1. GENERAL DESCRIPTION OF THE OFFERING PROGRAMME

Under the programme, Société Générale Securities GmbH (the "**Issuer**") may, in its sole discretion, publicly offer and/or list on a regulated market the securities described in this Base Prospectus (the "**Securities**").

General information on this Base Prospectus can be found in section 3.

1.1. Overview of the Issuer

The issuer is a limited liability company established under German law with its registered office in Frankfurt am Main, Federal Republic of Germany. The business address is: Neue Mainzer Straße 46-50, 60311 Frankfurt am Main, Federal Republic of Germany.

The issuer is a wholly owned subsidiary of Société Générale Frankfurt, Federal Republic of Germany, which is a branch of Société Générale, Paris, France.

The issuer's entity identifier (LEI) is 529900W18LQJJN6SJ336.

Further information on the issuer can be found in particular in section 4. Specific risks related to the issuer can be found in section 2.1.

1.2. Overview of the Guarantor

The securities are unconditionally and irrevocably guaranteed by Société Générale, Paris, France (the "**Guarantor**") in accordance with the guarantee issued as of 4 March 2020 (the "**Guarantee**"). The guarantor is a public limited company (société anonyme) under French law and has the status of a bank. The registered office of the guarantor is 29 boulevard Haussmann, 75009 Paris, France, and the administrative seat is 7 cours Valmy, 92972 Paris-La Défense, France.

The guarantor's legal entity identifier (LEI) is O2RNE8IBXP4R0TD8PU41.

Further information on the guarantor can be found in particular in section 5.2. Specific risks relating to the guarantor can be found in section 2.2.

For more information about the warranty, see Section 5.1.

1.3. Overview of the Securities

The securities are bearer bonds under German law within the meaning of § 793 of the German Civil Code (BGB).

The securities grant the investor the right to require the issuer to pay a Redemption Amount or to deliver the Underlying at maturity and to request interest payments on predetermined dates.

In this context, the payment depends to a large extent on an underlying to which the Securities relate. Under this program, the following values are considered as underlyings: shares and indices.

The Securities differ in their structure and functioning. In this context, the programme under this Base Prospectus covers the following product types: Structured Notes with delivery obligation (only Underlying Share) and Structured Notes with cash settlement, each in the variant Classic, Protect or Plus.

If the Denomination is not repaid, but a Redemption Amount is paid or the Underlying is delivered, the amount of the Redemption Amount or the value of the Underlying depends to a large extent on the Reference Price of the Underlying on the Valuation Date set out in the terms and conditions. In addition, all prices of the Underlying can also play a role during the term of the Structured Note (variant "Plus").

Depending on the performance of the Underlying, an investor may lose part or, in particularly unfavourable circumstances, even completely his Capital Amount.

The conditions applicable to a security on a case-by-case basis shall be determined by the issuer in the final terms of the securities.

Further information on the securities can be found in section 6 and, specifically, on their functioning, in section 7. Specific risks related to the securities can be found in section 2.3.

An investment in these Securities is only suitable for investors if they are familiar with the nature of those Securities. Interested investors should be aware of all the risks associated with the purchase of the Securities. Investors should therefore have sufficient knowledge and/or experience with the Securities, their functioning and dependence on the Underlying.

1.4. Overview of the Offer and Trading

The Securities issued by the Issuer will be taken over by Société Générale ("**Offeror**") on the basis of a general takeover agreement. The Offeror will offer the Securities to potential investors.

For the Securities, admission to trading on a (European) stock exchange of an EU Member State (i.e. on a regulated market) or an equivalent third country market (within the meaning of Article 25 of Directive 2014/65/EU (MiFID II)) and/or trading system may be applied for. However, the Securities may also be offered without being admitted to trading on a (European) stock exchange or an equivalent third country market and/or trading system.

Further information on the offer can be found in particular in section 6.7; more information on trading the Securities can be found in section 6.8.

2. RISK FACTORS

The following section is divided into risk factors related to the Issuer (Section 2.1.), risk factors related to the Guarantor (Section 2.2.) and risks arising from the nature of the Securities (Section 2.3.). Each of these sections lists the risk factors in categories and subcategories.

The Issuer assessed each risk taking into account the negative effects and the likelihood of occurrence and used this assessment as a measure of the materiality of the risks.

The two most important risks for each category are **highlighted by a grey frame**. The risk factors listed below in a category are not listed according to their materiality.

The measure of the materiality of the risks in relation to the Issuer and the Guarantor is set out accordingly in the Registration Document of the Issuer and the Guarantor incorporated by reference into this Base Prospectus. For the risks associated with the Security, materiality depends to a large extent on the parameters set out in the Final Terms. Examples of such parameters are the underlying, the Strike, the Ratio, the Maturity Date, the Denomination, the interest rate, etc. These parameters determine both the probability of occurrence of a particular event and the associated risk, as well as the extent of the impact on the security upon occurrence of the risk. In each case, the issuer makes a statement below, which puts the probability of occurrence in relation to possible effects. The probability of occurrence is compared to the respective risk event in the individual risk factors (e.g. the greater... the more likely it is). The impact of the occurrence of the described risk is then assessed by the issuer, for example, by describing a possible partial or even total loss or other loss of the capital amount used by the investor or an expiration of the Security.

The risks described below may occur individually or together. They can mutually reinforce their effects.

Important Note: Both here and in the following sections, the "**Capital Amount**" (purchase price) paid for the purchase includes all other costs associated with the purchase.

2.1. Risk Factors relating to the Issuer

The risk relating to the Issuer are set out in the Registration Document of Société Générale Effekten GmbH dated 20 December 2019. This information is incorporated by reference and forms part of this Base Prospectus (see section "3.7 Information incorporated in this Base Prospectus by reference", "3.7.1. Issuer", Registration Document). The risks may affect the ability of the Issuer to meet its obligations to the Securityholders arising from the Securities.

2.2. Risk Factors relating to the Guarantee

The risks relating to the Guarantor are set out in the Registration Document of Société Générale dated 20 December 2019. This information is incorporated by reference and forms part of this Base Prospectus (see section "3.7 Information incorporated in this Base Prospectus by reference", "3.7.2. Guarantor", Registration Document). The risks may affect the Issuer's ability to meet its obligations under the Guarantee to the Securityholders.

2.3. Risks arising from the nature of the Securities

2.3.1. Risks relating directly to the structure of the Securities.

This section sets out the specific risks associated with the purchase of Securities.

The purchase of the Structured Notes issued under this Base Prospectus entails significant risks for the investor. The amount of the Redemption Amount at maturity and also the manner in which the Securities are redeemed is not fixed. It is essentially determined by the price of the Underlying. The proceeds at maturity or through the sale of a Security may therefore be less than the purchase amount paid for the security. The securities are **not capital-protected** and do **not provide for a minimum repayment**, apart from interest payments.

(a) Significant loss

(aa) Structured Notes with delivery obligation

In case of Structured Notes with delivery obligation, the risk of the Securityholder is that on the Maturity Date he does not receive the Denomination but receives certain number of the Underlying, whose market value is less than the price at which the Securityholder has acquired the Structured Notes. The lower the Underlying price falls on the Valuation Date, the greater the loss. Worst case: On delivery, the Underlying is worthless. In this case, the return on the Securities is limited to interest payment(s) made during the term.

(bb) Structured Notes with cash settlement

In case of Structured Notes with cash settlement, the risk of the Securityholder is that on the Maturity Date he does not receive the Denomination but receives a Redemption Amount that depends on the price of the Underlying on the Valuation Date, which is less than the price at which the Securityholder has acquired the Structured Notes. The lower the Underlying price falls on the Valuation Date, the greater the loss. Worst case: If the underlying is worthless on the Valuation Date, then the Redemption Amount is 0 (zero) (**total loss**). In this case, the return on the Securities is limited to interest payment(s) made during the term.

(b) Barrier Event

(aa) Structured Notes Classic and Protect

The Securityholder loses the right to receive the Denomination if the Reference Price of the Underlying is below a certain value on the Valuation Date. This value is determined on the Launch Date of the Securities: in the case of "Classic" it is the Strike, which is approximately equal to the value of the Underlying on the Launch Date; in case of "Protect", it is the Barrier that is less than the value of the Strike on the Launch Date. The amount of the Redemption Amount or the value of the Underlying to be delivered depends on the value of the Strike on the Valuation Date. The lower the Reference Price, the higher the loss.

(bb) Structured Notes Plus

In general, for Structured Notes with a Barrier Event and a Monitoring Period, the following must be observed: The longer the Monitoring Period, the greater the risk of a Barrier Event occurring.

The Securityholder shall lose the right to receive the Denomination as soon as during the Monitoring Period the price of the Underlying is even once equal to or below the Barrier. In this case the amount of the Redemption Amount and the value of the Underlying to be delivered depends on the Reference Price of the Underlying on the Valuation Date. The **lower** the Reference Price, the **higher** the **loss**.

Special case with Underlying Share: If the Underlying is a Share, paying a dividend for the share may trigger a Barrier Event. This is the case if the dividend payments result in the gross dividend being

deducted from the quoted price of the Share. If the share price is close to the Barrier, the deduction from the quoted price may trigger a Barrier Event. This may also occur in the case of a Share index.

(c) Risk in connection with the delivery of the Underlying

If the Terms and Conditions do **not provide** for a **cash settlement** at maturity under certain conditions, **but** for a **delivery obligation** of the Underlying (i.e. a share), the Securityholders shall bear all associated risk with the Underlying commencing with the delivery.

