B) a limitation of trading in the Futures Contract or the Futures Asset, as the case may be, on any Business Day shall be deemed to be material only if the Exchange establishes limits on the range within which the price of the Futures Contract or the Futures Asset, as the case may be, may fluctuate and the closing or settlement price of the Futures Contract or

the Futures Asset, as the case may be, on such day is at the upper or lower limit of that range.

Futures Contract on Index

"Disappearance of Reference Price" means (a) the permanent discontinuation of trading in the Futures Contract on the Exchange, (b) the disappearance of, or of trading in, the Index or (c) the disappearance or permanent discontinuance or unavailability of the Reference Price, notwithstanding the availability of the Price Source or the status of trading in the Futures Contract.

"Index" means the index underlying the Futures Contract.

"Material Change in Content" means the occurrence since the Launch Date of a material change in the content, composition or constitution of the Futures Contract.

"Material Change in Formula" means the occurrence since the Launch Date of a material change in the formula for, or the method of, calculating the Reference Price.

"Price Source" means the Exchange.

"Price Source Disruption" means (a) the failure of the Price Source to announce or publish the Reference Price (or the information necessary for determining the Reference Price); or (b) the temporary or permanent discontinuance or unavailability of the Price Source.

"Trading Disruption" means any suspension of, or limitation imposed on, trading in the Futures Contract on the Exchange or on any other exchange on which the Futures Contract is traded, provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The occurrence of a Trading Disruption Event on the Valuation Date shall be published in accordance with § 6 of the General Terms.

§ 2 REDEMPTION

1. Subject to a termination in accordance with § 6 of the Product-Specific Terms, each Securityholder is entitled to request redemption of the Securities on any Settlement Date, in accordance with the following paragraphs.
2. Each Security is redeemed by payment of an amount in the Issue Currency (the **"Redemption Amount"**) which shall be equal to the NPV on the Valuation Date, expressed in [*Currency*] [and converted by the Conversion Rate into the Issue Currency] [, at minimum [*Issue Currency*] [0.0001] [0.01] [1.00] [●] (**"Minimum Redemption Amount"**)].

The **"NPV"** is calculated in dependency on the previously determined NPV on each NPV Calculation Day t , commencing on the Launch Date, at the NPV Calculation Time according to the following formula [*Futures Contract*]: (subject to paragraph 3):

$$NPV_t = \max(\text{Underlying Component}_t + \text{Fee Component}_t; 0)$$

in which

the **"Underlying Component"** on the NPV Calculation Day t as of the NPV Calculation Time corresponds to

$$\text{Underlying Component}_t = NPV_{t-1} \times \frac{\text{Underlying}_t}{\text{Underlying}_{t-1}}$$

and

the "**Fee Component**" on the NPV Calculation Day t as of the NPV Calculation Time corresponds to

$$\text{Fee Component}_t = -\text{NPV}_{t-1} \times (\text{CF}_t + \text{CollatFee}_t) \times \frac{d}{\text{Days}}$$

and

NPV _t	=	NPV at the NPV Calculation Time t
NPV _{t-1}	=	The NPV determined on the NPV Calculation Day immediately preceding the current NPV Calculation Day;
		NPV ₀ means the Initial NPV
Underlying _t	=	Reference Price of the Underlying at the NPV Calculation Time t
Underlying _{t-1}	=	[Futures Contract:] If t-1 is a Roll-Over Date: The Reference Price of the replacing Futures Contract on the NPV Calculation Day immediately preceding the current NPV Calculation Day;
		Otherwise:] The Reference Price of the Underlying on the NPV Calculation Day immediately preceding the current NPV Calculation Day;
		Underlying ₀ means the Price Level of the Underlying on the Fixing Date
CF _t	=	The Calculation Fee valid at the NPV Calculation Time t
CollatFee _t	=	The Collateral Fee valid at the NPV Calculation Time t
d	=	Number of calendar days between the NPV Calculation Day t-1 (exclusive) and the NPV Calculation Day t (inclusive).
Days	=	Number of days per year ([360][365])

Underlying Index

3. If the NPV Calculation Day t is a Dividend Adjustment Day, the Underlying Component for this NPV Calculation Day at the NPV Calculation Time, other than in the above-mentioned formula, is calculated as follows:

$$\text{Underlying Component}_t = \text{NPV}_{t-1} \times \frac{\text{Underlying}_t + \text{Div}_t}{\text{Underlying}_{t-1}}$$

When

Div _t	=	Dividend Adjustment Amount related to the NPV Calculation Day t (within an Observation Period the Dividend Adjustment Amount is only taken into account on the Dividend Adjustment Day)
------------------	---	---

Underlying Futures Contract

3. If an Observation Price is equal to or below 0 (zero), the calculation of the NPV in accordance with paragraph 2 will be discontinued with immediate effect and the NPV will be determined once. In this case, the following applies:

$$\text{NPV} = 0 \text{ (zero)}$$

There will be no further adjustment of the NPV.

Limited Secured Tracker Certificates

- [•]. The Securities may be called for redemption on any day from and including the first day to the last day until 10:00 am (Frankfurt time) during the Call Period in accordance with the following paragraph [•]. Subject to the conditions of paragraph [•] the Securities shall be called for redemption automatically on the last day of the Call Period provided that the Redemption Amount is a positive amount (the "**Automatic Call for Redemption**"). In the case of an Automatic Call for Redemption, the last day of the Call Period shall be the "**Redemption Date**".

"**Call Period**" means the period [call period].

If in the case of an Automatic Call for Redemption, the Redemption Amount is not a positive amount, the Securities become due worthless.

The following paragraph shall be applicable for all Securities

- [•]. In order to validly call the Securities for redemption, the Securityholder is obliged at the latest on the [ordinal number] Payment Business Day prior to the Redemption Date to
- (a) deliver a redemption notice (the "**Redemption Notice**") via the account holding bank to the Paying Agent (i) in the form attached hereto or available at the Paying Agent or (ii) by providing the following information in text form: name and address of the Securityholder, name, ISIN and number of Securities to be redeemed and the cash account of the Securityholder to which the transfer of any Redemption Amount shall be effected in accordance with § 4 of the Product-Specific Terms; and
 - (b) deliver the Securities via the account holding bank by crediting the Securities to the account of the Paying Agent with the Clearing System.

[Subject to paragraph 3.] "**Redemption Date**" means [any Payment Business Day] [any last Payment Business Day in the months of [month] of each year commencing as of the month of •].

- [•]. The Redemption Notice shall be binding and irrevocable. [A Redemption Notice submitted with regard to a specific Redemption Date shall be void if it is received after the end of the [ordinal number] Payment Business Day prior to the relevant Redemption Date or if the Securities to which a Redemption Notice relates are not delivered or not delivered on time to the Paying Agent. Any Redemption Notice that is void in accordance with the preceding sentence shall not be treated as Redemption Notice relating to a later Redemption Date.] If the number of Securities stated in the Redemption Notice, for which redemption is requested, differs from the number of Securities transferred to the Paying Agent, the Redemption Notice shall be deemed submitted only with regard to the smaller number of Securities. Any excess Securities shall be re-transferred at the cost and risk of the Securityholder to the account holding bank.

[The Securities can only be called for redemption for the Minimum Redemption Number of Securities or for an integral multiple thereof. Any call for redemption of less than the Minimum Redemption Number of Securities shall be void. Any call for redemption of more than the Minimum Redemption Number of Securities that is not an integral multiple thereof, shall be deemed to be a call for redemption of the next smaller number of Securities which is the minimum number or an integral multiple thereof. Securities exceeding the Minimum Redemption Number of Securities

or an integral multiple thereof shall be re-transferred at the cost and risk of the Securityholder to the account holding bank.

"**Minimum Redemption Number of Securities**" is [number] Securities.]

Limited Secured Tracker Certificates

- [●]. Following the valid call for redemption or an Automatic Call for Redemption, the Redemption Amount shall be paid to the Securityholders not later than on the [ordinal number] Payment Business Day following the Valuation Date (the "**Settlement Date**"). [The "**Maturity Date**" means the Settlement Date in the case of an Automatic Call for Redemption.]

Unlimited Secured Tracker Certificates

- [●]. Following the valid call for redemption, the Redemption Amount shall be paid to the Securityholders not later than on the [ordinal number] Payment Business Day following the Valuation Date (the "**Settlement Date**").

The following paragraph shall be applicable for all Securities

The following paragraph shall be applicable for Securities with conversion in the Issue Currency

- [●]. The conversion into the Issue Currency shall be made at the Conversion Rate.

"**Conversion Rate**" means [international interbank spot market:] [a price actually traded on the international interbank spot market for [[Issue Currency] 1.00 in [Currency]][Currency] 1.00 in [Issue Currency]] on the Valuation Date at the time at which the NPV is calculated and published.] [Bloomberg fixing:] [the [[Issue Currency]/[Counter Currency]] [[Base Currency]/[Issue Currency]] exchange rate as determined by Bloomberg L.P. on the Valuation Date at [fixing time] (Frankfurt time) and published thereafter on BFIX page (the "**Bloomberg Page**").

If the above exchange rate is not published on the Valuation Date at [fixing time] (Frankfurt time) on the Bloomberg Page or any successor page, then the Conversion Rate shall be the [[Issue Currency]/[Counter Currency]] [[Base Currency]/[Issue Currency]] determined by the Calculation Agent as actually traded on the international interbank spot market on the Valuation Date at or around [fixing time] (Frankfurt time).] [Refinitiv fixing:] [the WM/Refinitiv Closing Spot Rate (MID) for [Issue Currency] 1.00 expressed in [Counter Currency] as determined by Refinitiv on the Valuation Date at 4:00 pm (London time) and published thereafter on Reuters page [Issue Currency][Counter Currency]FIXM=WM.]

§ 3 ORDINARY TERMINATION BY THE ISSUER

1. The Issuer shall be entitled to ordinarily terminate the Securities in whole but not in part ("**Ordinary Termination**"), [with effect as of any Payment Business Day, commencing on the Launch Date,] [in each case with effect as of [● of each year, for the first time with effect as of ●]] (any such day an "**Ordinary Termination Date**").
2. Any such Ordinary Termination must be announced at least [one day] [[number] days] [[number] Payment Business Days] prior to the Ordinary Termination Date in accordance with § 6 of the General Terms. Such announcement shall be irrevocable and must state the Ordinary Termination Date.
3. In the case of an Ordinary Termination of the Securities each Securityholder shall receive a payment per Security as determined in accordance with the provisions of § 2 paragraph 2 of the Product-Specific Terms. In this respect, the Ordinary Termination Date shall in all respects supersede the Redemption Date.

4. Any amounts that are payable pursuant to these Terms and Conditions in the case of an Ordinary Termination shall be paid to the Securityholders not later than on the [ordinal number] Payment Business Day following the Valuation Date.
5. The right of the Securityholders to request redemption of the Securities with effect as of the Redemption Dates preceding the relevant Ordinary Termination Date shall not be affected by such Ordinary Termination by the Issuer in accordance with this § 3 of the Product-Specific Terms.

§ 4 PAYMENTS

1. [Subject to the provision regarding the payment of a Minimum Redemption Amount in § 2 paragraph 2 of these Product-Specific Terms, all] [All] amounts payable under these Terms and Conditions will be rounded to the nearest [Issue Currency] [0.0001] [0.01] [1.00] [●] ([Issue Currency] [0.00005] [0.005] [0.5] [●] will be rounded upwards).
2. All amounts payable pursuant to these Terms and Conditions shall be paid to the Paying Agent for transfer to the Clearing System or pursuant to the Clearing System's instruction for credit to the relevant accountholders on the dates stated in these Terms and Conditions. Payment to the Clearing System or pursuant to the Clearing System's instruction shall release the Issuer from its payment obligations under the Securities in the amount of such payment.
3. If any payment with respect to a Security is to be affected on a day other than a Payment Business Day, payment shall be affected on the next following Payment Business Day. In this case, the relevant Securityholders shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.
4. Neither the Issuer nor the Guarantor will be required to pay any additional amounts in respect of the Securities for or because of any withholding or deduction (i) required under any agreement as described in Section 1471(b) IRC or otherwise required under Sections 1471 to 1474 IRC, regulations or agreements including, but not limited to, official interpretations thereof or related implementing legislation for intergovernmental action in this regard; or (ii) imposed under Section 871(m) IRC.
5. Exercise of the Bail-in Power (as defined below) by the Relevant Resolution Authority (as defined below) on liabilities of Société Générale:
 - (a) If the Relevant Resolution Authority (as defined below) exercises its Bail-in Power (as defined below) on liabilities pursuant to Article L 613-30-3 I-3 of the French Monetary and Financial Code of Société Générale, ranking junior to liabilities of Société Générale that benefits from statutorily preferred exceptions pursuant to Article L 613-30-3 I 1° and 2 of the French Monetary and Financial Code, and senior to liabilities as defined in Article L 613-30-3 I-4 of the French Monetary and Financial Code, which results in the write-down or cancellation of all, or a portion of, the principal amount of, or outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of Société Générale or another person, including by means of a variation to their terms and conditions to give effect to such exercise of Bail-in Power, then
 - (i) the Issuer's obligations to the Securityholders under the Securities shall be limited and reduced to the amounts of principal and/or interest that would be recoverable by the Securityholders and/or the value of the shares or other securities or other obligations of the Guarantor or another person that would be delivered to the Securityholders if the Securities had been directly issued by the Guarantor itself, and any obligations under the Securities had accordingly been directly subject to the exercise of the Bail-in Power, and,

- (ii) the Issuer shall be entitled to, in lieu of payment, request the Securityholders to seek payment, in whole or in part, of any amounts due under the Securities subsequent to the reduction and/or delivery of any shares or other securities or other obligations of the Guarantor subsequent to a conversion provided for at (i) above, directly from the Guarantor under the guarantee for the Issuer's obligations.