(aa) Transfer of rights only with credit

The Securityholder is only entitled to all rights from the Underlying to be delivered upon crediting to his account. If the Underlying to be delivered is a share, the rights from the share are exclusively vested in the Issuer prior to delivery. Such rights from the share may include: voting rights, rights to receive dividends, etc. The Issuer is not obliged to compensate the Securityholder. This also applies if the right-based event in respect of the shares takes place between the Valuation Date and the Maturity Date. If the record day for the payment of the dividend occurs within the period between the Valuation Date and the Maturity Date, that dividend shall be due to the Issuer. The Securityholder receives the share on the Maturity Date, but not the dividend paid after the Valuation Date. The closer the Valuation Date is to the dividend date, the greater the probability that the Securityholder will not receive the dividend. This can result in a loss not being compensated or mitigated.

(bb) Loss in value up to delivery

Possible fluctuations in the value of the Underlying to be delivered after the Valuation Date of the Security shall have a negative effect on the Securityholder. Although the Underlying to be delivered is not delivered until the Maturity Date, the Securityholder shall bear the market price risk of the Underlying to be delivered from the Valuation Date of the Security. This means that the value of the Underlying to be delivered after the Valuation Date is borne by the Securityholder. The further the value of the Underlying to be delivered falls after the Valuation Date, the higher the probability of (further) loss.

(d) Exchange rate risks in connection with the Securities

(aa) Impairment of the Security due to exchange rate changes

Exchange rates are determined by supply and demand on the international foreign exchange markets. Exchange rates are affected by general economic factors, speculative activity and actions by governments and central banks. These may even include legal controls and restrictions on foreign exchange transactions. Exchange rates are therefore subject to significant fluctuations. Securityholders bear the risk, where applicable, that unfavourable developments on the foreign exchange market may reduce the value of the Securities and increase the risk of **loss**.

(bb) Issue currency is unequal to the settlement currency

Additionally, exchange rate risks relating to the Securities could arise, if the amounts payable (Redemption Amount) under the respective terms and conditions are expressed in a currency ("**Foreign Currency**") other than the Issue Currency. In this event, these amounts must be converted into the Issue Currency. Thus, unfavourable movement of the Foreign Currency relative to the Issue Currency could cancel out a positive performance by the Underlying. Result: Although the price of the Underlying has risen, the value of the Security falls due to an unfavourable development on the foreign exchange market. The more negative the currency ratio develops, the greater the investor's loss (assuming that the Underlying does not change in value). This can lead to **losses** for investors.

2.3.2. Risks arising from the Underlying to which the Securities are linked

The performance of the Securities depends to a large degree on the expected and actual performance of the Underlying.

The link to an Underlying entails risks that may have an adverse effect on the value of the Securities. In particular, the choice of Underlying by the Issuer is not based on its estimates of the future performance of the Underlying selected.

(a) Risk of fluctuations in the value of the Underlying

(aa) Dependence of payments under the security on the Underlying

Securityholders are affected by fluctuations in the value of the Underlying. These may have an adverse impact on the value of the Securities.

If investors purchase a Security with an Underlying, they also bear the risks associated with the Underlying as Securityholders. In particular, they bear the risk of fluctuations in the value of the Underlying. The fluctuations in the value of the Underlying depend on a variety of factors: Corporate actions or economic events relating to the business of the Underlying (e.g. deterioration of the results of a public corporation (*Aktiengesellschaft*)), general economic factors and speculative activities. It is therefore not possible to make reliable statements about the future performance of the Underlying for the Securities. In particular, the performance of an Underlying in the past does not represent a guarantee of its future performance. The selection of an Underlying is not based on the expectations or estimates of the Issuer with respect to the future performance of the Underlying selected. Securityholders are therefore not able to predict in advance the repayment for the Securities that they can expect in the future. If the value of the Underlying has fallen, Securityholders may suffer substantial losses on the repayment of the Securities.

(bb) Dependence of the value of the security on the underlying (in case of a sale)

The same applies to sales of the Securities. The critical factor in this case is the value of the Underlying at the time of sale. If the value of the Underlying has fallen between the purchase and sale of the Securities, the Securityholders may incur a significant loss. If the Underlying is worthless on the sale of the Security, the Securityholders may even suffer an almost total loss (apart from the interest payment(s) made during the term).

(cc) Dependence of the value of the security on the interest rate

The Securityholder cannot assume that the interest payments envisaged may in any event absorb or even compensate a loss incurred. On the contrary, it must be assumed that the higher the interest rate, the higher the risk from the Underlying.

(dd) Risks relating to limited information base with respect to the Underlying

Information about the Underlying may not be publicly available or available only to a limited extent. Securityholders may therefore have no access or only limited access to detailed information about the respective Underlying. This may apply to the current price of the Underlying as well as the past and future performance of the Underlying and of its volatility. On the other hand, the Issuer or its affiliated companies may have access to information that is not public. Securityholders therefore face the risk of being at a disadvantage to the Issuer or its affiliated companies with respect to the securities from the point of view of information. Such an investor information deficit can have such a negative impact that negative developments can be anticipated by the investor too late or not at all. The less information an investor has about an Underlying, the higher the probability that that risk can arise. Should such risks materialise, this may result in a **total or partial loss** of the Capital Amount invested in each case for Securityholders.

(b) Risks relating to Shares as the Underlying

(aa) Dependence on the company's share price

If investors invest in Securities with a Share as the Underlying, they bear similar risks as in the case of a direct investment in that Share.

These include risks arising from the fluctuations in the company's share price. This includes the risk of the company becoming insolvent and of insolvency proceedings or a similar proceeding, in case of a company in another country, being initiated with respect to the company's assets. The risk exists for the Securityholders in all cases that the relevant share may become **worthless** as the Underlying of their Security, thereby realising the risks presented in section 2.3.1 resulting from the nature of the security. The Securityholders will then suffer an almost **total loss**.

(bb) Legal stability in the country of the registered office of the company

Additional risks apply to shares of companies with a registered office or business activity in countries with a low level of legal stability. The risk could consist, for example, of governments taking unpredictable measures or of nationalisation. This could result in a total or partial loss of the value of the share. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

(cc) No consideration of dividend payment

Unlike direct investments in shares, investors in Securities with Shares as Underlying will not receive a dividend or other distributions. Distributions paid or expected on a share serving as an Underlying (such as dividends) are not necessarily reflected in the price of the Securities. Accordingly, an investor in the Securities bears the risk that the more the success of a company is reflected in dividends or distributions, the Securities with shares of that entity as Underlying do not or only insufficiently reflect that company's success.

(dd) Volatility and Illiquidity of the Share

Shares of companies with a low to medium market capitalisation may be subject to greater risks than the shares of larger companies. Such risks relate in particular to the volatility of the shares and the possible insolvency of the companies. In addition, shares of companies with a low market capitalisation may be highly illiquid due to low trading volumes. This volatility and illiquidity may have a negative impact on the share price and therefore the risks associated with the securities and shown in section 2.3.1 may be more likely to occur.

(ee) Adjustment measures in case of Shares

Securities with a share as the Underlying are also subject to adjustment measures, that may arise as a result of events relating to the company issued to the shares. Such adjustment measures become necessary in the event of corporate actions (e.g. capital increases) by the company concerned. The possibility cannot be ruled out that an adjustment measure may subsequently prove to be inappropriate or disadvantageous for the Securityholders. It may also be the case that an adjustment measure places a Securityholder in a worse financial position than before the adjustment measure was carried out. In such cases, there is a risk that the risks associated with the securities and identified in section 2.3.1 may be more likely to occur.

(ff) Shares in the form of depositary receipts

If the Underlying consists of depositary receipts rather than shares (e.g. American depositary receipts ("**ADRs**") or global depositary receipts ("**GDRs**"), referred to together as "**Depositary Receipts**"), additional risks may arise. Each Depositary Receipt represents one or more shares or a fraction of a security of a foreign company. For Depositary Receipt, the legal owner of the underlying shares is the depositary bank of the Depositary Receipts, which also acts as the issuing agent.

In the event of the insolvency of the depositary bank and/or the initiation of enforcement proceedings with respect to it, the underlying shares in question may be subject to restrictions on their disposal and/or their economic value may be realised in connection with enforcement measures against the depositary bank. This means that the Depositary Receipt will lose its value as an Underlying and the Securities linked to the Depositary Receipt which are issued under this Base Prospectus, could become worthless. The investor will be faced with a risk of total loss in such a scenario.

(c) Risks relating to Indices as the Underlying

(aa) Dependence of the value fluctuation of the Index

If investors invest in Securities with an Index as the Underlying, they bear similar risks as in the case of a direct investment in that Index or a direct investment in the constituents of the relevant Index.

The value of an index is calculated on the basis of the value of its constituents. Changes in the prices of the index constituents, the composition of the index and other factors affecting the index constituents are reflected in the level of the index. Changes in the level of the index in turn directly affect the value of the Securities. Securityholders therefore bear the risk that changes in the index level may have an adverse impact on the return on an investment in these Securities. Fluctuations in the value of one index constituent may be reinforced by fluctuations in the value other index constituents. This may trigger or intensify a decline in the level of the index. In such cases, there is a risk that the risks associated with the securities and identified in section 2.3.1 may be more likely to occur. If such risks were realised, the consequence for the Securityholder could be the loss of the respective Capital Amount invested.

(bb) Termination of an Index

An index used as an Underlying may not be available for the entire term of the Securities. The Securityholder therefore bears the risk, that the index may be discontinued, replaced or may be calculated in future by the Issuer itself. In these or other circumstances specified in the Final Terms, the Securities may also be terminated by the Issuer. In such cases, the Redemption Amount may be less than the capital invested and a **risk of loss** for investors may arise.

(cc) Concentration risk

The index serving as the Underlying may only replicate the performance of assets in particular countries or particular sectors. In this event, Securityholders are exposed to concentration risk. This will be the case, for example, if the constituents of an index consist solely of shares from a particular country. Generally, unfavourable economic performance in that country may have a negative impact on the level of the index. This will then also affect the value of the Securities linked to the index. The same applies if an index is composed of shares of companies in the same industry sector. In this case, unfavourable economic developments in the sector will normally also have a negative effect on the value of the Securities. In such cases, there is a risk that the risks associated with the securities and identified in section 2.3.1 may be more likely to occur. If such risks were realised, the consequence for the Securityholder could be the loss of the respective Capital Amount invested.

(dd) No influence of the Issuer on the index

The Issuer has no influence on the index serving as the Underlying for the Securities issued by the Issuer. The index is compiled and calculated by the respective Index Administrator regardless of the Securities. The Issuer therefore has no influence on the method of calculating, determining and publishing the index. It is also not involved in decisions about modifying the index or ceasing to calculate the index. The Securityholder bears the risk that the methods of calculation applied to the index may be altered or modified by the index administrator in a way which (negatively) affects the payment to the Securityholders. In addition, the issuer may make adjustments in accordance with the terms and conditions or, if necessary, terminate the Securities in an extraordinary manner. The Securityholder is at risk that the measures described may adversely affect the value of the securities and that the risks associated with the securities and indicated in section 2.3.1 may occur with a higher probability. If such risks were realised, the consequence for the Securityholder could be the loss of the respective Capital Amount invested.

(ee) Currency risk contained in the index

The Securityholder bears the risk that index constituents may be traded in different currencies and therefore be subject to differing currency effects. This applies in particular to indices focusing on more than one country or industry sector. It may also be the case that index constituents are first of all translated from one currency into the relevant currency for the calculation of the index. This applies, for example, if an index is calculated in euros but the index constituents consist of shares traded in euros,

Swiss francs and US dollars. The Securityholders are exposed to different currency and exchange-rate risks in these circumstances. An unfavourable development in the exchange rates of a currency in this context may have an adverse effect on the index constituent traded in that currency. The Securityholder thus bears the risk that a lower index level may make the risks associated with the securities and indicated in section 2.3.1 more likely to occur. If such risks were realised, the consequence for the Securityholder could be the loss of the respective Capital Amount invested.

(ff) Adverse effects of fees on the index level

Index concepts for the calculation of an index may provide that fees are payable to the index administrator for the calculation of the index or in the event of changes to the composition of the index. Fees of this nature are normally provided for if the functions of the Issuer and of the index administrator are performed by the same company. Most of the indices are in any event designed by the Issuer and replicate an investment strategy developed by the Issuer. They then generally serve as the Underlying for a single issue or a limited number of issues of Securities.

Fees of this sort reduce the level of the index used as the Underlying. Securityholders therefore bear the risk that these negative effects may be reflected in the performance of the relevant Security. Consequently, there is a higher probability that the risks associated with the securities and indicated in section 2.3.1 will occur. If such risks were realised, the consequence for the Securityholder could be the loss of the respective Capital Amount invested.

(gg) Risks due to failure to update the publication of the index composition on an ongoing basis

For some indices, the composition of the index is not published on a website in full or is published only after a delay. In these circumstances, the composition of the index on the website will not be the same as the composition of the index used by the index administrator to calculate the index serving as the underlying. The delay can be significant and may last several months. This may mean that the calculation of the index is not fully transparent for the Securityholders. The Securityholders therefore bear the following risk: The value of the Securities calculated on the basis of the published index may differ from the actual value of the index on a particular day. Consequently, the proceeds generated by the sale of the Securities may differ from the actual value of the Securities. If such risks were realised, the consequence for the Securityholder could be the loss of the respective Capital Amount invested.

(hh) Risks relating to indices that are new or not generally recognised

The following should be noted in the case of indices that are not generally recognised or indices which serve as the Underlying only for a specific Security: Their composition and calculation may be subject to a lower degree of transparency than in the case of generally recognised and established indices. In some cases, other information about the index may also not be available to the same extent. Moreover, subjective criteria may play a significantly greater role in the composition of such indices. This may lead to higher fluctuations in the value of the index level and therefore the risk listed in section 2.3.2 (c) (aa) is more likely to arise. If such risks were realised, the consequence for the Securityholder could be the loss of the respective Capital Amount invested.

2.3.3. Risks relating to the pricing and tradability of the Securities

(a) Market risks

During the term of the Securities, the price of the Securities may vary significantly. This applies in particular to Securities issued under the Base Prospectus, since the price of the securities depends not only on the creditworthiness of the Issuer, but also essentially on the value of the Underlying and the design of the Security (see in particular the 2.3.1 and 2.3.2). During the term of the Securities, the price of the Securities may vary significantly. This may result in the value of the Securities falling below the Capital Amount paid by for the purchase of the Securities.

If Securityholders sell their Securities prior to redemption, they must take account that the sale proceeds generated (plus interest, if any, less local tax) in any particular case may be substantially lower than the Capital Amount paid by the Securityholder for the purchase of the Securities.

As the performance of the Securities is not certain at the time of their purchase due to their dependence on the performance of the Underlying and the structure of the Security, investors will have to bear any **losses** in value during the term. The more negative the value of the securities, the greater the investor's loss.

(b) Liquidity risks

In addition, investors bear the risk that there will not be a liquid market for trading in the Securities, due to the structured component of the Securities and their dependence on the Underlying. This means that they may not be able to sell the Securities at a time of their choosing or are forced to sell at a later date at potentially lower prices.

A listing of the Securities on an exchange can never be guaranteed. If a listing does not exist, purchases and sales of the Securities are significantly difficult or in practice impossible. Even if the Securities are listed, the derivative structure of the Securities may result in low turnover on an exchange, which makes it difficult to sell the Securities at a favourable price and, as a result, create an illiquid market for the Securities.

If investors are forced to sell the Securities in an illiquid market, there is a risk of a small value for them to be redeemed and to suffer a corresponding **loss**. The more illiquid the market, the more likely it is that the prices raised do not reflect the actual value of the Securities.

(c) Determination of secondary market prices for the Securities / pricing risks

Securityholders bear the risk that they may not be able to sell the Securities at a particular time or at a particular price, since the Securities are structured securities and, as a result, the formation of prices in the secondary market is different compared to plain bonds.

Thus, in normal market conditions, Société Générale (the "**Market Maker**") regularly quotes buying and selling prices for the Securities ("**Market Making**"). The Market Maker may also be an affiliated company of Société Générale or another financial institution. However, the Market Maker does not guarantee that the prices it quotes are appropriate. Equally, the Market Maker provides no guarantee that prices will be available for the Securities at all times during their entire term.

The Market Maker may also change the method it uses to determine the prices quoted at any time in its discretion. For example, the Market Maker may modify its calculation model and/or increase or reduce the bid/offer spread. Moreover, in the event of market disruptions or technical problems, the availability of the electronic trading system used may be restricted or suspended. In the case of abnormal market conditions or extreme price fluctuations on the securities markets, the Market Maker will not generally provide bid and offer prices. Securityholders therefore bear the risk that in some circumstances they will have no quoted price for their Securities. This means that Securityholders will not be able to sell their Securities in the market at an appropriate price in all situations.

The prices set by the market maker may therefore differ significantly from the fair or economically expected value of the Securities. In addition, the Market Maker can change the method by which he sets the prices set at any time. For example, it can widen or decrease the spread between bid and ask prices.

The opening hours of a market for the Securities frequently differ from the opening hours of the market for the respective Underlying. In this event, the Market Maker may have to estimate the price of the Underlying to be able to determine the price of the relevant Security. These estimates may turn out to be incorrect and have unfavourable consequences for the Securityholders.

Investors should also note: The issue volume of the Securities specified in the Final Terms cannot be used as an indication of the volume of Securities actually issued or outstanding. In consequence, no conclusions can be drawn from the issue volume specified about the liquidity of the Securities for the purposes of possible trading transactions.

Due to the specific structure of the Securities and the resulting complex pricing, an investor is highly dependent on the price formed by the Market Maker in the event of a sale of the Securities. In all these cases described in this section, there may be a **loss** on the part of the investor.

(d) Risks from potential conflicts of interest

(aa) Further transactions

The Issuer and its affiliated companies may pursue interests that do not take into account the interests of the Securityholders or may conflict with them. This may occur in connection with carrying out further transactions, business relationships with the issuer of the Underlying or the exercise of other functions.

The Issuer and its affiliated companies are active on a daily basis in the international and German securities, foreign exchange, credit derivatives and commodity markets. They may therefore enter into transactions directly or indirectly related to the Securities for their own account or for the account of clients. In addition, the Issuer may conclude transactions relating to the respective Underlying. This applies in particular to the conclusion of so-called hedging transactions in relation to the Securities, in particular the hedging of the risk to Issuer from the derivative component of the Securities (i.e. the dependence of the securities on the underlying). Such transactions or hedging transactions may have a negative impact on the performance of the Underlying. They may also adversely affect the value and/or the tradability of the Securities. In this context, the Issuer may pursue economic interests that conflict with the interests of the investors.

The value of the Securities may also be affected by the unwinding of some or all of these transaction and hedging transactions, respectively.

The Issuer may buy and sell Securities for its own account or for the account of third parties and may issue additional Securities.

These transactions may reduce the value of the Securities. The launching of further, competing products on the market may adversely affect the value of the Securities. Due to the impairment of the securities, the investor may suffer a **loss** on the sale of the securities. The greater the impairment of the Securities, the greater the loss of the investor.

(bb) Business relationships

The Issuer and its affiliated companies may have a business relationship with the issuer of the Underlying. A business relationship of this kind may consist of advisory and trading activities, for example. The Issuer may take actions in this context which it considers appropriate to safeguard its own interests arising from this business relationship. In so doing, the Issuer is not obliged to have regard to the impact on the Securities or on the Securityholders.