If and to the extent the Issuer requests the Securityholders to directly seek payment and/or delivery from the Guarantor under its guarantee for the Issuer's obligations, the Issuer's liabilities under the Securities shall be deemed extinguished.

"Bail-in Power" means any statutory cancellation, write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in France in effect and applicable in France to the Guarantor (or any successor entity thereof), including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms and/or within the context of a French resolution regime under the French monetary and financial code, or any other applicable laws or regulations, as amended, or otherwise, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled and/or converted into shares or other securities or obligations of the obligor or any other person.

The **"Relevant Resolution Authority"** is any authority with the ability to exercise the Bail-in Power.

- (b) No repayment of the principal amount of the Securities or payment of interest thereon (to the extent of the portion thereof affected by the exercise of the Bail-in Power) shall become due and payable after the exercise of any Bail-in Power by the Relevant Resolution Authority, unless such repayment or payment would be permitted to be made by the Guarantor under the laws and regulations then applicable to the Guarantor under its senior unsecured liabilities if the Guarantor itself was the issuer of the Securities, and the terms and conditions of the Securities shall be deemed to be modified accordingly.
 - (c) Upon the Issuer becoming aware of the exercise of the Bail-in Power by the Relevant Resolution Authority on senior unsecured liabilities of the Guarantor, the Issuer shall notify the Securityholders in accordance with § 6 of the General Terms (and other parties that should be notified, if applicable). Any delay or failure by the Issuer to give notice shall not affect the effects on the Securities described in (a) above.
 - (d) The reduction or modification described in (a) and (b) above with respect to the Securities shall not constitute an event of default and the terms and conditions of Securities shall continue to apply in relation to the residual principal amount of, or outstanding amount payable in respect of the Securities, subject to any modification of the amount of interest payable to reflect the reduction of the principal amount, and any further modification of the terms that the Relevant Resolution Authority may decide in accordance with applicable laws and regulations relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in France.
6. All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives and subject to the provisions contained in § 3 of the General Terms.

§ 5
ADJUSTMENTS

Underlying Index

1. Upon the occurrence of an Extraordinary Event which has a material effect on the Index or the level of the Index, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to adequately account for the economic effect of the Extraordinary Event on the Securities and to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether an Extraordinary Event has occurred and whether such Extraordinary Event has a material effect on the Index or the level of the Index.
2. An Adjustment may result in:
 - (a) the replacement of the Index by another index (a "**Replacement**"), and/or the replacement of the Index Sponsor by another person, company or institution acceptable to the Issuer as a new index sponsor,and/or
 - (b) increases or decreases of specified variables and values or the amounts payable under the Securities taking into account:
 - (i) the effect of an Extraordinary Event on the level of the Index;
 - (ii) the diluting or concentrative effect of an Extraordinary Event on the theoretical value of the Index; or
 - (iii) any cash compensation or other compensation in connection with a Replacement;and/or
 - (c) consequential amendments to the provisions of the Terms and Conditions that are required to fully reflect the consequences of the Replacement.
3. Adjustments should correspond to the adjustments to options or futures contracts relating to the Index made by the Futures Exchange (a "**Futures Exchange Adjustment**").
 - (a) In particular, the Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Futures Exchange Adjustments, in cases where
 - (i) the Futures Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;
 - (ii) the Futures Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve, in essence, the economic profile that the Securities had prior to the occurrence the Extraordinary Event and to adequately take into account the economic effect thereof on the level of the Index; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or
 - (iii) in cases where no Futures Exchange Adjustment occurs but where such Futures Exchange Adjustment would be required pursuant to the adjustment rules of the Futures Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether an Futures Exchange Adjustment would be required. The Issuer shall make Adjustments in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB).

- (b) In the event of any doubts regarding the application of the Futures Exchange Adjustment or adjustment rules of the Futures Exchange or where no Futures Exchange exists, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event and to adequately take into account the economic effect thereof on the level of the Index.
4. Any reference made to the Index and/or the Index Sponsor in these Terms and Conditions shall, if the context so admits, then refer to the replacement index and/or the index sponsor of the replacement index. All related definitions shall be deemed to be amended accordingly.
5. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Futures Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Futures Exchange.
6. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 6 of the General Terms.
7. Any adjustment in accordance with this § 5 of the Product-Specific Terms does not preclude a subsequent termination in accordance with § 6 paragraph 1 of the Product-Specific Terms on the basis of the same event.
8. If the Index is no longer calculated and published by the Index Sponsor but by another acceptable person, company or institution as the new Index Sponsor (the "**Successor Index Sponsor**"), all amounts payable under the Securities will be determined on the basis of the Index being calculated and published by the Successor Index Sponsor and any reference made to the Index Sponsor in these Terms and Conditions shall, if the context so admits, then refer to the Successor Index Sponsor. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.
9. If the Index Sponsor materially modifies the calculation method of the Index with effect on or after the Launch Date, or materially modifies the Index in any other way (except for modifications which are contemplated in the calculation method of the Index relating to a change with respect to any Index Components, the market capitalisation or with respect to any other routine measures), each an "**Index Modification**", then the Calculation Agent is entitled to continue the calculation and publication of the Index on the basis of the former concept of the Index and its last determined level. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether an Index Modification has occurred.
10. "**Extraordinary Event**" means:
- (a) the permanent or temporary cancellation or replacement of the Index or the replacement of the Index Sponsor by another person, company or institution not acceptable to the Issuer;
 - (b) the adjustment of options or futures contracts relating to the Index on the Futures Exchange or the announcement of such adjustment;
 - (c) the termination of trading in, or early settlement of, options or futures contracts relating to the Index on the Futures Exchange, if any, or the termination of trading in Index Components on any relevant exchange or trading system (the "**Index Component Exchange**") or the announcement of such termination or early settlement;
 - (d) a change in the currency in one or more Index Components and such change has a material effect on the level of the Index. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case;

- (e) the Index Sponsor (i) ceases to provide the Index and/or materially or frequently delays the publication of the level of the Index or the relevant data for calculating the level of the Index and the Issuer is not able to calculate the Index without the Index Sponsor's information and/or (ii) materially modifies its terms and conditions for the use of the Index and/or materially increases its fees for the use or calculation of the Index so that it is no longer economically reasonable to reference such Index and such modification and/or increase, respectively, are relevant with respect to the Securities. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case;
- (f) the occurrence of an Index Modification; or;
- (g) any other event that is economically equivalent to the before-mentioned events with regard to their effects.

Underlying Precious Metal

1. Upon the occurrence of an Extraordinary Event which has a material effect on the Precious Metal or on the price of the Precious Metal, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to adequately account for the economic effect of the Extraordinary Event on the Securities and to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether an Extraordinary Event has occurred and whether such Extraordinary Event has a material effect on the price of the Precious Metal.
2. An Adjustment may result in:
 - (a) the definition of the Reference Price being adjusted,and/or
 - (b) the replacement of the Precious Metal by another metal, a futures contract, a basket of futures contracts and/or cash and/or any other compensation, in each case as stipulated with reference to the relevant Extraordinary Adjustment Event (a "**Replacement**"), and another entity being determined as the Price Source,and/or
 - (c) increases or decreases of specified variables and values or the amounts payable under the Securities taking into account:
 - (i) the effect of an Extraordinary Event on the price of the Precious Metal;
 - (ii) the diluting or concentrative effect of an Extraordinary Event on the theoretical value of the Precious Metal; or
 - (iii) any cash compensation or other compensation in connection with an adjustment of the Reference Price or a Replacement;and/or
 - (d) consequential amendments to the metal related provisions of the Terms and Conditions that are required to fully reflect the consequences of the adjustment of the Reference Price or Replacement.
3. Adjustments should correspond to the adjustments made to the Precious Metal by the Price Source and, if applicable, by other major banks active in the international interbank market for metals (a "**Price Source Adjustment**").

- (a) In particular, the Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Price Source Adjustments, in cases where:
 - (i) the Price Source Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;
 - (ii) the Price Source Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Precious Metal; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or
 - (iii) in cases where no Price Source Adjustment occurs but where such Price Source Adjustment would be required pursuant to the adjustment rules of the Price Source; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether an Price Source Adjustment would be required. The Issuer shall make Adjustments in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB).
 - (b) In the event of any doubts regarding the application of the Price Source Adjustment, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Precious Metal.
4. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Price Source) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Price Source.
5. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 6 of the General Terms.
6. Any Adjustment in accordance with this § 5 of the Product-Specific Terms does not preclude a subsequent termination in accordance with § 6 of the Product-Specific Terms on the basis of the same event.
7. "**Extraordinary Event**" means:
- (a) a permanent discontinuance or unavailability of the Price Source,
 - (b) if since the Launch Date the basis (e.g. quantity, quality or currency) for the calculation of any price of the Precious Metal and/or the method have been modified substantially;
 - (c) the imposition of, change in or removal of a tax on, or measured by reference to, a Precious Metal after the Launch Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Precious Metal; or
 - (d) any other event that is economically equivalent to the before-mentioned events with regard to their effects.

Underlying Futures Contract

1. Upon the occurrence of an Extraordinary Event which has a material effect on the Futures Contract or the price of the Futures Contract, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to adequately account for the economic effect of the

Extraordinary Event on the Securities and to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether an Extraordinary Event has occurred and whether such Extraordinary Event has a material effect on the Futures Contract or the price of the Futures Contract.

2. An Adjustment may result in:

- (a) the replacement of the Futures Contract by other futures contracts and/or cash and/or any other compensation, in each case as stipulated with reference to in the relevant Extraordinary Event (a "**Replacement**"), and another exchange being determined as a Exchange,

and/or

- (b) increases or decreases of specified variables and values or the amounts payable under the Securities taking into account:
 - (i) the effect of an Extraordinary Event on the price of the Futures Contract,
 - (ii) the diluting or concentrative effect of an Extraordinary Event on the theoretical value of the Futures Contract, or
 - (iii) any cash compensation or other compensation in connection with a Replacement,

and/or

- (c) consequential amendments to the futures contract related provisions of the Terms and Conditions that are required to fully reflect the consequences of the adjustment of the Futures Contract Replacement.

3. Adjustments should correspond to the adjustments to the Futures Contract made by the Exchange (an "**Exchange Adjustment**").

- (a) In particular, the Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Exchange Adjustments, in cases where:
 - (i) the Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;
 - (ii) the Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Futures Contract; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or
 - (iii) in cases where no Exchange Adjustment occurs but where such Exchange Adjustment would be required pursuant to the adjustment rules of the Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether an Exchange Adjustment would be required. The Issuer shall make Adjustments in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB)
- (b) In the event of any doubts regarding the application of the Exchange Adjustment, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve, in essence, the economic profile had the Securities had prior to the occurrence of the Extraordinary Event

and to adequately take into account the economic effect thereof on the price of the Futures Contract.

4. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Exchange.
5. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 6 of the General Terms.
6. Any Adjustment in accordance with this § 5 of the Product-Specific Terms does not preclude a subsequent termination in accordance with § 6 of the Product-Specific Terms on the basis of the same event.
7. "**Extraordinary Event**" means:
 - (a) Disappearance of Reference Price,
 - (b) Material Change in Content;
 - (c) Material Change in Formula;
 - (d) Price Source Disruption;
 - [Futures Contract on Commodity or Bond:]
 - [(e) Tax Disruption;]
 - [(**•**)] Trading Disruption; or
 - [(**•**)] any other event that is economically equivalent to the before-mentioned events with regard to their effects.

All Underlyings

- [(**•**)] Upon the occurrence, as determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB), of an Administrator/Benchmark Event to a Benchmark (the "**Affected Benchmark**") on or after the Launch Date the following shall apply:
- (a) the Calculation Agent shall, using reasonable discretion (*billiges Ermessen*) (§ 317 BGB), determine the Benchmark that is the successor to or replacement of the Affected Benchmark which is formally recommended by any Relevant Nominating Body (the "**Successor Benchmark**"); or
 - (b) if no Successor Benchmark is available, the Calculation Agent shall, using reasonable discretion (*billiges Ermessen*) (§ 317 BGB), determine the Benchmark which is customarily applied in international [debt] capital markets transactions for the purposes of determining the Affected Benchmark (the "**Alternative Benchmark**" and together with the Successor Benchmark, the "**New Benchmark**").

If the Issuer determines a New Benchmark as described above, then such New Benchmark shall subsequently be used in place of the Affected Benchmark as of the relevant effective date notified by the Issuer to the Securityholders or, at the latest, for the immediately following period for which the Benchmark is to be determined (the "**Determination Period**") and subsequently for all following Determination Periods.

In the case of a New Benchmark, the Issuer shall in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) make any such additional adjustments to the Terms and Conditions in order to follow market practice in relation to the New Benchmark or

- (a) as are necessary to reflect any increased costs of the Issuer providing such exposure to the New Benchmark;

and/or

- (b) in the case of more than one New Benchmark, making provision for allocation of exposure between the New Benchmarks;

and/or

- (c) as are necessary to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to the Issuer as a result of the replacement of the Benchmark.

Where:

"Administrator/Benchmark Event" means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event all as determined by the Issuer.

"Benchmark" means any figure which is a benchmark as defined in BMR and where any amount payable under the Securities, or the value of the Securities, is determined by reference in whole or in part to such figure, all as determined by the Issuer.

"Benchmark Modification or Cessation Event" means, in respect of the Benchmark any of the following has occurred or will occur:

- (a) any material change in such Benchmark;
- (b) the permanent or indefinite cancellation or cessation in the provision of such Benchmark;
- (c) a regulator or other official sector entity prohibits the use of such Benchmark for the Issuer or any other entity generally or in respect of the Securities.

"BMR" means the EU Benchmarks Regulation (Regulation (EU) 2016/1011).

"Non-Approval Event" means, in respect of the Benchmark:

- (a) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be obtained;
- (b) the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be included in an official register; or
- (c) the Benchmark or the administrator or sponsor of the Benchmark does not or will not fulfil any legal or regulatory requirement applicable to the Securities, the Issuer or the Benchmark,

in each case, as required under any applicable law or regulation in order for the Issuer or any other entity to perform its obligations in respect of the Securities. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Securities under the applicable law or regulation during the period of such suspension.

"Relevant Nominating Body" means, in respect of the replacement of the Affected Benchmark:

- (a) [the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof][*nominating body*].

"Rejection Event" means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Securities, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for the Issuer or any other entity to perform its obligations in respect of the Securities.

"Suspension/Withdrawal Event" means, in respect of the Benchmark:

- (a) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is required under any applicable law or regulation in order for the Issuer or any other entity to perform its obligations in respect of the Securities; or
- (b) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any applicable law in order for the Issuer or any other entity to perform its obligations in respect of the Securities.
- (c) For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Securities under the applicable law or regulation during the period of such suspension or withdrawal.

For the avoidance of doubt, the above is additional, and without prejudice, to any other terms of the Securities. In the event that under any such terms any other consequences could apply in relation to an event or occurrence the subject of an Administrator/Benchmark Event, the Calculation Agent shall determine which terms shall apply in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB).

Any amendments made by the Issuer pursuant to this § 5 [paragraph •] of the Product-Specific Terms shall be notified by the Issuer pursuant to § 6 of the General Terms as soon as practicable following the determination thereof. Such notice shall be irrevocable and shall specify the date on which the relevant adjustments become effective.

In the case of the occurrence of an Administrator/Benchmark Event due to the BMR, the provisions of this § 5 [paragraph •] of the Product-Specific Terms shall take precedent over any other provisions in these Terms and Conditions under which the Issuer may make adjustments to the Terms and Conditions due to the occurrence of the same event; the Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.

§ 6 EXTRAORDINARY TERMINATION BY THE ISSUER

1. Upon the occurrence of an Extraordinary Event, the Issuer may freely elect to terminate the

Securities prematurely instead of making an Adjustment. In the case that an Adjustment would not be sufficient to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event, the Issuer shall terminate the Securities prematurely; the Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.

The following paragraph shall be applicable for Underlying Index

The Issuer may also freely elect to terminate the Securities prematurely in the case of an Index Modification in accordance with § 5 paragraph 9 of the Product-Specific Terms.

The following paragraph shall be applicable for Underlying Futures Contracts

The Issuer may also freely elect to terminate the Securities prematurely in the case of a discontinuation of the calculation of the NPV in accordance with § 2 paragraph 3 of the Product-Specific Terms.

By way of derogation from paragraph [●], the Securityholder shall receive in such a case an amount (the "**Extraordinary Termination Amount**") equal to the Redemption Amount as determined in accordance with the provisions of § 2 paragraph 2 of the Product-Specific Terms. In this respect, the NPV specified in § 2 paragraph 3 of the Product-Specific Terms shall in all respects supersede the NPV on the Valuation Date.

The following paragraph may be applicable for all Underlying

- [●]. [If the Issuer and/or its Affiliates are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any Hedging Transactions or (ii) to realize, regain or transfer the proceeds resulting from such Hedging Transactions (the "**Hedging Disruption**"), the Calculation Agent may freely elect to terminate the Securities prematurely. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether a Hedging Disruption has occurred.]

[The Issuer may also freely elect to terminate the Securities prematurely if (i) due to the adoption of or any change in any applicable law or regulation (including any tax law) or (ii) due to the promulgation of or any change in the interpretation by any competent court, tribunal or regulatory authority (including any tax authority) that (A) it has become illegal to hold, acquire or dispose of [any Index Components] [the Precious Metal] [the Futures Contract] or (B) it will incur materially increased costs in performing the Issuer's obligation under the Securities (including due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) (the "**Regulatory Change**"). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether a Regulatory Change has occurred.]

- [●]. If the Issuer has not made any adjustments in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) pursuant to § 5 paragraph [●] of the Product-Specific Terms due to the occurrence of an Administrator/Benchmark Event, the Issuer may, but is not obliged to, terminate extraordinarily the Securities.
- [●]. Any extraordinary termination of the Securities shall be notified by the Issuer in accordance with § 6 of the General Terms within [number] Business Days following the occurrence of the relevant event (the "**Extraordinary Termination Notice**"). The Extraordinary Termination Notice shall designate a Business Day as per which the extraordinary termination shall become effective (the "**Extraordinary Termination Date**") in accordance with the following provisions. Such Extraordinary Termination Date shall be not later than [number] Payment Business Days following the publication of the Extraordinary Termination Notice.
- [●]. If the Securities are called for redemption, they shall be redeemed at an amount per Security that is equivalent to their fair market value minus any expenses actually incurred by the Issuer under transactions that were required for winding up the Hedging Transactions (the "**Extraordinary Termination Amount**"). The Calculation Agent shall calculate the Extraordinary Termination Amount in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) by taking into account

prevailing market conditions[and any proceeds realised by the Issuer and/or any of its affiliates (within the meaning of § 271 paragraph 2 German Commercial Code (*HGB*), the "**Affiliates**") in connection with transactions or investments concluded by it in its reasonable commercial discretion (*vernünftiges kaufmännisches Ermessen*) for hedging purposes in relation to the assumption and fulfilment of its obligations under the Securities (the "**Hedging Transactions**")].

- [●]. The Issuer shall pay the Extraordinary Termination Amount to the Securityholders not later than on the [ordinal number] Payment Business Day following the Extraordinary Termination Date.

§ 7 EVENT OF DEFAULT

1. Upon the occurrence of any of the following events (each an "**Event of Default**"):
 - (a) default by the Issuer is made in the payment or delivery of any amount due in respect of the Securities and such default continues for a period of 30 days, unless the Guarantor shall have remedied such default before the expiry of such period; or
 - (b) the Issuer fails to perform or observe any of its other obligations under or in respect of the Securities and the failure continues for a period of 60 days next following the service on the Issuer and the Guarantor of a notice requiring the same to be remedied (except in any case where such failure is incapable of remedy, by the Issuer or the Guarantor, in which case no such continuation here above mentioned will be required); or
 - (c) the Issuer institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or the jurisdiction of its head office, or the Issuer consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or the Issuer consents to a petition for its winding-up or liquidation by it or by such regulator, supervisor or similar official, provided that proceedings instituted or petitions presented by creditors and not consented to by the Issuer shall not constitute an Event of Default; or
 - (d) the Guarantee ceases to be in full force and effect in respect of the Securities, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of the Securities, or is rendered void for any cause or by any means whatsoever except if the same results from the occurrence of a Change in Law which constitutes a Regulatory Event as provided for in paragraph 2. below; or
 - (e) a Required Collateral Default Notice is delivered in relation to a Collateral Pool securing the Securities;

then the Securityholder may give written notice to the Issuer and the Guarantor that the Securities are, and they shall accordingly forthwith become, immediately due and repayable at the Extraordinary Termination Amount.

The Issuer shall pay the Extraordinary Termination Amount to the Securityholders not later than on the [ordinal number] Payment Business Day following the receipt of the Required Collateral Default Notice.

2. "**Change in Law**" means (i) the adoption, enactment, promulgation, execution or ratification of any applicable new law, regulation or rule (including, without limitation, any applicable tax law, regulation or rule) after the Payment Date of the Securities, (ii) the implementation or application of any applicable law, regulation or rule (including, without limitation, any applicable tax law, regulation or rule) already in force on the Payment Date of the Securities but in respect of which the manner of its implementation or application was not known or unclear at the Payment Date, or (iii) the change of any applicable law, regulation or rule existing at the Payment Date of the Securities, or the change in the interpretation or application or practice relating thereto, existing on the Payment Date of the Securities of any applicable law, regulation or rule, by any competent

court, tribunal, regulatory authority or any other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any additional or alternative court, tribunal, authority or entity, to that existing on the Payment Date).

"Regulatory Event" means, following the occurrence of a Change in Law with respect to the Issuer and/or Société Générale as Guarantor or in any other capacity (including without limitation as market maker of the Securities or direct or indirect shareholder or sponsor of the Issuer) or any of its affiliates involved in the issue of the Securities (hereafter the **"Relevant Affiliates"** and each of the Issuer, Société Générale and the Relevant Affiliates, a **"Relevant Entity"**) that, after the Payment Date of the Security, (i) any Relevant Entity would incur a materially increased (as compared with circumstances existing prior to such event) amount of tax, duty, liability, penalty, expense, fee, cost or regulatory capital charge however defined or collateral requirements for performing its obligations under the Securities, including, without limitations, due to clearing requirements of, or the absence of, clearing of the transactions entered into in connection with the issue of the Securities, (ii) it would be required from the Relevant Entity to obtain any licence, authorization, approval, permit, registration from any governmental, inter-governmental, supranational authority, agency, instrumentality, ministry or department thereof that it does not hold as of the Payment Date or to modify its by-laws to comply with the new requirements (a) to hold, acquire, issue, reissue, substitute, maintain, redeem, settle or as the case may be, guarantee, the Securities, (b) to acquire, hold, sponsor or dispose of any asset(s) (or any interests thereof) of any other transaction(s) such Relevant Entity may use in connection with the issue of the Securities, (c) to perform obligations in connection with, the Securities or any contractual arrangement entered into between the Issuer and Société Générale or any Relevant Affiliate or (d) to hold, acquire, maintain, increase, substitute or redeem all or a substantial part of its direct or indirect shareholding in the Issuer's capital or the capital of any Relevant Affiliate or to directly or indirectly sponsor the Issuer or any Relevant Affiliate, or (iii) there is or may be a material adverse effect on a Relevant Entity in connection with the issue of the Securities.