The Issuer may enter into or participate in transactions which influence the value of the Underlying. Since the value of the Securities is materially dependent on the fluctuations in the value of the Underlying, such business relationships with the issuer of the Underlying may adversely affect the value of the Securities and the investor may suffer a **loss**. The greater the impairment of the Securities, the greater the loss of the investor.

(cc) Information relating to the Underlying

The Issuer and its affiliated companies may possess or obtain material, non-public information about the Underlying. The Issuer and its affiliated companies are under no obligation to disclose information of this nature to the Securityholders. Securityholders could therefore make wrong decisions in relation to the Securities which could result in a loss of the Capital Amount paid, as a result of missing, incomplete or false information about the Underlying. The greater the impairment of the Underlying, the greater the investor's loss.

2.3.4. Risks arising from the taxation of the Securities or the Underlying

(a) Risks relating to taxation of the Securities

Tax laws and practice are subject to changes, which may take effect retrospectively. This can have a negative effect on the value of the Securities and/or the market price of the Securities. The tax treatment

of the Securities may change in comparison with their tax treatment at the date of purchase of the Securities, for example. Therefore, due to the specific dependence of the Securities on the performance of the Underlying, Securityholders therefore bear the risk that they may make an incorrect assessment of the taxation of the income resulting from the purchase of the Securities. But there is also a possibility that the taxation of the income resulting from the purchase of the Securities may change to the disadvantage of the Securityholders.

Securityholders bear the risk of changes in the specific tax treatment of the Securities. This may negatively affect the value of the Securities and the investor may suffer a corresponding **loss**. The stronger this negative effect, the greater the loss.

(b) Risks relating to the retention of US withholding tax (FATCA)

The implementation of the US tax provisions for foreign accounts (FATCA) may have the following outcome: US withholding taxes may be levied on payments by the Issuer in connection with the Securities. Taxes amounting to 30% of all payments by the Issuer in connection with the Securities could be deducted. FATCA has to be applied to the subsequent chain of payments. The chain of payments consists of the following payments: Payments from the Issuer to the clearing system, from the clearing system to the paying agents, from the paying agents to the depository banks and from the depository banks to the respective Securityholder.

Although it is unlikely that taxes will be withheld from payments made by the issuer to the clearing system, this cannot be excluded in view of the further payments required in individual cases.

It is possible, therefore, that US withholding taxes will have to be deducted from payments of interest or principal or other payments by the Issuer in connection with the Securities, depending on the persons involved in the specific payment chain. In this event, Securityholders will not receive any payment in respect of this deduction to **compensate** for the deduction. This is because neither the Issuer nor any paying agent or any other person is under an obligation to make any such compensatory payment to the Securityholders. The Securityholders may therefore receive lower payments of interest or principal than expected.

Securityholders bear the risk that taxes may be retained under the US rules for complying with the tax provisions for foreign accounts that may result in losses for investors in the Securities. The higher this retention, the greater this loss may be.

(c) Risks relating to the retention of US withholding tax (Section 871(m))

Section 871(m) of the US Internal Revenue Code and the related provisions provide for taxes to be retained in the case of certain financial instruments such as the present Securities. This means: The Issuer or the paying agent will deduct tax from the redemption amount or the interest payment. The amount retained is then transferred to the US tax authorities. The tax is collected on all payments to Securityholders triggered by or based on payments of dividends from US sources. The term "payment" is broadly defined for these purposes. It also covers all other payments by the Issuer to the Securityholders triggered by or based on dividends from US sources. If payments under the Securities are triggered by dividends from US sources, this risk can be realized specifically with regard to the Securities.

Under the US provisions, the following applies especially to Securities with a US share or a US index as the **Underlying**: All dividend payments or payments regarded as dividend payments by the Issuer in connection with these Securities are treated as payments equivalent to dividends ("**Dividend Equivalents**"). The dividend payments or payments regarded as dividend payments are subject to the US withholding tax of 30%. The tax rate may be lower if the applicable double tax treaty provides for a lower rate of tax.

All Securities under this Base Prospectus are therefore potentially subject to US withholding tax if the Underlying is a US share or a US index.

Important: A retention may be required even in the following situations: Under the terms and conditions of the issue, no payments at all are made that are triggered by or based on the payment of a dividend

from a US source. The same applies even in cases in which no adjustment of the terms and conditions of the issue is made in the event of the payment of a dividend from a US source or another distribution.

The following also applies to **US withholding tax under Section 871(m)**: US withholding taxes may have to be deducted from payments of interest or principal or other payments by the Issuer in connection with the Securities. In this event, Securityholders will not receive any payment in respect of this deduction to compensate for the deduction. This is because neither the Issuer nor any paying agent or any other person is under an obligation to make any such compensatory payment to the Securityholders. The Securityholders may therefore receive lower payments of interest or principal than expected.

In the worst case, the payments due under the Securities may be reduced to nil as a result of this. It may even be that the tax payable is more than the amount that the Securityholders would have received from the Issuer of the Securities. In that event, Securityholders might have to pay taxes even though they have not received a payment from the Issuer. Securityholders may have to pay taxes even if the Security expires worthless. Securityholders bear the risk, that payments by the Issuer in connection with the Securities could be subject to US withholding tax under Section 871(m) of the US Internal Revenue Code and therefore the investors may suffer **losses**.

2.3.5. Risks, that may arise from adjustments and terminations

(a) Adjustments

Securityholders bear the risk that the Securities may be adjusted.

The terms and conditions specify certain events on the occurrence of which the terms and conditions may be adjusted.

Such so-called exceptional events or adjustment events arise in particular with regard to events which have a specific impact on the underlying of the securities. For example, the following events should be mentioned: the determination of the listing of Underlying, the elimination of the Underlying or the elimination of the possibility for the Issuer to enter into the necessary hedging transactions in relation to the Underlying. However, adjustments to the security itself may also occur, such as legislative changes or tax events that have a negative impact on security. In the event that the terms and conditions are adjusted, the Securities continue to exist. There is a risk, however, that an adjustment may subsequently prove to be incorrect or insufficient. This may place Securityholders in a worse financial position than before the adjustment was made. These measures may result in a **loss** for the investor. The more negative the impact of the adjustments, the higher the potential loss for the investor.

(b) Termination risk

Securityholders bear the risk that the Securities may be terminated.

Such extraordinary termination may arise in particular where an adjustment of the emission conditions as a result of an exceptional event is not appropriate in relation to the Underlying (see the execution of this risk in section (a)). This risk arises in particular from the derivative structure of the Securities and the dependence of the Securities on the Underlying.

In the event of the termination of the Securities, the Extraordinary Termination Amount may be very low in some cases. It could be lower than the amount the Securityholders would have received if the extraordinary termination of the Securities had not taken place. Securityholders will incur a loss if the Extraordinary Termination Amount is less than the Capital Amount used to acquire the Securities. A **total loss** is also possible. The worse the performance of the security, the greater the risk of an investor's loss in the event of the termination of the Security.

(c) Reinvestment risk

Furthermore, Securityholders bear the risk that the Securities may be terminated at a time that is unfavourable from their point of view and therefore repaid early (reinvestment risk). This risk arises as a result of the termination risk presented in section (b). If the Securityholders may be expecting a further increase in the price of the Securities at precisely that time, this expectation may therefore no longer be

fulfilled due to the ending of its term. In addition, in the event of such an extraordinary termination, the amount to be paid by the issuer may be reinvested on less favourable market terms than applied at the date the Securities were purchased. This may mean that the overall return to be achieved may be significantly lower than the return expected on the Securities terminated. The investor may therefore suffer a **loss** in the reinvestment of the amount paid under the securities. The less favourable the conditions of a reinvestment, the greater the loss.

3. GENERAL INFORMATION

3.1. Form and Publication

This document constitutes a Base Prospectus within the meaning of Article 8 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC as amended (the "**Prospectus Regulation**") (the "**Base Prospectus**" or the "**Prospectus**").

Final terms and conditions of the offer ("**Final Terms**") will be prepared for the Securities in each case. They contain the information that cannot be determined until the respective date of issue of Securities under this Base Prospectus.

This Base Prospectus must be read together with

- the registration document of the Issuer dated 20 December 2019 (the "**Registration Document**"), the information in which is incorporated by reference into this Base Prospectus,
- any supplements to this Base Prospectus and the aforementioned Registration Document,
- all other documents, the information in which is incorporated by reference into this Base Prospectus (see "3.7 Information incorporated in this Base Prospectus by reference" in this section of the Base Prospectus); as well as
- the respective Final Terms prepared in connection with the Securities

The Base Prospectus including any supplements and the respective Final Terms will be available in printed form at Société Générale S.A., Frankfurt am Main branch, Neue Mainzer Straße 46-50, 60311 Frankfurt am Main for free distribution to the public. They will also be available for download on the website (<http://warrants.com>; the Prospectus and the supplements under Service / Prospekte; the Final Terms after entering the relevant ISIN and then under Downloads).

3.2. Approval and Notification

Potential Investors should note that

- (a) this Base Prospectus has been approved by the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*) ("**BaFin**"), as competent authority under Regulation (EU) 2017/1129;
- (b) BaFin only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by Regulation (EU) 2017/1129;
- (c) such approval should not be considered as an endorsement of the quality of the Securities that are the subject to this Base Prospectus and not be considered as an endorsement of the Issuer and the Guarantor, that are the subject of this Prospectus;
- (d) investors should make their own assessment as to the suitability of investing in the Securities.

The business address of BaFin (*Wertpapieraufsicht*) is: Marie-Curie-Str. 24-28, 60439 Frankfurt am Main, Federal Republic of Germany (telephone no.: +49 (0)228 4108 0).