	Substitute Paying Agency Agreement has the meaning given to it in Condition 2.3.
	Substitute Paying Agent has the meaning given to it in Condition 2.3.
	Type of Collateralisation means MV Collateralisation, NV Collateralisation, Min (MV, NV) Collateralisation or Max (MV, NV) Collateralisation as specified in the Secured-Specific Provisions.
	Undeliverable Collateral Assets has the meaning given to it in Condition 4.8.2.
	Valuation Point has the meaning as specified in the Secured-Specific Provisions.
	Waived Security has the meaning given to it in Condition 3.2.

2.	DESCRIPTION OF THE PLEDGE AND THE COLLATERAL ARRANGEMENTS
2.1.	Description of the Pledge Agreement
	Each Series of Securities will benefit from a pledge agreement which will be governed by the Luxembourg act dated 5 August 2005 on financial collateral arrangements, as amended (the Collateral Act 2005), concluded between the Issuer, the Collateral Custodian and the Security Trustee creating security over Collateral Assets contained in one or more collateral accounts held by the Issuer with the Collateral Custodian (such accounts together being referred to as the Collateral Accounts) in favour of the Security Trustee on behalf of itself and the relevant Securityholders or directly in favour of the relevant Securityholders and with respect to Multiple Series Collateral Pool supplemented from time to time by an

	Extension Notice to extend the benefit of the pledge agreement to other Series or Tranche of Securities (each a Pledge Agreement). Under each Pledge Agreement, the Issuer will grant first ranking security over the Collateral Assets contained in the Collateral Accounts.
2.2	Description of the Security Trustee
2.2.1	Appointment of a Security Trustee
	In relation to each Series of Securities secured pursuant to a Pledge Agreement, BNY Mellon Corporate Trustee Services Limited or any substitute or replacement thereof, (the Security Trustee) appointed as pledgee pursuant to such Pledge Agreement will enter into a security trust deed governed by English law on behalf of itself and the relevant Securityholders and the other relevant Secured Parties with the Issuer on each Payment Date (a Security Trust Deed);
	Under the terms of each Security Trust Deed, the Security Trustee will covenant that it will exercise its rights under the relevant Pledge Agreement on behalf of, and as trustee for the Securityholders and will declare a trust in favour of the Securityholders and the other relevant Secured Parties over the rights granted to it under the relevant Pledge Agreement.
2.3	Description of the Collateral Arrangements
2.3.1	Collateral Agency Agreement
	Pursuant to the terms of a collateral agency agreement (the Collateral Agency Agreement) between, <i>inter alia</i> , the Issuer and Société Générale or any successor thereto acting as collateral agent (the Collateral Agent), the Collateral Agent will calculate on the Payment Date of each Series of Securities and on each Collateral Test Date thereafter the Collateral Value as set out in these Additional Terms and Conditions.
2.3.2	Collateral Monitoring Agency Agreement
	Pursuant to the terms of a collateral monitoring agency agreement (the Collateral Monitoring Agency Agreement) between, <i>inter alia</i> , the Issuer and The Bank of New York Mellon, London Branch acting as collateral monitoring agent or any successor thereto (the Collateral Monitoring Agent), the Collateral Monitoring Agent shall, on each Collateral Test Date, calculate the Collateral Value and the Required Collateral Value and verify that the Collateral Test is satisfied.
2.3.3	Collateral Custodian Agreement
	Pursuant to the terms of a collateral custodian agreement (the Collateral Custodian Agreement) between, <i>inter alia</i> , the Issuer and The Bank of New York Mellon SA/NV, Luxembourg branch acting as collateral custodian or any successor thereto (the Collateral Custodian), the Collateral Custodian will hold the Collateral Accounts opened in its books in the name of the Issuer.
2.3.4	Securities Valuation Agency Agreement
	Pursuant to the terms of a securities valuation agency agreement (the Securities Valuation Agency Agreement) between, <i>inter alia</i> , the Issuer and, Société Générale or any successor thereto and, if applicable, any sub-agent of, or any other entity appointed by Société Générale (the Securities Valuation Agent), the Securities Valuation Agent shall, on each Collateral Test Date, calculate one market value applicable to each Security of such Series and provide such value to the Collateral Agent and the Collateral Monitoring Agent.
2.3.5	Disposal Agency Agreement
	Pursuant to a disposal agency agreement concluded with the Issuer, the Security Trustee, The Bank of New York Mellon, London Branch or any successor thereto (the Disposal Agent) shall undertake the duties of disposal agent in respect of the Securities. As such, it may dispose of all or some of the Collateral Assets on behalf of and only when instructed to do so by the Security Trustee (the Disposal Agency Agreement). Following receipt of a Collateral Enforcement Notice, the Security Trustee will enforce the relevant Pledge Agreement relating to the Collateral Pool and instruct the Disposal Agent to liquidate or realize the Collateral Assets and to distribute the Collateral Enforcement Proceeds Share or, in case of Physical Delivery of Collateral Assets, to deliver the Collateral Assets, to the Securityholders.
2.3.6	Substitute Paying Agency Agreement
	The Issuer has appointed The Bank of New York Mellon, London Branch or any successor thereto as substitute paying agent in relation to all Securities (the Substitute Paying Agent) pursuant to the terms of a substitute paying agency agreement between, <i>inter alia</i> , the Issuer and the Substitute Paying Agent (the Substitute Paying Agency Agreement). The Substitute Paying Agent shall act as agent of the Security Trustee for the purposes of

	assisting with the payment of any Collateral Enforcement Proceeds Share or the Delivery of any Collateral Assets Entitlement to Securityholders (if so requested by the Security Trustee, as the case may be), communicating notices to Securityholders on behalf of the Security Trustee and performing any other obligations as set out in these Secured-Specific Terms.
2.3.7	Calculations and determinations
	In relation to each issue of Securities, the Collateral Agent, the Collateral Monitoring Agent and the Securities Valuation Agent act solely as agents of the Issuer, and do not assume any obligation or duty to, or any relationship of agency or trust for or with, the Securityholders.
	All calculations and determinations made in respect of the Securities by the Collateral Agent, Collateral Monitoring Agent and Securities Valuation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor, the Securityholders and the Security Trustee.
	Each of the Collateral Agent, Collateral Monitoring Agent and Securities Valuation Agent may, with the consent of the Issuer, delegate any of their obligations and functions to a third party as provided for in the Collateral Agency Agreement, Collateral Monitoring Agency Agreement and Securities Valuation Agency Agreement, as applicable.
2.4	Description of the Collateral Assets
2.4.1	Assets held in a Collateral Account and delivered to the Collateral Custodian are referred to as Collateral Assets . The Collateral Assets secured pursuant to a Pledge Agreement are referred to as the Collateral Pool .
	Collateral Assets contained in a Collateral Pool may comprise:
	- cash;
	- debt securities (including, but not limited to, government bonds, corporate bonds, covered bonds and asset backed securities);
	- equity securities, shares, units or interests in a fund; and/or
	- any other negotiable financial instruments in book entry-form.
	In order to be included in the calculation of the Collateral Value, Collateral Assets must satisfy the Eligibility Criteria specified in the Secured-Specific Provisions attached hereto. Collateral Assets satisfying the relevant Eligibility Criteria are referred to as Eligible Collateral Assets .
	The Eligibility Criteria specified in the Secured-Specific Provisions attached hereto may include limitations on the type of Collateral Assets that may be held, the maturity of the Collateral Assets, the liquidity of the Collateral Assets, requirements regarding the jurisdiction of the obligor of the Collateral Assets or its guarantor or the credit rating of the obligor of the Collateral Assets or its guarantor and/or any other limitations, restrictions and/or requirements concerning the Collateral Assets.
	In addition to the Eligibility Criteria, the Secured-Specific Provisions attached hereto will set out the collateral rules which must be satisfied in order for the Collateral Test to be satisfied (the Collateral Rules). The Collateral Rules may include requirements relating to the diversification of types of Eligible Collateral Assets, the concentration of the Eligible Collateral Assets, the geographical location of the Eligible Collateral Assets or the currency of the Eligible Collateral Assets which may be held in a Collateral Pool and/or any other limitations, restrictions and/or requirements concerning the Eligible Collateral Assets contained in the relevant Collateral Pool as may be specified in the applicable Final Terms. For the avoidance of doubt, the Collateral Rules relating to a particular Collateral Pool will be satisfied to the extent that Eligible Collateral Assets with a Collateral Value at least equal to the Required Collateral Value together satisfy the Collateral Rules.
2.4.2	Delegation to Collateral Agent
	The Issuer may, pursuant to the terms of the Collateral Agency Agreement, delegate to the Collateral Agent the role of managing each Collateral Pool to comply with the requirements of these Secured-Specific Terms (including, but not limited to, compliance with Conditions 3.4 and 3.5).
2.5	Type of Collateral Pool
	A Collateral Pool may be either a Single Series Collateral Pool or a Multiple Series Collateral Pool, each as further defined below.
2.5.1	<u>Single Series Collateral Pool</u>

	Where the Secured-Specific Provisions attached hereto specify that the Type of Collateral Pool is " <i>Single Series Collateral Pool</i> ", such Series of Securities will be the only Series of Securities to be secured by the relevant Collateral Pool (a Single Series Collateral Pool).
2.5.2	<u>Multiple Series Collateral Pool</u>
	Where the Secured-Specific Provisions attached hereto specify that the Type of Collateral Pool is " <i>Multiple Series Collateral Pool</i> ", such Series of Securities may be secured by a Collateral Pool which secures one or more Series of Securities (a Multiple Series Collateral Pool).
	Each Series of Securities secured pursuant to a Multiple Series Collateral Pool must (i) be subject to the same governing law, (ii) be subject to the same method of distribution of Collateral Assets following enforcement of the relevant Pledge Agreement (i.e. exclusively either subject to " <i>Physical Delivery of Collateral Assets</i> " or not subject to "Physical Delivery of Collateral Assets"), (iii) be subject to the same Eligibility Criteria and Collateral Rules, (iv) be subject to the same Haircut value(s) for each type or class of Eligible Collateral Assets, and (v) have the same Collateral Test Dates pursuant to the Collateralisation Percentage applicable to each Series of Securities.
	In such a scenario, following enforcement of the relevant Pledge Agreement, all Series of Securities secured on such Collateral Pool would share in the distribution of the proceeds of realisation of the Collateral Assets constituting such Collateral Pool or Securities or, where the clause "Physical Delivery of Collateral Assets" is specified as applicable in the Secured-Specific Provisions attached hereto, in the delivery of the Collateral Assets contained in such Collateral Pool.
	Securityholders acquiring and holding Securities in relation to a Multiple Series Collateral Pool will be deemed to acknowledge, accept and agree to the rights of existing and future Securityholders of different Series of Securities to share rateably in the security created over the Collateral Assets in the Multiple Series Collateral Pool.
2.6	Segregation between Collateral Pools, Limited Recourse and Non-Petition
2.6.1	<u>Limited Recourse against the Issuer</u>
	By acquiring and holding Securities, Securityholders will be deemed to acknowledge and agree that the obligations of the Issuer to the Securityholders are limited in recourse to the Collateral Assets contained in the relevant Collateral Pool securing such Series of Securities both in the case of a Single Series Collateral Pool and a Multiple Series Collateral Pool.
	If:
	a) there are no remaining relevant Collateral Assets in the relevant Collateral Pool which are capable of being realised or otherwise converted into cash;
	b) all amounts available from the relevant Collateral Assets in the relevant Collateral Pool have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the relevant Pledge Agreement and these Secured-Specific Terms; and
	c) there are insufficient amounts available from the relevant Collateral Assets in the relevant Collateral Pool to pay in full, in accordance with the provisions of the relevant Pledge Agreement and these Secured-Specific Terms, amounts outstanding under the Securities (including payments of principal, premium (if any) and interest),
	then the Securityholders of such Securities shall have no further claim against the Issuer in respect of any amounts owed to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any) and/or interest in respect of the Securities). For the avoidance of doubt, in such a scenario, Securityholders will continue to be able to claim under the terms of the Guarantee against the Guarantor for any unpaid amounts.
2.6.2	<u>Segregation between Collateral Pools</u>
	No Securityholder shall be entitled to have recourse to the Collateral Assets contained in a Collateral Pool other than the Collateral Pool which secures the Securities held by such Securityholder.
2.6.3	<u>Non-petition</u>
	By acquiring and holding Securities, Securityholders will be deemed to acknowledge and agree that they will not take any steps or initiate proceedings to procure the winding-up, administration or liquidation (or any other analogous proceeding) of the Issuer.
2.7	Hedging of Issuer's obligations
	The Issuer may hedge its obligations in relation to a Series of Securities in a number of different ways, including by entering into repurchase agreements (Repurchase

	Agreements) or swap agreements (Swap Agreements) or any other agreements (any Repurchase Agreement, Swap Agreement or any other such agreement being a Hedging Agreement) with a counterparty which may be Société Générale or an affiliate of Société Générale or such other entities as the Issuer deems appropriate from time to time (each such entity being a Counterparty). Such transactions may also include provisions for the transfer to the Issuer of assets which may be treated as Collateral Assets by the Issuer and used to fulfil its obligations in relation to the Securities. Where such Hedging Agreements provide for the transfer of assets to the Issuer, such transfer shall be made with full title.
	A Swap Agreement may be evidenced by a 2002 ISDA Master Agreement and Schedule together with the confirmation entered into by the Issuer and the Counterparty in respect of the relevant Series of Securities. If the Counterparty's obligations under the Swap Agreement are to be collateralised, the Swap Agreement may be supplemented by a 1995 ISDA Credit Support Annex (Bilateral Form – Transfer).
	A Repurchase Agreement may be substantially in the form of a 2000 TBMA/ISMA Global Master Repurchase Agreement, a " <i>Convention Cadre FBF relative aux opérations de pensions livrées</i> ", each as amended, supplemented or otherwise modified from time to time, or any other agreement having a similar effect.
2.8	Collateral Disruption Events
	If the Issuer or the Collateral Agent determines that a Collateral Disruption Event has occurred, the Issuer may in its sole and absolute discretion redeem or cancel, as applicable, all of the relevant Securities at the Extraordinary Termination Amount following the occurrence of a Collateral Disruption Event as specified in the Secured-Specific Provisions.
	The occurrence of a Collateral Disruption Event will not constitute an Event of Default.

3.	COLLATERALISATION OF SECURITIES
3.1	Valuation of Collateral and Securities
	In order to ensure that a Series of Securities is collateralised in accordance with its terms, the Collateral Value and the Securities Market Value of each Series of Securities secured by such Collateral Pool will each be tested on the Payment Date of such Series of Securities and on each Collateral Test Date as specified in the Secured-Specific Provisions.
3.1.1	Valuation of Collateral
	The Collateral Value and the Securities Market Value will be used in order to calculate the Required Collateral Value of Eligible Collateral Assets (as further described in Condition 3.3) which must be held in a Collateral Account to secure one or more Series of Securities.
	In relation to each Series of Securities, on the Payment Date of such Series of Securities and on each Collateral Test Date thereafter the Collateral Agent will determine the Collateral Value on the basis of such valuation method or methods as the Collateral Agent may determine acting in good faith and in a commercially reasonable manner
	Except if, in the Secured-Specific Provisions attached hereto, "Collateral Valuation at Nominal Value" is specified as "applicable", the collateral value means the aggregate market value as of the relevant Valuation Point expressed in the Collateral Valuation Currency, of the Eligible Collateral Assets in a Collateral Pool, in each case taking into account any Haircut applied in relation thereto (the Collateral Value).
	If the Secured-Specific Provisions attached hereto specify that "Collateral Valuation at Nominal Value" is applicable, the Collateral Value shall be deemed to be equal to the aggregate nominal value of the Collateral Assets constituting Eligible Collateral Assets (after taking into account any Haircut applied in relation thereto, as further described below) (the Collateral Valuation at Nominal Value) and "Collateral Value" shall be construed accordingly throughout these Secured-Specific Terms.
	Where the relevant currency of denomination of a Collateral Asset is other than the Collateral Valuation Currency, the Collateral Agent shall convert the value of such Collateral Asset at the relevant spot exchange rate.
	If Predetermined Collateral Valuation Currency Rate of Exchange is specified as applicable in the Secured-Specific Provisions attached hereto, the relevant spot exchange rate shall be the predetermined rate specified in the Secured-Specific Provisions attached hereto (the Predetermined Collateral Valuation Currency Rate of Exchange).
	Except if Predetermined Collateral Valuation Currency Rate of Exchange is specified as applicable in the Secured-Specific Provisions attached hereto, the relevant spot exchange rate shall be the rate displayed on the Collateral Valuation Currency Screen Page at the Collateral Valuation Currency Specified Time or, if no such Collateral Valuation Currency

	Screen Page is specified in the Secured-Specific Provisions attached hereto or such Collateral Valuation Currency Screen Page is not available, the relevant spot rate shall be the rate determined by the Collateral Agent in good faith and in a commercially reasonable manner.
	In performing its calculations as described in the section " <i>Verification by Collateral Monitoring Agent</i> " below, the Collateral Monitoring Agent will use the same method of valuation of the Collateral Assets and, as the case may be, the relevant Haircut value(s) specified in the Secured-Specific Provisions attached hereto.
3.1.2	<u>Valuation of Secured Securities</u>
	On each Collateral Test Date for each Series of Securities in relation to which MV Collateralisation, Min (MV, NV) Collateralisation or Max (MV, NV) Collateralisation is applicable as specified in the Secured-Specific Provisions, the Securities Valuation Agent will calculate the market value applicable to each Security of such Series of Securities as of the Valuation Point on the basis of such valuation method as the Securities Valuation Agent may, acting in good faith and in a commercially reasonable manner and in accordance with the terms of the Securities Valuation Agency Agreement, determine (the Security Market Value). The Securities Valuation Agent will provide such value to the Collateral Agent and the Collateral Monitoring Agent.
	For the avoidance of doubt, the Security Market Value determined by the Securities Valuation Agent may differ from the fair market value determined by the Calculation Agent in accordance with § 6 of the Product-Specific Terms and from the price proposed, as the case may be, by Société Générale or any of its affiliates or any other entities acting as market maker on the secondary market for a Security.
	When NV Collateralisation is specified as being the Type of Collateralisation in the applicable Final Terms, the value of the Securities shall be deemed to be equal to the aggregate nominal value of the Securities.
3.2	Waiver of Rights to Collateral Assets
	If " <i>Waiver of Rights</i> " is specified as applicable in the Secured-Specific Provisions attached hereto, certain Securityholders intending to hold Securities (including but not limited to, in their capacity as a market maker) may waive their rights by written notice to receive the proceeds of realisation of the Collateral Assets securing such Series of Securities (or where Physical Delivery of Collateral Assets is specified as applicable in the Secured-Specific Provisions attached hereto, delivery of the Collateral Assets) following the enforcement of the relevant Pledge Agreement (any such Securities being Waived Securities).
	Holders of Waived Securities are deemed to waive their rights to give written notice to the Issuer and the Guarantor that the Waived Securities are immediately due and repayable at their Extraordinary Termination Amount on the occurrence of an Event of Default following the delivery of a Required Collateral Default Notice (as described below). As a consequence, when calculating the Required Collateral Value in accordance with the provisions described below, the Collateral Agent and the Collateral Monitoring Agent shall only take into account the value of the Securities that have not been subject to such waiver (any such Securities being Non-Waived Securities).
	Each holder of Waived Securities shall be required to (i) inform by written notice and, upon request from the Collateral Agent, provide evidence to, the Collateral Agent of the number of Waived Securities that he holds on the Payment Date and on each Collateral Test Date and (ii) notify the Collateral Agent following any transfer of Waived Securities. The Collateral Business Day following such notification will be deemed to be a Collateral Test Date and the Collateral Agent shall notify the Issuer and the Collateral Monitoring Agent of the same. Notwithstanding the above, all Securities held by Société Générale or one or more of its affiliates, including but not limited to, in its capacity as market maker, will be deemed to be Waived Securities, unless otherwise notified in writing by Société Générale or one or more of its affiliates to the Collateral Agent.
	None of the Issuer, the Guarantor, the Collateral Agent, the Collateral Monitoring Agent, the Security Trustee shall be responsible for any incorrect, inaccurate or incomplete information relating to the number of Waived Securities relating to any one or more Series of Securities that may have been provided to the Collateral Agent by or on behalf of any holder of Waived Securities and none of the Issuer, the Guarantor, the Collateral Agent, the Collateral Monitoring Agent, the Security Trustee shall be under any duty to verify or otherwise confirm the number of Waived Securities so held.

3.3	Required Collateral Value
	The required collateral value will be calculated by the Collateral Agent on the Payment Date and on each relevant Collateral Test Date as follows (the Required Collateral Value) except if the Secured-Specific Provisions attached hereto "NV Collateralisation" as being the Type of Collateralisation in the Secured-Specific Provisions attached hereto, the Collateral Agent will be required to use the Security Market Value determined by the Securities Valuation Agent in determining the Required Collateral Value:
	A. Single Series Collateral Pool:
	In relation to a Single Series Collateral Pool, the Required Collateral Value will be determined by the Collateral Agent on the Payment Date and on each relevant Collateral Test Date in respect of such Series of Securities as follows:
	(i) where " <i>MV Collateralisation</i> " is specified as being the Type of Collateralisation applicable in the Secured-Specific Provisions attached hereto relating to a Series of Securities, the Required Collateral Value shall be equal to the product of (a) the Collateralisation Percentage, (b) the Security Market Value and (c) the number of Non-Waived Securities of such Series;
	(ii) where " <i>NV Collateralisation</i> " is specified as being the Type of Collateralisation applicable in the Secured-Specific Provisions attached hereto relating to a Series of Securities, the Required Collateral Value shall be equal to the product of (a) the Collateralisation Percentage and (b) the total aggregate nominal value of the Non-Waived Securities of such Series;
	(iii) where " <i>Min (MV, NV) Collateralisation</i> " is specified as being the Type of Collateralisation applicable in the Secured-Specific Provisions attached hereto relating to a Series of Securities, the Required Collateral Value shall be equal to the lower of:
	(a) the product of (1) the Collateralisation Percentage, (2) the Security Market Value and (3) the number of Non-Waived Securities in such Series of Securities or
	(b) the product of (1) the Collateralisation Percentage and (2) the total aggregate nominal value of the Non-Waived Securities of such Series; or
	(iv) where " <i>Max (MV, NV) Collateralisation</i> " is specified as being the Type of Collateralisation applicable in the Secured-Specific Provisions attached hereto relating to a Series of Securities, the Required Collateral Value shall be equal to the greater of:
	(a) the product of (1) the Collateralisation Percentage, (2) the Security Market Value and (3) the number of Non-Waived Securities in such Series of Securities or;
	(b) the product of (1) the Collateralisation Percentage and (2) the specified proportion of the total aggregate nominal value of the Non-Waived Securities of such Series.
	B. Multiple Series Collateral Pool
	In relation to a Multiple Series Collateral Pool, the Required Collateral Value will be determined by the Collateral Agent on the Payment Date and on each relevant Collateral Test Date in respect of each Series of Securities secured by the relevant Collateral Pool as follows:
	(i) where " <i>MV Collateralisation</i> " is specified as being the Type of Collateralisation applicable in the Secured-Specific Provisions attached hereto relating to a Series of Securities, the Required Collateral Value shall be equal to the sum of the amounts calculated in respect of each Series of Securities as follows: the product of (a) the Collateralisation Percentage, (b) the Security Market Value and (c) the number of Non-Waived Securities of such Series;
	(ii) where " <i>NV Collateralisation</i> " is specified as being the Type of Collateralisation applicable in the Secured-Specific Provisions attached hereto relating to a Series of Securities, the Required Collateral Value shall be equal to the sum of the amounts calculated in respect of each Series of Securities as follows the product of (a) the Collateralisation Percentage and (b) the total aggregate nominal value of the Non-Waived Securities of such Series;
	(iii) where " <i>Min (MV, NV) Collateralisation</i> " is specified as being the Type of Collateralisation applicable in the Secured-Specific Provisions attached hereto relating to a Series of Securities, the Required Collateral Value shall be equal to the