The Base Prospectus has been notified to the competent authority in the French Republic, Kingdom of Belgium, Kingdom of Denmark, Kingdom of Norway, Kingdom of Sweden, Kingdom of Spain, Portuguese Republic, Republic of Finland and the Netherlands.

This Prospectus was approved on 24 March 2020 and is valid until 4 March 2021. During this period, the Issuer will publish a supplement to this Base Prospectus without undue delay in accordance with Article 23 (1) and/or (2) of the Prospectus Regulation, if significant new factors arise in relation to the information contained in this Base Prospectus or if material mistakes or material

inaccuracies are noted. **The obligation to prepare a supplement in the event of significant new factors, material mistakes or material inaccuracies no longer applies if the Prospectus has become invalid.**

3.3. Responsibility Statement

Société Générale Effekten GmbH as the Issuer (with its registered office in Frankfurt am Main) and Société Générale as the Offeror and Guarantor (with its registered office in Paris, France), assume responsibility for the information contained in this Base Prospectus in accordance with Article 11 (1) sentence 2 of the Prospectus Regulation. They declare that, to the best of their knowledge, the information contained in the Base Prospectus is in accordance with the facts and that the Base Prospectus makes no omission likely to affect its import.

In connection with the issuance, sale and offer of the Securities, no person is authorised to disseminate any information or make any statements that are not contained in this Base Prospectus. The Issuer and the Offeror and Guarantor accept no responsibility of any kind for such information or statements from third parties that are not included in the Base Prospectus. Neither this Base Prospectus nor any other information provided in connection with the Securities should be regarded as a recommendation by the Issuer or the Offeror and Guarantor to purchase the Securities.

The information contained in the Base Prospectus relates to the date of the Base Prospectus and may be incorrect and/or incomplete as a result of changes that have occurred subsequently. The Issuer will publish significant new factors, material mistakes or material inaccuracies relating to the information contained in this Base Prospectus in accordance with Article 23 (1) and/or (2) of the Prospectus Regulation. Publication will be made in a supplement to this Base Prospectus.

3.4. Final Terms for New Securities

For Securities that are offered publicly and/or admitted to trading on a regulated or other comparable market for the first time under this Base Prospectus ("**New Securities**"), the Final Terms are prepared using the form of the Final Terms (see section "11. Form of Final Terms"). These Final Terms contains the terms and conditions of the issue completed accordingly (see section "9. Terms and Conditions"), omitting those conditions not relevant to these Securities and filling in the placeholders or replacing the conditions with the appropriate content

In the event of an increase of New Securities, the additional Securities or series of Securities, as described in the previous paragraph, will be documented using the form of the Final Terms and the terms and conditions of this Base Prospectus. The additional Securities will form a single series economically with the Securities already issued (corresponding to the increased issue volume), i.e. they have the same security identification number and the same features.

3.5. Final Terms for Former Securities

For Securities that (i) were offered publicly and/or admitted to trading on a regulated or other comparable market for the first time under an earlier base prospectus and (ii) whose characteristics are covered by the present Base Prospectus ("**Former Securities**"), the Final Terms are documented using the form of the Final Terms (see section "11. Form of Final Terms"). These Final Terms contain the product description completed accordingly (see section "10. Product Description for Former Securities"). The terms and conditions of this Base Prospectus (see section "9. Terms and Conditions") are not applicable.

In the event of an increase of Former Securities, the additional Securities or series of Securities, as described in the previous paragraph, will be documented using the form of the Final Terms and the product description. The additional Securities will form a single series economically with the Securities already issued (corresponding to the increased issue volume), i.e. they have the same security identification number and the same features.

3.6. Third-Party Information

The Issuer confirms that information provided by third parties included in this Base Prospectus has been reproduced correctly and that – as far as the Issuer is aware and was able to deduce from the information published by that third party – no facts have been omitted that would render the information reproduced incorrect or misleading.

In addition, reference may be made in the respective Final Terms to third-party websites with respect to information relating to the Underlying. As a source of information for the description of the Underlying, these websites may then refer in turn to websites whose contents may be used as a source of information for the description of the Underlying and as information about the development of the price of the Underlying. The Issuer gives no guarantee of the correctness of the contents and completeness of the data presented on these third-party websites. The information on the third-party websites are not part of this Base Prospectus, unless this information were incorporated by reference in this Base Prospectus.

3.8. Documents on display

During a period of twelve months from the date of approval of this Base Prospectus, copies of the following documents are available in printed form free of charge during normal business hours on all workdays (excluding Saturdays and statutory holidays) from Société Générale S.A., Frankfurt am Main Branch, Neue Mainzer Straße 46-50, 60311 Frankfurt am Main:

- a copy of the Articles of Association of the Issuer;
- the consolidated financial statements of the Issuer for financial years 2017 and 2018; and
- the consolidated interim financial statements of the Issuer as at 30 June 2019.

The above documents may be inspected on the website www.sg-zertifikate.de (under (i) Service/Kontakt / Rechtliche Dokumente / Registrierungsformular / **Gesellschaftsvertrag der Société Générale Effekten GmbH** and (ii) Service/Kontakt / Rechtliche Dokumente / **Jahresabschlüsse**).

3.9. Consent to the use of the Base Prospectus

The Issuer grants each financial intermediary - if and to the extent this is so expressed in the respective Final Terms - the authorisation to use this Base Prospectus and the Final Terms for the duration of the validity of the Base Prospectus (12 months after approval of the base prospectus, i.e. up to and including 4 March 2021 ("**Expiry of Validity**")), for the purposes of the subsequent resale or final placement of the Securities by financial intermediaries. The Issuer accepts responsibility for the contents of this Base Prospectus and the Final Terms also with respect to subsequent resale or final placement of the Securities by any financial intermediaries which was given consent to use this Base Prospectus and the Final Terms.

Such consent may, as set out in the respective Final Terms, be granted on an individual basis to one or more particular financial intermediaries or on a general basis to any financial intermediary. The offer period within which subsequent resale or final placement of the Securities by financial intermediaries can be made is valid during the period set out in the respective Final Terms and only as long as the Base Prospectus and the Final Terms are valid in accordance with Article 9 of the Prospectus Directive as implemented in the relevant Member State.

The consent may be granted for subsequent resale or final placements of the Securities by the financial intermediaries only in such Member States to which this Base Prospectus has been notified and as set out in the respective Final Terms. These are currently the following countries:

- French Republic
- Kingdom of Belgium
- Kingdom of Denmark
- Kingdom of Norway
- Kingdom of Sweden
- Kingdom of Spain
- Portuguese Republic
- Republic of Finland
- The Netherlands

Consent is subject to the condition that

- when using the Prospectus, each financial intermediary ensures that it complies with all applicable legal requirements and only offers the Securities subject to the selling restrictions in force; and
- consent to the use of the Prospectus is not withdrawn.

There are no further conditions.

If the consent is granted on a general basis, any financial intermediary using this Base Prospectus shall state on its website that it uses the Base Prospectus in accordance with this consent and the conditions attached to this consent.

If the consent is granted on an individual basis, any information about financial intermediaries that was not available at the date of this Base Prospectus or the delivery of the respective Final Terms will be published on the website <http://warrants.com>.

4. DESCRIPTION OF THE ISSUER

The description and financial information of the Issuer for the purposes of this Base Prospectus are contained in the Registration Document of Société Générale Effekten GmbH dated 20 December 2019. This information is incorporated by reference and forms part of this Base Prospectus (see section "3.7. Information incorporated in this Base Prospectus by reference", "3.7.1 Issuer").

5. DESCRIPTION OF THE GUARANTEE

5.1. Nature and scope of the Guarantee provided for the Securities

5.1.1. Description of the Guarantee

The Guarantor irrevocably and unconditionally guarantees to each Securityholder that, if for any reason the Issuer fails to pay any sum or amount payable by it to the holders of the Securities in respect of a Security (including any premiums or other amounts of whatever nature or additional amounts that become payable under the Securities), as soon as those payments become due under one of the Securities referred to, the Guarantor will pay to the Securityholders on demand the amount payable by the Issuer to the Securityholders as if the payment had been made by the Issuer in accordance with the Terms and Conditions of the Securities.

If the Relevant Resolution Authority (as defined in the Terms and Conditions (Product specific Terms)) exercises its Bail-in Power (as defined in the Terms and Conditions (Product specific Terms)) on senior unsecured liabilities of the Guarantor, which results in the write-down or cancellation of all, or a portion, of the principal amount of those unsecured liabilities or of an outstanding amount payable in respect of, and/or interest on, those unsecured liabilities, and/or the conversion of all, or a portion, of the principal amount of those unsecured liabilities or of an outstanding amount payable in respect of, or interest on, those unsecured liabilities into shares or other securities or other obligations of the Guarantor or of another person, including by means of a variation of the Terms and Conditions for the purpose of the exercise of such Bail-in Power, then the Guarantor's payment or delivery obligations under the present Guarantee shall be equal to the amounts or delivery that would be due if the Guarantor were itself the issuer of the Securities.

This Guarantee constitutes a separate obligation and is independent of the validity and enforceability of the obligations of the Issuer under the Securities. The intent and purpose of this Guarantee is to ensure that the Securityholders, under all circumstances and regardless of any factual and legal circumstances, motivations and considerations on the basis of which the Issuer may fail to effect payment, shall receive principal and interest and all other amounts payable pursuant to the Terms and Conditions of the relevant Securities on the due dates in accordance with the relevant Terms and Conditions.