	sum of the lower of the amount calculated in respect of each Series of Securities as follows:
	(a) the product of (1) the Collateralisation Percentage, (2) the Security Market Value and (3) the number of Non- Waived Securities in such Series of Securities; or
	(b) the product of (1) the Collateralisation Percentage and (2) the total aggregate nominal value of the Non-Waived Securities of such Series; or
	(iv) where " <i>Max (MV, NV) Collateralisation</i> " is specified as being the Type of Collateralisation applicable in the Secured-Specific Provisions attached hereto relating to a Series of Securities, the Required Collateral Value shall be equal to the sum of the greater of the amount calculated in respect of each Series of Securities as follows:
	(a) the product of (1) the Collateralisation Percentage, (2) the Security Market Value and (3) the number value of the Non-Waived Securities of such Series;
	C. <u>Conversion in case Specified Currency is not the Collateral Valuation Currency</u>
	In determining the Required Collateral Value, where the Specified Currency of any Security is other than the Collateral Valuation Currency, the Collateral Agent shall convert the Security Market Value and/or the nominal value, as the case may be, of such Security at the relevant spot exchange rate, in accordance with Condition 3.1.1.
	D. <u>Collateralisation Percentage</u>
	The collateralisation percentage relating to a Series of Securities will be specified in the Secured-Specific Provisions attached hereto and may be a fixed percentage or a percentage determined by applying a predetermined formula (the Collateralisation Percentage). The Secured-Specific Provisions attached hereto may also specify that the Collateralisation Percentage may vary during the term of the Securities, after a certain date, following the occurrence of a trigger event or following a unanimous decision of the Securityholders.
	If the Secured-Specific Provisions attached hereto specify that the Collateralisation Percentage may vary in certain circumstances following a unanimous decision of the Securityholders, to exercise such option, a Securityholder shall notify the unanimous decision of the Securityholders specifying the new Collateralisation Percentage and the date of variation of the Collateralisation Percentage, to the Issuer and the Paying Agent within the notice period specified in the Secured-Specific Provisions attached hereto. Notices to be given by any Securityholder shall be in writing and given by lodging the same, together with the relative Security or Securities, with the Paying Agent. Whilst any of the Securities are represented by a Global Security, such notice may be given by any Securityholder to the Paying Agent via the Clearing System in such manner as the Paying Agent and the Clearing System may approve for this purpose.
3.4	Adjustments to Collateral Pool and Collateral Test Notice
	On each Collateral Test Date relating to a relevant Series of Securities the Collateral Agent will determine whether (i) the Collateral Rules applicable to such Collateral Pool are satisfied and (ii) the Collateral Value is greater than or equal to 97 per cent of the Required Collateral Value for such Collateral Pool (taking into account any Haircut value(s) to be applied to the Collateral Assets and the aggregate value of any Waived Securities) (limbs (i) and (ii) above being referred to as the Collateral Test).
	When determining whether the Collateral Test is satisfied:
	- Collateral Assets for which instructions for the transfer to the relevant Collateral Account have been provided on or before such Collateral Test Date will be included; and
	- Collateral Assets for which instructions for the removal from the relevant Collateral Account have been provided on or before such Collateral Test Date will be excluded, for the purposes of such determination.
	If on a Collateral Test Date the Collateral Agent determines that the Collateral Test is not satisfied for a specific Collateral Pool, the Collateral Agent on behalf of the Issuer will select the type and quantity of Collateral Assets to be deposited in the Collateral Account (or will select existing Collateral Assets to be replaced with other Collateral Assets), in order that after such adjustment the Collateral Test will be satisfied.
	If on a Collateral Test Date the Collateral Agent determines that the Collateral Test is satisfied for a specific Collateral Pool and, if on such date, the Collateral Value is greater than the Required Collateral Value, the Collateral Agent on behalf of the Issuer shall be

	entitled to select Collateral Assets to be removed from the Collateral Account (or shall be entitled to select existing Collateral Assets to be replaced with other Collateral Assets), provided that after such adjustment the Collateral Test continues to be satisfied.
	On each Collateral Business Day, if the Collateral Agent on behalf of the Issuer intends to make adjustments to the Collateral Assets held in a Collateral Pool (including, but not limited to, adjustments in order to ensure that the Collateral Test will be satisfied), the Collateral Agent will send or cause to be sent a notice to the Collateral Monitoring Agent and the Collateral Custodian (copied to the Issuer and the Guarantor, as the case may be) specifying the adjustments to be made to such particular Collateral Pool (including <i>inter alia</i> the type and quantity of any Collateral Assets to be deposited and/or removed) (the Collateral Test Notice).
3.5	Verification by Collateral Monitoring Agent
	If on the relevant Collateral Test Date:
	(i) a Collateral Test Notice has been delivered by the Collateral Agent and the Collateral Monitoring Agent determines that the Collateral Test will not be satisfied (including after taking into account any adjustments specified in such Collateral Test Notice); or
	(ii) no Collateral Test Notice has been delivered by the Collateral Agent but the Collateral Monitoring Agent has determined the Collateral Test will not be satisfied (or will no longer be satisfied) after taking into account any adjustments specified in such Collateral Test Notice;
	then the Collateral Monitoring Agent shall, on the Collateral Business Day immediately following the relevant Collateral Test Date, notify the Collateral Agent in writing providing details of why it considers that the Collateral Test is or will not be satisfied (such notice being hereafter referred to as a Collateral Monitoring Agent Notice).
	Following receipt of a Collateral Monitoring Agent Notice, the Collateral Agent will determine whether it is in agreement with the contents of the Collateral Monitoring Agent Notice.
	Should the Collateral Agent agree with the contents of a Collateral Monitoring Agent Notice, the Collateral Agent shall on the Collateral Business Day immediately following receipt of a Collateral Monitoring Agent Notice send or cause to be sent a revised Collateral Test Notice (a First Level Revised Collateral Test Notice) to the Collateral Monitoring Agent and the Collateral Custodian (copied to the Issuer and the Guarantor, as the case may be) specifying the agreed adjustments to be made to the Collateral Pool (including <i>inter alia</i> the type and quantity of any Collateral Assets to be deposited and/or removed) such that the Collateral Test will be satisfied. The First Level Revised Collateral Test Notice shall be prepared in the same way and shall provide the same information as is required to be included in a Collateral Test Notice.
	If the Collateral Agent disputes the contents of a Collateral Monitoring Agent Notice, it shall, on the Collateral Business Day immediately following receipt of a Collateral Monitoring Agent Notice, notify the Collateral Monitoring Agent of such dispute in writing (a Dispute Notice) and the Collateral Monitoring Agent and the Collateral Agent shall consult with each other in good faith in an attempt to resolve the dispute.
	After having (i) disputed the contents of a Collateral Monitoring Agent Notice, (ii) delivered a Dispute Notice in relation thereto and (iii) resolved and agreed such dispute with the Collateral Monitoring Agent, the Collateral Agent shall on the Collateral Business Day immediately following receipt of a Dispute Notice send or cause to be sent a revised Collateral Test Notice to the Collateral Monitoring Agent (a Second Level Revised Collateral Test Notice) and the Collateral Custodian (copied to the Issuer and the Guarantor, as the case may be) specifying the agreed adjustments to be made to the Collateral Pool (including <i>inter alia</i> the type and quantity of any Collateral Assets to be deposited and/or removed) such that the Collateral Test will be satisfied. This Second Level Revised Collateral Test Notice shall be prepared in the same way and shall provide the same information as is required to be included in a Collateral Test Notice.
	If the Collateral Agent and the Collateral Monitoring Agent fail to resolve the dispute by the second Collateral Business Day following delivery of the Dispute Notice, then the Collateral Agent (on behalf of the Issuer) shall notify the Collateral Monitoring Agent in writing (such notice being a Dispute Resolution Procedure Notice) that it will commence the dispute resolution procedure to determine the adjustments (if any) to be made to the Collateral Pool (the Collateral Test Dispute Resolution Procedure):
	(i) utilizing any calculations, rules or criteria which the Collateral Agent and the Collateral Monitoring Agent have agreed are not in dispute;

	(ii) if such dispute relates to the satisfaction of the Eligibility Criteria or the Collateral Rules, appointing an independent third person (acting as an expert and not as an arbitrator) selected by the Collateral Agent and approved by the Collateral Monitoring Agent (such approval not to be unreasonably withheld) to determine whether such Eligibility Criteria and Collateral Rules are satisfied with the determination of any such person being final and binding upon the Collateral Agent and the Collateral Monitoring Agent; and
	(iii) calculating the value of those Collateral Assets the value of which is in dispute by using reasonable endeavours to seek four actual, firm and executable quotations at mid- market for such Collateral Assets with contract sizes approximately equal to the value of such Collateral Assets from leading dealers in assets of the type of the Collateral Assets who are committed to trade with the Issuer or the Counterparty, which may include Société Générale, as selected by the Collateral Agent acting in a commercially reasonable manner, and taking the weighted average of those obtained; provided that if four quotations are not available for a particular Collateral Asset, then fewer than four quotations may be used for that Collateral Asset, and if no quotations are available for a particular Collateral Asset, then the Collateral Agent's original calculations will be used for the Collateral Asset.
	Following the conclusion of a Collateral Test Dispute Resolution Procedure, the Collateral Agent shall send a notice to the Collateral Monitoring Agent and the Collateral Custodian (copied to the Issuer and the Guarantor, as the case may be), providing the same information as is required to be included in a Collateral Test Notice, containing the Collateral Value, the Required Collateral Value and any adjustments to be made to the Collateral Pool such that the Collateral Test will be satisfied, in each case determined in accordance with the Collateral Test Dispute Resolution Procedure, as soon as possible but in any event not later than the 30th Collateral Business Day following the delivery of the Collateral Monitoring Agent Notice (the Post Dispute Collateral Test Notice). A Post Dispute Collateral Test Notice issued following the conclusion of a Collateral Test Dispute Resolution Procedure shall be binding on the Collateral Agent and the Collateral Monitoring Agent and shall not be subject to further verification by the Collateral Monitoring Agent.
	For the avoidance of doubt, the determination of the Collateral Value, the Required Collateral Value and the adjustments to be made to a Collateral Pool in accordance with the Collateral Test Dispute Resolution Procedure will not constitute an Event of Default.
3.6	Required Settlement Period
	The required period for settlement of the Collateral Assets relating to the adjustments to be made to a Collateral Pool in accordance with a Collateral Test Notice, First Level Revised Collateral Test Notice, Second Level Revised Collateral Test Notice or Post Dispute Collateral Test Notice, as applicable (such period the Required Settlement Period) shall be ten (10) Collateral Business Days following delivery of a Collateral Test Notice or, where such Collateral Test Notice is followed by a Collateral Monitoring Agent Notice, ten (10) Collateral Business Days following delivery of the First Level Revised Collateral Test Notice, Second Level Revised Collateral Test Notice or Post Dispute Collateral Test Notice, as applicable; provided however that this ten (10) Collateral Business Day period may be extended up to a maximum additional period of sixty (60) Collateral Business Days (i) if the adjustments to be made to the Collateral Pool have not been settled as a result of an event beyond the control of the Collateral Agent, the Collateral Monitoring Agent and the Issuer (including, but not limited to, as a result of a failure or inability of the relevant clearing system to clear the relevant Collateral Assets), (an External Event) or (ii) in relation to Collateral Assets for which the regular settlement period is greater than ten (10) Collateral Business Days under normal market conditions ((i) and (ii) being referred to as a Collateral Settlement Disruption).
	During the above additional sixty (60) Collateral Business Day period the Collateral Agent may propose the replacement of the affected Collateral Assets by other Collateral Assets complying with the Collateral Rules and the Eligibility Criteria, or propose any other relevant measures so that the Collateral Test be satisfied.
	If at the end of the sixty (60) Collateral Business Day period (i) the External Event(s) continue(s) to exist or (ii) the Collateral Assets for which the regular settlement period is greater than ten (10) Collateral Business Days under normal market conditions have not been settled, this shall constitute a Collateral Disruption Event.
3.7	Collateral Substitution

	If " <i>Collateral Substitution</i> " is specified as being applicable in the Secured-Specific Provisions attached hereto, the Issuer (or the Collateral Agent on its behalf) may withdraw and/or replace Collateral Assets from any Collateral Account provided that following such adjustment the Collateral Test continues to be satisfied. The Issuer (or the Collateral Agent on its behalf) will send or cause to be sent a Collateral Test Notice to the Collateral Monitoring Agent and the Collateral Custodian (copied to the Issuer and the Guarantor, as the case may be) specifying the adjustments to be made to the Collateral Pool (including inter alia the type and quantity of any Collateral Assets to be deposited and/or removed). The Collateral Business Day immediately following the day on which such Collateral Test Notice is given by the Issuer (or the Collateral Agent on its behalf) for the substitution of Collateral Assets as described above will be deemed to be a Collateral Test Date.
3.8	Notification of settlement failure
	The Collateral Custodian shall notify the Issuer, the Collateral Agent and the Collateral Monitoring Agent if the settlement of any transfer of Collateral Assets has not completed within the common market practice timeframe for settlement of the type of Collateral Asset being so transferred. For the avoidance of doubt, such notification shall be taken into account when assessing whether settlement has occurred during the Required Settlement Period described above.