All payments in respect of the Securities or under the Guarantee shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any tax jurisdiction, unless such withholding or deduction is required by law. In the event that any amounts are required to be deducted or withheld for or on behalf of any tax jurisdiction, the Issuer or, as the case may be, the Guarantor shall (except in certain circumstances), to the fullest extent permitted by law, pay such additional amounts as may be necessary, in order that each Securityholder after deduction or withholding of the relevant taxes, duties, assessments or governmental charges, will receive the full amount then due and payable, as more fully described in the Terms and Conditions. In this context, tax jurisdiction refers to all regional administrative bodies or authorities of Germany authorised to collect taxes (in the case of payments by Société Générale Effekten GmbH) and all regional administrative bodies or authorities of France authorised to collect taxes (in the case of payments by Société Générale).

The Guarantor's obligations under this Guarantee shall remain in full force and effect until all amounts due under the Securities have been paid in full. Any amendments to this Guarantee prejudicial to the interests of the Securityholders shall only apply to Securities issued after the date those amendments were made. Furthermore, these obligations of the Guarantor are additional to, and not instead of, the Securities or other guarantees or indemnities existing at the relevant time in favour of a Securityholder, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever.

The obligations of the Guarantor under this Guarantee constitute direct, unconditional, unsecured and unsubordinated obligations of the Guarantor, ranking as senior preferred obligations in accordance with Article L. 613-30-3 of the French Monetary and Financial Code ("*Code monétaire et financier*"). Such obligations rank *pari passu* without priority among themselves and:

- (i) *pari passu* with all other direct, unconditional, unsecured and unsubordinated obligations of the Guarantor outstanding as of the date of the entry into force of law no. 2016-1691 (the "Law") on 11 December 2016;
- (ii) *pari passu* with all other present or future direct, unconditional, unsecured and senior preferred obligations (as provided for in Article L. 613-30-3-I-3° of the French Monetary and Financial Code) of the Guarantor issued after the date of the entry into force of the Law on 11 December 2016;
- (iii) junior to all present or future obligations of the Guarantor benefiting from statutorily preferred exceptions; and
- (iv) senior to all present and future senior non-preferred obligations (as provided for in Article L. 613-30-3-I-4° of the French Monetary and Financial Code) of the Guarantor.

The Guarantor may deposit principal or interest not claimed by the Securityholders within twelve months after the Relevant Date with the Local Court (*Amtsgericht*) in Frankfurt am Main, even if such Securityholders are not in default of acceptance of payment. To the extent that such deposit is made, and the right of withdrawal is waived, the claims of the Securityholders against the Issuer shall cease. Relevant Date in this context refers to the date on which the respective payment first becomes due or, if the amounts payable have not been received in full by the calculation agent on or before that due date, the date on which those amounts have been received in full and notice has been given to the Securityholders in this respect in accordance with the Terms and Conditions.

This Guarantee is governed by and shall be construed in accordance with German law.

Place of performance shall be Frankfurt am Main, Federal Republic of Germany.

The Guarantor hereby appoints Société Générale, Frankfurt Branch as its authorised agent for receipt of service (authorised recipient) in Germany with respect to all proceedings and undertakes to appoint another person as its authorised recipient for this purpose in the event that Société Générale, Frankfurt Branch no longer acts as the authorised recipient.

To the extent permitted by law, the Regional Court (*Landgericht*) in Frankfurt am Main shall not have exclusive jurisdiction over all actions or other legal proceedings arising as a result of, or in connection with, this Guarantee.

4 March 2020 Société Générale

5.1.2. Relationship between Guarantee and trust agreement

In principle, the Guarantee and the trust agreement are only applied side by side.

Pursuant to the trust agreement dated 28 February 2006 entered into between Société Générale Effekten GmbH and the Guarantor (the "**Trust Agreement**") the Société Générale Effekten GmbH commits, inter alia, to (i) issue and to redeem Securities on a fiduciary (*treuhänderisch*) basis in the Issuers own name (*im eigenen Namen*) but for the account (*für Rechnung*) of Société Générale (ii) collect any proceeds resulting from the issuance of the Securities (*Emissionserlöse*) and to deliver such proceeds to the Guarantor and (iii) use the funds made available by Société Générale pursuant to the Trust Agreement for payments owed in Issuers own name but for the account of the Guarantor (whereby the funds correspond to the amounts of the payments made by Issuer pursuant to the Securities at maturity, and enable them to meet its payment obligations in a timely manner). The ability of Issuer to meet its payment obligations under the Securities in full depends on Issuer receiving in full the amounts which the Guarantor is obliged to pay to it under the Trust Agreement. Any payment obligations of the Issuer under the Securities are limited to the funds received from the Guarantor under the Trust Agreement if the respective Securities are issued under the trust structure. To the extent the funds to be received from the Guarantor under the Trust Agreement prove ultimately insufficient to satisfy the claims of all Securityholders in full, then the claims of the Securityholders will be extinguished proportionately in the amount of the Issuer's shortfall arising therefrom and no Securityholder has any further claims against the Issuer (subject, however, to the right to exercise any termination or early redemption rights). This applies irrespective of whether the Issuer would be able to make such payments out of other funds available to it (limited recourse). The rights of the Securityholders under the Guarantee

on first demand are not affected by the Limited Recourse and the obligations of the Guarantor under the Guarantee are not restricted; each Securityholders, continues to be entitled to take legal or other action against the Guarantor to claim and enforce obligations owed under the Guarantee, in particular with regard to Defaulted Payments.

5.2. Information about the Guarantor

The description and the financial information of the Guarantor for the purpose of this Base Prospectus were incorporated by reference and form part of this Base Prospectus (see section "3.7. Information incorporated in this Base Prospectus by reference", "3.7.2. Guarantor").

6. GENERAL INFORMATION ON THE SECURITIES

6.1. Information about the Securities

6.1.1. General

(a) Type and class of the Securities

The Securities are bearer bonds in accordance with German law within the meaning of § 793 of the German Civil Code (*Bürgerliches Gesetzbuch*, "**BGB**").

The Securities and the rights and duties of the investors and of the Issuer shall be based on the laws of the Federal Republic of Germany. The constituting of the Securities may be governed by the laws of the jurisdiction of the clearing system as set out in the respective Final Terms.

The Securities may be structured in different variants. An explanation of the functionality of the different variants can be found in section "7. Description of the Securities" of this Base Prospectus. This section describes in particular how the value of the Securities is affected by the value of the Underlying.

The features of the Securities and further information on the individual issues can only be determined shortly prior to publication of the Final Terms. They will be specified and published in the Final Terms.

This includes the following information, for example:

- *International Securities Identification Number* (ISIN), other securities identification numbers and/or exchange codes;
- issue date (payment date);
- issue volume;
- maturity date;
- denomination;
- interest rate;
- issue currency; and
- the Underlying

A Form of the Final Terms can be found in section "11. Form of Final Terms" of this Base Prospectus.

(b) Form of the Securities / Transferability

The Securities will be either issued in dematerialised form or represented by a global bearer security (the "**Global Security**") without interest coupons. If so provided in the Final Terms, the Securities will be initially represented by a temporary global bearer security (the "**Temporary Global Security**"). This will then be exchanged from the exchange date specified for a permanent global bearer security (the "**Permanent Global Security**") following the presentation of certificates of non-U.S. ownership. The Temporary Global Security and the Permanent Global Security are referred to in the following as the "**Global Security**".

The Securities in dematerialized form will be cleared through either

- C.I.K. NV/SA, Avenue de Schiphol 6, 1140 Brussels, Kingdom of Belgium (Euroclear Belgium);
- Euroclear Finland Oy, PL 1110, Urho Kekkosen katu 5C, 00101 Helsinki, Finland;
- Euroclear France S.A., 66 rue de la Victoire, 75009 Paris, French Republic;
- Euroclear Sweden AB, P.O. Box 191, Klarabergsviadukten 63, 101 23 Stockholm, Kingdom of Sweden;
- Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A., Unipersonal "IBERCLEAR";
- Norwegian Central Securities Depository VPS ASA, P.O. Box 4, 0051, Oslo, Norway; or
- VP SECURITIES A/S, Weidekampsgade 14, P.O. Box 4040, 2300 Copenhagen S, Denmark; (each a "**Clearing System**"),

The Global Security will be deposited with either

- Clearstream Banking AG, Frankfurt, Mergenthalerallee 61, 65760 Eschborn, Federal Republic of Germany;
- Clearstream Banking *société anonyme*, Luxembourg, 42 Avenue JF Kennedy, L-1855 Luxembourg, and Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, 1210 Brussels, Kingdom of Belgium;
- Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V., Herengracht 459-469, 1017 BS Amsterdam, the Netherlands (Euroclear Nederland);
- Interbolsa - Sociedade Gestora de Sistemas de Liquidação e de Sistemas Centralizados de Valores Mobiliários, S.A., Avenida da Boavista, 3433 4100-138 Porto – Portugal, or
- Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A., Unipersonal "IBERCLEAR" (each a "**Clearing System**").

The Clearing System is specified in the Final Terms.

The Securities are freely transferable as co-ownership rights in the Global Security in accordance with the applicable provisions of the Clearing System.

Definitive securities for the Securities will **not** be issued.

In case of Securities in dematerialized form the Final Terms will provide the name and the address of the entity in charge for keeping the records.

(c) Status of the Securities

The Securities constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer. The Securities rank *pari passu* with all present and future unsecured and unsubordinated liabilities of the Issuer, including deposit liabilities. This does not apply to liabilities,

- (i) which have preferred or subordinated status due to contractual terms between the Issuer and the respective third-party creditor. A subordinated status may be agreed in particular in the context of so-called subordinated bonds of the Issuer, subordinated loans or profit-sharing rights, to which a lower rank is assigned in insolvency proceedings on the basis of a contractual agreement; and
- (ii) which have preferred or subordinated status due to the provisions of law. The Issuer has no influence on these legal requirements.

(d) Guarantee

The payment and, where relevant, delivery obligations of the Issuer under the Terms and Conditions are guaranteed by an unconditional and irrevocable Guarantee of Société Générale, Paris, France.

(e) Limited Recourse

The Issuer also enters into a Trust Agreement relating to the Securities with the Guarantor. The Trust Agreement between Société Générale and the Issuer, inter alia, regulates the use of the funds made available by Société Générale for payment obligations arising from the securities. If the funds made available by Société Générale to the Issuer under the Trust Agreement are insufficient to fully satisfy the payment entitlements of the Securityholders, the holders of the securities shall have a direct right to: Payment of all outstanding amounts against Société Générale in accordance with the provisions of the guarantee on first request (limited recourse).

(f) Exercise of the Bail-in Power of the Relevant Resolution Authority on obligations of Société Générale

If the Relevant Resolution Authority (as defined below) exercises its Bail-in Power (as defined below) on obligations within the meaning of Article L 613-30-3-I-3 of the French Monetary and Financial Code (*Code monétaire et financier*) of the Guarantor ranking junior to the liabilities of the Guarantor which benefit from statutorily preferred exceptions in accordance with Article L 613-30-3-I 1° and 2° of the French Monetary and Financial Code and which do not constitute obligations within the meaning of L 613-30-3-I-4 of the French Monetary and Financial Code, and this exercise of the Bail-in Power results

in the write-down or cancellation of all, or a portion, of the principal amount of those liabilities or of an outstanding amount payable in respect of, and/or interest on, those liabilities, and/or the conversion of all, or a portion, of the principal amount of those liabilities or of an outstanding amount payable in respect of, or interest on, those liabilities into shares or other securities or other liabilities of the Guarantor or of another person, including by means of a variation of the Terms and Conditions for the purpose of the exercise of such Bail-in Power, then

- the liabilities of the Issuer to the Securityholders under the Securities shall be limited and written down to the amounts of principal or interest that the Securityholders would have received, and/or the value of the shares or other securities or liabilities of the Guarantor or of another person that would have been delivered to the Securityholders if the Securities had been directly issued by the Guarantor itself and accordingly all of the liabilities under the Securities had been affected directly by the exercise of the Bail-in Power, and
- the Issuer shall be entitled, instead of payment by the Issuer, to require the Securityholders to demand payment of all, or a portion, of the amounts due under the Securities after the write-down and/or delivery of shares or other securities or other liabilities of the Guarantor or of another person following any conversion referred to under section (i) above, directly by the Guarantor under the Guarantee for the liabilities of the Issuer.

If and to the extent that the Issuer requires the Securityholders to demand payment and/or delivery directly by the Guarantor under the Guarantee for the liabilities of the Issuer, the liabilities of the Issuer under the Securities shall be deemed to have been extinguished. "**Bail-in Power**" means the legal power of cancellation, write-down or conversion existing from time to time in accordance with the laws, regulations, rules or provisions relating to the resolution of banks, banking groups, credit institutions and/or other investment firms domiciled in France that apply to the Guarantor (or its legal successors) in France, including, but not limited to, such laws, regulations, rules or provisions that have been implemented, approved or resolved in connection with a Directive of the European Union or a Regulation of the European Parliament and of the Council for the purpose of creating a framework for the recovery and resolution of credit institutions and investment firms and/or in connection with a French resolution system under the French Monetary and Financial Code, or other applicable laws or regulations as amended, or other laws and regulations under which liabilities of a bank, banking group, credit institution or investment firm or of one of their respective subsidiaries may be written down, cancelled and/or converted into shares or other securities or liabilities of the debtor or of another person.

The "**Relevant Resolution Authority**" is an authority entitled to exercise the Bail-in Power.

Following exercise of the Bail-in Power by the Relevant Resolution Authority, a repayment of the principal amount of the Securities or the payment of interest on the Securities (to the extent of the portion of the Securities affected by the exercise of the Bail-in Power) shall not become due and payable, unless such repayment or payment would also have been permitted to be made by the Guarantor under the laws and regulations applying at the time to payments on senior unsecured liabilities if the Guarantor itself had been the issuer of the Securities, and the Terms and Conditions of the Securities shall be deemed to be amended accordingly.

The write-down or amendment with respect to the Securities described above shall not constitute grounds for termination and the Terms and Conditions of the Securities shall continue to apply in relation to the remaining principal amount or outstanding amount payable in respect of the Securities, subject to any amendment of the amount of interest payable in order to reflect the write-down of the principal amount and other changes to the Terms and Conditions which the Relevant Resolution Authority may resolve in compliance with the applicable laws and regulations relating to the resolution of banks, banking groups, credit institutions and/or other investment firms domiciled in France.

(g) Payments and deliveries under the Securities

Payments of amounts and/or Underlying to be delivered to the Securityholders shall be made on the relevant due date or interest payment dates via the Clearing System specified in the Final Terms.

All taxes or charges that may be incurred in connection with the payment of the redemption amount, interest payments and/or Underlying to be delivered shall be borne by the Securityholders. By making the payment to the Clearing System, the Issuer shall be released from its obligation under the Terms and Conditions.

(h) Calculation Agent

All calculations under the Securities shall be made by the calculation agent in accordance with the Terms and Conditions.

(i) Paying Agent

All payments under the Securities shall be made by the paying agent in accordance with the Terms and Conditions.

(j) Information about the Benchmarks Regulation with respect to the authorization of the Administrator

Amounts payable under these securities may be calculated with reference to one or more reference values (also referred to respectively as "**Benchmarks**") within the meaning of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 (the "**Benchmarks Regulation**"). The Final Terms will specify whether the Benchmark is provided by an Administrator which is included in the register of Administrators and Benchmarks ("**Benchmarks Register**") established and maintained by the European Securities and Markets Authority ("**ESMA**") in accordance with Article 36 of the Benchmarks Regulation. If the Administrator ("**Benchmark Administrator**") is included in the Benchmarks Register, the name of the Benchmark Administrator will also be listed in the Final Terms. In addition, the Final Terms will indicate whether further Benchmarks are provided by a Benchmark Administrator included in the Benchmarks Register. If this is the case, the name of the respective Benchmark Administrator will also be listed in the Final Terms.

6.1.2. Term and Termination

The term of the Securities is limited. It ends on the Maturity Date. This date is specified in the relevant Final Terms at the time of issue of the Securities.

The Issuer may terminate the Securities extraordinarily in accordance with the Terms and Conditions (e.g. on the occurrence of certain extraordinary events).

6.1.3. Description of the rights arising from the Securities

A description of the rights of the Securityholders under the individual product types of the Securities can be found in section "7. Description of the Securities" of this Base Prospectus.

In the event of so-called Adjustment Events or Extraordinary Events, however, the Issuer is entitled to adjust the Terms and Conditions and thus the rights of the Securityholders arising from the Securities. The adjustment shall be made in such a way as to maintain, as far as possible, the economic situation of the Securityholders under the Securities. The events are specified in the respective Terms and Conditions.

6.2. Interests of natural and legal persons involved in the issue/offer of the Securities

6.2.1. Further Transactions

The Issuer or companies affiliated to it are active on a daily basis in the international and German securities, foreign exchange, credit derivatives and commodity markets. They may therefore enter into transactions directly or indirectly related to the Securities for their own account or for the account of clients. In addition, the Issuer or companies affiliated to it may conclude transactions relating to the respective Underlying. When concluding these transactions, the Issuer or companies affiliated to it may act as if the Securities had not been issued.

In addition, the Issuer or companies affiliated to it may conclude transactions relating to the respective Underlying. Such transactions may have a negative impact on the performance of the Underlying. For

the purpose of these transactions, the Issuer or companies affiliated to it may pursue economic interests which conflict with the interests of the investors.

They also include transactions entered into by the Issuer or companies affiliated to it in order to hedge their obligations arising from the Securities. The value of the Securities may also be affected by the unwinding of some or all of these hedging transactions.

The Issuer or companies affiliated to it may buy and sell Securities for their own account or for the account of third parties and may issue additional Securities.

6.2.2. Business Relationships

The Issuer and its affiliated companies may have a business relationship with the issuer of the Underlying. Examples of a business relationship of this kind include:

- the granting of a loan;
- custodian activities;
- activities in connection with managing risks; or
- advisory and trading activities.

This may adversely affect the value of the Securities.

The following applies in relation to the Securities: The Issuer and companies affiliated to it may take actions which they consider appropriate to safeguard their own interests arising from this business relationship. In so doing, the Issuer and companies affiliated to it are not obliged to have regard to the impact on the Securities or on the Securityholders.

The Issuer or companies affiliated to it may enter into or participate in transactions which influence the value of the Underlying. Such business relationships with the issuer of the Underlying may adversely affect the value of the Securities. This may result in a conflict of interest on the part of the Issuer.

6.2.3. Information relating to the Underlying

The Issuer and its affiliated companies may possess or obtain material, non-public information about the Underlying. The Issuer and its affiliated companies are under no obligation to disclose information of this nature to the Securityholders. Interested investors are therefore dependent on publicly available information for the purpose of analysing the respective Underlying.

6.2.4. Pricing

Société Générale or a company affiliated to it may act as market maker ("**Market Maker**") for the Securities.

The Market Maker is responsible for quoting prices for the Securities ("**Market Making**"). The prices are then not formed directly by supply and demand. This distinguishes pricing for the Securities from trading on an exchange where prices are based on supply and demand.

Société Générale or its affiliated companies may also act as Market Maker for the Underlying.

Market Making may have a significant effect on the price of the Underlying and therefore also on the value of the Securities. The prices quoted by the Market Maker will not always be the same as the prices that would have developed from liquid trading on an exchange. Prices quoted by the Market Maker in the secondary market are determined on the basis of the fair value of the Securities. The fair value of the Securities depends on the value of the Underlying, among other factors.

The Market Maker sets the spread between the bid and offer prices. The bid price is the price at which the Market Maker buys the Securities. The offer price is the price at which the Market Maker sells the Securities. The spread depends both on supply and demand for the Securities and also on particular income considerations. Certain costs are deducted when pricing the Securities over their term. The costs are not always distributed equally over the term, however. Costs may be deducted from the fair value of the Securities in their entirety at an early date specified by the Market Maker. The prices quoted by the Market Maker may therefore differ significantly from the fair value or expected economic value of

the Securities. Furthermore, the Market Maker may at any time modify the method it uses to determine the prices quoted. For example, it may increase or reduce the spread between the bid and offer prices.

Its function as Market Maker both for the Securities and possibly also for the Underlying does not constitute an obligation on the part of the Issuer towards the Securityholders. In both cases, the Issuer may therefore cease to act as Market Maker at any time.

6.3. Reasons for the offer of the Securities and use of proceeds

The Securities are being offered and the proceeds will be used solely for the purpose of generating profits in the context of the Issuer's general business activities. The estimated total costs of the respective issue/offer of the Securities and the estimated net proceeds will be published in the relevant Final Terms.

The redemption amounts will be calculated on the basis of a price of the Underlying defined in the Terms and Conditions, but the Issuer has no obligation to the investors to invest the proceeds from the issue of the Securities in the Underlying. Securityholders have no ownership rights in the Underlyings or their constituents. The Issuer is free to determine how the proceeds from the issue of the Securities are used.

6.4. Disclosure of resolutions relating to the Securities

Each issue of the Securities forms part of the normal business activities of the Issuer in accordance with its Articles of Association and does not require the passing of any internal resolutions.

6.5. Factors affecting the tax treatment of any income from the Securities

The tax legislation of the Member State of the investor and the founding State of the issuer may have an impact on the income from the securities.

The Issuer accepts no responsibility for the deduction or payment of taxes at source. **Interested investors are urgently recommended to consult their tax advisers about taxation in particular cases.**

6.6. Information about the Underlying

The rate, level or price of the respective Underlying of the Securities is the primary factor affecting the value of the Securities.

During the term of the Securities, Securityholders participate in principle in both positive and negative movements in the price of the respective Underlying.

In particular, the level of the Redemption Amount of the Securities depends on the rate, level or price of the Underlying on the relevant Valuation Date.

6.6.1. General description of the Underlying

The Securities described in this Base Prospectus may be linked to the performance of shares or indices.

The Securities are linked for this purpose to a single Underlying, as specified in the Final Terms, for example a single share or a single index.

The Underlying is published in the relevant Final Terms. Sources of further information, including whether or not that information is available free of charge, can also be found in the relevant Final Terms.

The Issuer does not intend to provide any further information about the Underlying or Underlyings after the issue of the Securities.

6.6.2. Market Disruption Events relating to the Underlying

Suspensions or restrictions of trading or other disruptions relating to the Underlying (as described in detail in the Final Terms in relation to the respective Underlying; respectively a "**Market Disruption Event**") may affect the price of the Underlying. A Market Disruption Event may also affect the calculation of the level of the Redemption Amount as a result. A Market Disruption Event occurs, for example, if the price of the Underlying cannot be determined on a Valuation Date. The consequence of such a Market Disruption Event may be that a substitute price is calculated for the relevant Underlying, for example. The specific provisions applicable to an Underlying to correct the effects of a Market Disruption Event are specified in the Terms and Conditions.

6.6.3. Adjustments to the Terms and Conditions due to events affecting the Underlying

Certain events may have a material impact on the determination of the price of the Underlying specified in the Terms and Conditions.

The following represent examples of adjustment events:

- capital increases for capital contributions;
- the final discontinuation of the exchange listing of the Underlying;
- the discontinuation of the calculation or publication of an index; or
- other events which make it impossible to determine the Reference Price. They also include events which mean that the Underlying is no longer determined and published on a regular basis, etc. (respectively an "**Adjustment Event**").

If an Adjustment Event occurs, the adjustment rules provided for in the Terms and Conditions are applied. The definitions of Adjustment Events are specified in the Terms and Conditions.

6.7. Conditions for the offer of Securities

6.7.1. Offer of Securities

The Securities issued by the Issuer will be underwritten by Société Générale (legal entity identifier (LEI): O2RNE8IBXP4R0TD8PU41), telephone: +33 (0)1 42 14 20 00, domiciled in Paris, France) (the "**Offeror**") subject to a general underwriting agreement dated 15 January 2015. The Offeror will offer the Securities to potential investors.

The applicable Final Terms will state whether or not the Securities will be publicly offered. The details of the offer and sale, in particular the relevant Payment Date, start of the offering, the offer jurisdiction(s), the relevant offer/issue volume as well as the relevant issue price with regard to each issue hereunder will be set out in the relevant Final Terms. Any offer of Securities under this Base Prospectus will be terminated upon expiry of the validity of this Base Prospectus.

6.7.2. Potential Investors, Categories of Investor

The Securities may be offered to retail investors, institutional investors and/or other qualified investors, subject to the restrictions presented in section "8: Selling Restrictions" of this Base Prospectus.

6.7.3. Issue Price of the Securities, Pricing

(a) Disclosure of the price at which the Securities are offered (Initial Issue Price)

The initial issue price per Security is normally stated in the Final Terms. The initial issue price is the price at which the public offer of the Securities is first made. The selling price of the Securities is subsequently determined on an ongoing basis.

The initial offer price of the Securities is based on the internal pricing models of Société Générale. In addition to a front-end fee and placement commission, it may also include an expected margin that is not apparent to investors. This margin will be collected by Société Générale. In principle, this margin

may include costs that Société Générale has incurred or is yet to incur, in particular costs for structuring the Securities, hedging risk, and selling the Securities. The Final Terms state the amount of the Issuer's costs included in the initial issue price for the Securities, where known to the Issuer.

Contractual partners of the persons or entities purchasing the Securities issued by the Issuer may receive benefits for selling those Securities. Such contractual partners may also receive any front-end fee charged. In addition, the contractual partners of the purchaser may receive benefits in the form of payments in kind for selling the Securities.

(b) Other costs and taxes that may be charged to the subscriber or purchaser

The Issuer and/or Offeror will not charge purchasers any costs other than the above issue, subscription and/or selling prices. Information on other costs and taxes that may be charged or levied by online banks, investors' own banks or the given stock exchange must be obtained from those sources.

6.7.4. Delivery of the Securities

The Securities will be delivered by depositing them in the Clearing System on the Payment Date specified in the respective Final Terms. Upon purchase after the Payment Date, the Securities will be delivered in accordance with applicable local market practice.

Definitive certificates for the Securities will not be issued.

6.8. Admission of the Securities to trading and trading rules

Application may be made to have the Securities under this Base Prospectus admitted to trading on a (European) stock exchange in an EU member state (i.e. on a regulated market) or an equivalent third-country market (within the meaning of Article 25 of Regulation 2014/65/EU (MiFID II)) and/or trading system.

However, the Securities may be offered without being admitted to trading on a (European) stock exchange or equivalent third-country market or trading system.

6.8.1. Admission of the Securities to trading

The Final Terms will disclose any application or intention to apply for the Securities to be admitted to trading on a (European) stock exchange or an equivalent third-country market and/or trading system. The Final Terms will also state the first date on which the Securities are or are expected to be admitted to trading.

In addition, the Final Terms will disclose all markets or equivalent third-country markets on which Securities of the same category are already admitted to trading.

The Final Terms will state any application or intention to apply for the Securities to be admitted to trading on another (European) stock exchange or an equivalent third-country market and/or trading system, even as a potential secondary listing. In this case, the Final Terms will also name the respective exchange, the respective other trading system and, if known, the date on which the Securities were or are expected to be included in trading on such market or trading system.

The Securities may be admitted to trading on the following regulated markets:

- Barcelona Stock Exchange
- Euronext Amsterdam N.V.
- Euronext Brussels N.V./S.A.
- Euronext Paris S.A.
- Madrid Stock Exchange

Even if the Offeror files the application for admission to trading, there is no guarantee that it will be granted. Nor is there a guarantee of active trading in the Securities. The Issuer is under no obligation to ensure that the Securities remain admitted to trading over their term.

6.8.2. Name and address of intermediaries in secondary trading

If the Issuer or a third party engaged by it can act as market maker for the Securities in accordance with the Final Terms, that market maker will quote bid (buy) and ask (sell) prices under normal market conditions during the normal trading hours of the Securities in accordance with the rules and regulations of the given stock exchange for the purposes of securing liquidity for the respective Security. If the Issuer appoints intermediaries in secondary trading, the name and address of the respective institutions acting as intermediaries in secondary trading pursuant to a binding commitment will be published in the Final Terms, giving a description of the primary provisions of their commitment.

6.9. Post-Issuance Information

The Issuer does not intend to provide post-issuance information in relation to the Securities, unless the Terms and Conditions expressly provide for notices to be published in specific cases. This applies, for example, if adjustments are made. In such cases, the information will be published on the website(s) specified in the Final Terms or any respective successor website.

The Issuer will publish significant new factors, material mistakes or material inaccuracies relating to the information contained in this Base Prospectus. Publication will be made in a supplement to this Base Prospectus in accordance with Article 23 of the Prospectus Regulation.

6.10. Credit Ratings of the Securities

The Securities described in this Base Prospectus are not rated.

7. DESCRIPTION OF THE SECURITIES

This section details the operation of the Securities that may be issued under this Base Prospectus.

The potential Securities operate differently depending on the type or variant of Security, which are categorised as follows:

Depending on the determination of the redemption structure, the following Structured Notes could be issued:

Structured Notes without Monitoring Period (