4.	DEFAULT, ENFORCEMENT AND REALISATION
4.1	Events of Default
	In accordance with § 7 of the Product-Specific Terms, Securities will be subject to an Event of Default if the Collateral Monitoring Agent delivers a Required Collateral Default Notice in relation to a Collateral Pool securing such Securities, meaning that a Required Collateral Default has occurred.
	an Event of Default if the Collateral Monitoring Agent delivers a Required Collateral Default Notice in relation to a Collateral Pool securing such Securities, meaning that a Required Collateral Default has occurred.
	A Required Collateral Default means that:
	(1) following receipt of a Collateral Monitoring Agent Notice which indicates that the Collateral Test is not satisfied (or will not be satisfied after taking into account any adjustments specified in a Collateral Test Notice):
	(a) no First Level Revised Collateral Test Notice or Dispute Notice has been sent; or
	(b) no Second Level Revised Collateral Test Notice or Dispute Resolution Procedure Notice has been sent; or
	(c) no Post Dispute Collateral Test Notice has been sent,
	in each case on or before the fifth Collateral Business Day following the date on which the Collateral Agent had the obligation to send such notice to the Collateral Monitoring Agent; or
	(2) the Issuer or the Collateral Agent (on behalf of the Issuer) fails to deliver the additional necessary Collateral Assets within the Required Settlement Period and such failure results in the Collateral Test not being satisfied for five (5) consecutive Collateral Business Days following the end of such Required Settlement Period (when determining whether the Collateral Test has been so satisfied, only Collateral Assets which have actually been transferred to the relevant Collateral Account shall be taken into account).
	Following the occurrence of a Required Collateral Default, the Collateral Monitoring Agent shall send, as soon as reasonably practicable and in any case within two Collateral Business Days, a notice to the Issuer, the Guarantor, the Collateral Agent, the Collateral Custodian, the Security Trustee, as the case may be, specifying that a Required Collateral Default has occurred (the Required Collateral Default Notice).
	Upon receipt of such Required Collateral Default Notice, the Issuer or failing which the Security Trustee, as applicable, shall give notice in accordance with § 6 of the General Terms as soon as reasonably practicable to all relevant Securityholders.
	Following the occurrence of an Event of Default in relation to a Series of Securities, a Securityholder may give written notice to the Issuer, the Guarantor and the Security Trustee that the Securities held by such Securityholder are immediately due and repayable at their

	Extraordinary Termination Amount (the delivery of such a notice being hereafter referred to as a Security Acceleration Event).
	If a Security Acceleration Event occurs in relation to one or more Securities (such Securities being Accelerated Secured Securities), all Securities which are secured by the same Collateral Pool as the one securing such Accelerated Secured Security(ies) will also become immediately due and repayable at their Extraordinary Termination Amount. This applies both in the case of a Single Series Collateral Pool and in the case of a Multiple Series Collateral Pool.
	Following the occurrence of a Security Acceleration Event, the Issuer or failing which the Security Trustee shall give notice in accordance with § 6 of the General Terms, as soon as reasonably practicable to all relevant Securityholders of one or more Securities which are secured by the same Collateral Pool as such Securityholders.
	Following the occurrence of a Security Acceleration Event in relation to a Security, the Pledge Agreement relating to the Collateral Pool securing such Series of Securities will not become immediately enforceable, but instead Securityholders whose Securities have become immediately due and repayable in accordance with this Condition 4.1 will initially be entitled to claim for any outstanding amounts due to them under the terms of the Guarantee.
	If neither the Issuer nor the Guarantor has paid all amounts due to Securityholders of a Series of Securities in relation to which a Security Acceleration Event has occurred within a period of three (3) Collateral Business Days following notification to Securityholders of the occurrence of such Security Acceleration Event, any Securityholder of such Series will be entitled to send a notice in writing to the Security Trustee requesting that the relevant Pledge Agreement be enforced in accordance with the terms thereof (a Collateral Enforcement Notice).
	Although the Pledge Agreement relating to a particular Collateral Pool may only be enforced following a failure by the Issuer or the Guarantor to pay, within the three (3) Collateral Business Day period referred to above, accelerated amounts due after the occurrence of a Security Acceleration Event, the security provided pursuant to the Pledge Agreement remains security granted by the Issuer in relation to the Issuer's payment obligations under the Securities and does not secure the payment obligations of the Guarantor under the Guarantee.
	The Security Trustee shall, following receipt of a Collateral Enforcement Notice, promptly give notice of the same to the Issuer, the Guarantor, the Collateral Agent, the Collateral Custodian and the other Securityholders whose Securities are secured on the Collateral Pool in relation to which such Collateral Enforcement Notice relates.
4.2	Enforcement and Realisation of Collateral Assets
	Upon receipt of a Collateral Enforcement Notice, the Security Trustee will enforce the relevant Pledge Agreement relating to the relevant Collateral Pool in accordance with the terms thereof and these Additional Terms and Conditions (as completed by the applicable Final Terms) and will
	(i) give instructions to the Disposal Agent to liquidate or realise the Collateral Assets in each Collateral Pool which secures a Series of Securities in accordance with Condition 4.6 and subsequently distribute the relevant Collateral Enforcement Proceeds Share to relevant Securityholders in accordance with Condition 4.5 or
	(ii) where Physical Delivery of Collateral Assets is specified as applicable in the applicable Final Terms, arrange for delivery of the relevant Collateral Assets Entitlement to the relevant Securityholders in accordance with Condition 4.7,
	in each case after payment of any amounts payable to the Secured Parties ranking prior to the holders of the Non-Waived Securities in accordance with the Order of Priority, (such amounts to be paid either out of the proceeds of such liquidation or realisation of Collateral Assets or out of the proceeds transferred by the Securityholders in accordance with Condition 4.7).
4.3	Enforcement and Realisation by Securityholders
	No Securityholder shall be entitled to enforce a Pledge Agreement or to proceed directly against the Issuer to enforce the other provisions of a Pledge Agreement unless the Security Trustee, having become bound to enforce or proceed, fails to do so within a reasonable time and such failure is continuing or if the Security Trustee is prevented from enforcing a Pledge Agreement by any court order.
4.4	Method of realisation of Collateral Assets

	Subject as may otherwise be provided for in these Additional Terms and Conditions or the applicable Final Terms, the Security Trustee or the Disposal Agent acting on its behalf may sell the Collateral Assets in one single tranche or in smaller tranches as it considers appropriate in order to attempt reasonably to maximise the proceeds from such sale. The Security Trustee or the Disposal Agent acting on its behalf may effect sales of the Collateral Assets (i) on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted, (ii) on the over-the-counter market or (iii) on transactions otherwise than on such exchanges or in the over-the counter market.
	In general, the Security Trustee shall be able to exercise any right regarding the realisation of the Collateral Assets in accordance with article 11 of the Collateral Act 2005 including but not limited to the appropriation of the Collateral Assets at their value as determined by the Collateral Agent as at the most recent Collateral Test Date.
	Where the Security Trustee or the Disposal Agent acting on its behalf is required or requested to dispose of any Collateral Assets other than on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted then, in compliance with the relevant provisions of the Collateral Act 2005:
	(a) the Security Trustee or the Disposal Agent acting on its behalf shall seek firm bid quotations from at least three independent dealers in assets similar in nature to the relevant Collateral Assets (and, for such purpose, it may seek quotations in respect of such Collateral Assets in their entirety or in respect of designated tranches thereof, as it considers appropriate in order to maximise the proceeds of the sale of such Collateral Assets);
	(b) for the purposes of obtaining the quotations referred to in (a) above, the Security Trustee or the Disposal Agent acting on its behalf may itself provide a bid in respect of the relevant Collateral Assets or any tranche thereof; and
	(c) the Security Trustee or the Disposal Agent acting on its behalf shall be authorised to accept in respect of each relevant tranche or, as applicable, the entirety of the relevant Collateral Assets the highest quotation so obtained (which may be a quotation from the Security Trustee or the Disposal Agent acting on its behalf (when providing such quotations themselves, the Security Trustee or the Disposal Agent shall act in a commercially reasonable manner).
4.5	Application and distribution of proceeds of enforcement
	Unless " <i>Physical Delivery of Collateral Assets</i> " is specified in the Secured-Specific Provisions attached hereto, in connection with the enforcement of a Pledge Agreement, after the realisation and liquidation in full of all the Collateral Assets in a Collateral Pool in accordance with Condition 4.4, the Security Trustee shall use the proceeds of such realisation and liquidation of the Collateral Assets to make payment of any amounts payable to the Secured Parties ranking prior to the holders of Non-Waived Securities in accordance with the Order of Priority specified in the Secured-Specific Provisions attached hereto.
	The net proceeds of realisation of, or enforcement with respect to, the Collateral Assets in a Collateral Pool following payment of all amounts payable to the Secured Parties ranking prior to the holders of Non-Waived Securities in accordance with the Order of Priority specified in the Secured-Specific Provisions attached hereto, constitutes the Collateral Enforcement Proceeds from which, the Security Trustee shall determine the Collateral Enforcement Proceeds Share in respect of each Security and shall notify such amounts to the Securityholders. Such a notice shall be deemed to be validly given if published in a leading daily newspaper of general circulation in Europe provided that so long as such Securities are listed on any regulated market or stock exchange(s) or are admitted to trading by a relevant authority the Security Trustee shall instead ensure that notices are duly published in a manner which complies with the rules and regulations of such regulated market, stock exchange(s) or relevant authority. Any such notice will be deemed to have been given (i) on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspaper(s).
	The Security Trustee will determine the Collateral Enforcement Proceeds Share in respect of a Series of Securities, by calculating the pro rata share of the Aggregate Collateral Enforcement Proceeds Share attributable to each Security in such Series of Securities.
	Where:
	Aggregate Collateral Enforcement Proceeds Share means, in respect of a Series of Securities, the product of the Collateral Ratio applicable to such Series of Securities

	and the Collateral Enforcement Proceeds in respect of the Collateral Pool which secures such Series of Securities.
	Collateral Ratio means, in respect of a Series of Securities, the amount (expressed as a percentage) equal to the Final Required Collateral Value applicable to such Series of Securities divided by the Pool Aggregate Final Required Collateral Value applicable to the Collateral Pool which secures such Series of Securities. In case of Single Series Collateral Pool the Collateral Ratio shall be 100 per cent and therefore the Aggregate Collateral Enforcement Proceeds Shares is equal to the Collateral Enforcement Proceeds in respect of such Collateral Pool. Final Required Collateral Value means the Required Collateral Value for a Series of Securities as calculated by the Collateral Monitoring Agent at the Collateral Test Date immediately preceding the delivery of a Collateral Enforcement Notice.
	Pool Aggregate Final Required Collateral Value means, in respect of a Multiple Series Collateral Pool, the aggregate of the Final Required Collateral Value of each Series of Securities which is secured by such Collateral Pool. Subject as provided below, the remaining proceeds from the realisation of the Collateral Assets in a Collateral Pool will then be applied in meeting the claims of Securityholders under the Securities which are secured by the relevant Collateral Pool (taking into account any amounts which have been paid to Securityholders by the Guarantor pursuant to the terms of the Guarantee) <i>pro rata</i> to the Collateral Enforcement Proceeds Share of each such Security.
	Such claim will be adjusted in accordance with the following rules:
	- If the Collateral Enforcement Proceeds Share for a particular Security is greater than the difference between (A) the amount due to such Securityholder, by the Issuer in respect of the Securities, or by the Guarantor under the terms of the Guarantee and (B) any amounts which have been paid to such Securityholder by the Issuer or the Guarantor in respect of this particular Security, being the Owed Amount , then such excess amount will not be distributed to such Securityholder but will be distributed to the Secured Parties ranking after the holders of Non-Waived Securities in accordance with the Order of Priority specified in the Secured-Specific Provisions attached hereto;
	- otherwise, if the Collateral Enforcement Proceeds Share for a particular Security is lower than, the Owed Amount then, in accordance with Condition 2.6.1, such Securityholder shall not be entitled to any further recourse against the Issuer for such shortfall amount, but may claim any payment of such shortfall amount from the Guarantor under the terms of the Guarantee.
	Order of Priority means the order specified in the Secured-Specific Provisions attached hereto following which the Security Trustee shall apply moneys received following enforcement of the relevant Pledge Agreement in accordance with Condition 4. The Order of Priority may be the Standard Order of Priority (as defined below) or any alternative order between item (a), (b), (c), (d), (e) and (f) below, as specified in the Secured-Specific Provisions.
	(a) payment or satisfaction of all Liabilities incurred by or payable by the Issuer or Guarantor, in relation to the relevant Securities, to the Security Trustee or, where applicable, the Disposal Agent and/or Substitute Paying Agent (which shall include any taxes required to be paid, the costs of realising any security (including the distribution of enforcement proceeds and/or, where Physical Delivery of Collateral Assets is applicable, Delivery of the Collateral Assets Entitlement to the Securityholders of the related Securities) and the remuneration of the Security Trustee or, where applicable, the Disposal Agent and/or Substitute Paying Agent);
	(b) payment of any amounts due to be paid or reimbursed to the Collateral Custodian by the Issuer;
	(c) payment of any amounts due to be paid or reimbursed to the Collateral Monitoring Agent by the Issuer;
	(d) payment of any amounts due to holders of Non-Waived Securities in accordance with the Condition herein;
	(e) pro rata payment of any amounts owed to the creditors (if any) whose claims have arisen as a result of the creation, operation or liquidation of the Collateral Assets (save to the extent that the claims of any such creditor fall within paragraphs (a) to (d) above; and;

	(f) payment of the balance (if any) to the Issuer;
	the Standard Order of Priority means that the Order of Priority shall follow the order (a), (b), (c), (d), (e), (f) specified above.
4.6	Inability to realise Collateral Assets
	If the Security Trustee or the Disposal Agent acting on its behalf is unable to sell the Collateral Assets on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted or obtain the three quotations required for the sale of one or more Collateral Assets, in each case pursuant to Condition 4.4, for a period of one year from the date of the relevant Security Acceleration Event (such Collateral Assets being Non-Realised Collateral Assets), then in lieu of cash settlement of such Non-Realised Collateral Assets and notwithstanding any other provision hereof, the Security Trustee shall be entitled to Deliver, or procure the Delivery of, such Non-Realised Collateral Assets to the relevant Securityholders in accordance with Condition 4.7 and the Order of Priority specified in the Secured-Specific Provisions attached hereto.
	If Delivery of any Non-Realised Collateral Assets is not possible due to the occurrence of a Physical Delivery of Collateral Assets Disruption Event (as defined below) that is continuing for a period of more than 20 Collateral Business Days, the Security Trustee or the Disposal Agent on its behalf, shall be entitled to either (i) sell such Non-Realised Collateral Assets by accepting the first available price for such Non-Realised Collateral Assets or (ii) Deliver such Non-Realised Collateral Assets if Delivery subsequently becomes possible.
	A Physical Delivery of Collateral Assets Disruption Event means any event beyond the control of the Issuer, the Collateral Agent, the Substitute Paying Agent, the Disposal Agent, the Security Trustee, as applicable, as a result of which the Clearing System (as defined in § 1 of the General Terms) cannot Deliver some or all of the Collateral Assets Entitlement required to be delivered pursuant to the terms of these Secured-Specific Terms.
4.7	Physical Delivery of Collateral Assets
	Where " <i>Physical Delivery of Collateral Assets</i> " is specified in the Secured-Specific Provisions attached hereto, it means that upon enforcement of a Pledge Agreement, the Security Trustee will not sell, or cause to be sold, the Collateral Assets (unless there is a Physical Delivery of Collateral Assets Disruption Event and other than in order to pay any amounts payable to the Secured Parties ranking prior to the holders of Non-Waived Securities in accordance with the Order of Priority specified in the Secured-Specific Provisions attached hereto) but will instead deliver or cause to be delivered the Collateral Assets Entitlement to each Securityholder in the manner set out in this Condition 4.7 (Physical Delivery of Collateral Assets). In such case, following enforcement of a Pledge Agreement, the Security Trustee will determine the Collateral Assets Entitlement in respect of each Security and shall notify such amounts to the Securityholders. Such a notice shall be deemed to be validly given if published in a leading daily newspaper of general circulation in Europe provided that so long as such Securities are listed on any regulated market or stock exchange(s) or are admitted to trading by a relevant authority the Security Trustee shall instead ensure that notices are duly published in a manner which complies with the rules and regulations of such regulated market, stock exchange(s) or relevant authority. Any such notice will be deemed to have been given (i) on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspaper(s).
	Where:
	Collateral Assets Entitlement means, for each Non-Waived Security in a Series of Securities Collateral Assets with a value (based on the market valuations of such assets by the Collateral Monitoring Agent on the Collateral Test Date immediately preceding the delivery of the Collateral Enforcement Notice) equal to (a) the product of (i) the Collateral Ratio applicable to such Series of Securities and (ii) the Final Collateral Value in respect of the Collateral Pool which secures such Series of Securities divided by (b) the number of Non-Waived Securities of such Series of Securities;
	Final Collateral Value means the Collateral Value determined by the Collateral Monitoring Agent on the Collateral Test Date immediately preceding the delivery of a Collateral Enforcement Notice less any amounts payable to the Secured Parties ranking prior to the holders of Non-Waived Securities in accordance with the Order of Priority specified in the Secured-Specific Provisions attached hereto;
	Subject as provided below, the Security Trustee will either:

	- realise and liquidate sufficient Collateral Assets in accordance with Condition 4.4, to ensure payment of any amounts payable to the Secured Parties ranking prior to the holders of Non-Waived Securities in accordance with the Order of Priority specified in the Secured-Specific Provisions attached hereto, or
	- upon transfer of sufficient funds by the Securityholders, pay any such amount payable to the Secured Parties ranking prior to the holders of Non-Waived Securities in accordance with the Order of Priority specified in the Secured-Specific Provisions attached hereto.
	Following such payment, the Security Trustee will notify Securityholders of the relevant Collateral Delivery Date and will Deliver the Collateral Assets Entitlement to the Securityholders of the Securities secured by the relevant Collateral Pool in accordance with the method of transfer of Collateral Assets specified in the Secured-Specific Provisions attached hereto, subject to the following provisions:
	- If the market value of the Collateral Assets contained in a Collateral Assets Entitlement (based on the valuations of the market value of such assets by the Collateral Monitoring Agent on the Collateral Test Date immediately preceding the delivery of the Collateral Enforcement Notice) for a particular Security is greater than the Owed Amount, then assets from the Collateral Assets Entitlement for a value equal to such excess amount will be liquidated and the proceeds thereof will then be distributed to the Secured Parties ranking after the holders of Non-Waived Securities in accordance with the Order of Priority specified in the Secured-Specific Provisions attached hereto;
	- otherwise, when the market value of the Collateral Assets contained in a Collateral Assets Entitlement (based on the valuations of the market value of such assets by the Collateral Monitoring Agent on the Collateral Test Date immediately preceding the delivery of the Collateral Enforcement Notice) for a particular Security is lower than the Owed Amount, then, in accordance with Condition 2.6.1 such Securityholder shall not be entitled to any further recourse against the Issuer for such shortfall amount, but may claim any payment of such shortfall amount from the Guarantor under the terms of the Guarantee.
4.8	Physical Delivery of Collateral Assets Disruption Event
4.8.1	If, in the opinion of the Substitute Paying Agent, the Security Trustee, Delivery of all or some of the Collateral Assets forming part of the Collateral Assets Entitlement using the method of Delivery specified in the Secured-Specific Provisions attached hereto, or such other commercially reasonable manner as the Substitute Paying Agent, the Security Trustee has determined, is not practicable by reason of a Physical Delivery of Collateral Assets Disruption Event having occurred and continuing on any Collateral Delivery Date, then such Collateral Delivery Date shall be postponed to the first following Collateral Business Day in respect of which there is no such Physical Delivery of Collateral Assets Disruption Event, provided that the Substitute Paying Agent, the Security Trustee may elect to Deliver the Collateral Assets forming part of the Collateral Assets Entitlement in such other commercially reasonable manner as it may select and in such event the Collateral Delivery Date shall be such day as the Substitute Paying Agent, the Security Trustee deems appropriate in connection with Delivery of the Collateral Assets forming part of the Collateral Assets Entitlement.
	For the avoidance of doubt, where a Physical Delivery of Collateral Assets Disruption Event affects some but not all of the Collateral Assets forming part of the Collateral Assets Entitlement due to be delivered to a Securityholder, the Collateral Delivery Date for those Collateral Assets forming part of the Collateral Assets Entitlement which are able to be Delivered will be the Collateral Delivery Date on which such Collateral Assets are delivered.
4.8.2	If a Physical Delivery of Collateral Assets Disruption Event occurs and is continuing for a period of more than 20 Collateral Business Days (or such other period specified in the Secured-Specific Provisions attached hereto), then in lieu of physical settlement and notwithstanding any other provision hereof, the Security Trustee or the Disposal Agent acting on its behalf, shall sell or realise the assets they are unable to deliver (the Undeliverable Collateral Assets) and deliver the proceeds thereof to Securityholders in the manner set out in Conditions 4.4 and 4.5.
4.8.3	If the Security Trustee or the Disposal Agent acting on its behalf is unable to either (i) sell the Collateral Assets on any securities exchange or quotation service on which the Collateral Assets may be listed or quoted or obtain the three quotations required for the sale

	of the Collateral Assets, in each case pursuant to Condition 4.4 or (ii) Deliver such Collateral Assets due to the continuation of a Physical Delivery of Collateral Assets Disruption Event, for a period of one year from the date of the relevant Security Acceleration Event, the Security Trustee or the Disposal Agent shall be entitled to accept the first available price for such Collateral Assets.
	The Security Trustee or the Substitute Paying Agent on its behalf, shall give notice as soon as practicable to the Securityholders in accordance with the following paragraph. No Securityholder shall be entitled to any payment in respect of the relevant Securities in the event of any delay in the Delivery of the Collateral Assets forming part of the Collateral Assets Entitlement due to the occurrence of a Physical Delivery of Collateral Assets Disruption Event and no liability in respect thereof shall attach to the Issuer, the Guarantor, the Disposal Agent or the Security Trustee. Such a notice shall be deemed to be validly given if published in a leading daily newspaper of general circulation in Europe provided that so long as such Securities are listed on any regulated market or stock exchange(s) or are admitted to trading by a relevant authority the Security Trustee or the Substitute Paying Agent shall instead ensure that notices are duly published in a manner which complies with the rules and regulations of such regulated market, stock exchange(s) or relevant authority. Any such notice will be deemed to have been given (i) on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspaper(s).
4.9	Liability of the Security Trustee
	The Security Trustee will, in the absence of negligence, fraud and wilful misconduct, not have any liability as to the consequence of any enforcement or realisation action and neither will have regard to the effect of such action on individual Securityholders.

5.	REPLACEMENT OF PROGRAMME PARTIES
	Each of the Collateral Agency Agreement, the Collateral Monitoring Agency Agreement, the Collateral Custodian Agreement, the Securities Valuation Agency Agreement, the Disposal Agency Agreement, the Substitute Paying Agency Agreement and the Security Agency Agreement and each relevant Pledge Agreement and Security Trust Deed contain, or will contain, provisions for the termination of such agreement and, as the case may be, the removal or replacement of the role of the relevant Collateral Arrangement Party appointed thereunder. Any such termination, removal and/or replacement will be effected in accordance with the provisions of such agreements and these Secured-Specific Terms and may be effected without the consent of Securityholders. No such termination or removal shall be effective until a replacement entity has been appointed. The Issuer shall be required to give notice to Securityholders of any such termination, removal and/or replacement in accordance with § 6 of the General Terms, as applicable.
	The replacement of the Collateral Custodian may only be effected when certain conditions relating to the substitute Collateral Custodian are fulfilled. Such conditions include, but are not limited to a requirement that: (i) the substitute Collateral Custodian is incorporated in an Organisation for Economic Co-operation and Development (OECD) member country, (ii) the substitute Collateral Custodian is a fully licensed credit institution in Luxembourg, (iii) in the reasonable opinion of the Issuer and the Guarantor, the substitute Collateral Custodian is able to act as Collateral Custodian and fulfil the obligations and duties expressed to be binding on it pursuant to the terms of the Collateral Custodian Agreement and (iv) the substitute.
	Collateral Custodian is chosen from a pre-established list of entities (including BBH, Citi, HSBC, JP Morgan, Northern Trust, RBC Dexia Investor Services, BP2S, State Street or Wells Fargo & Company Inc) or otherwise is a custodial entity of similar repute and good standing.
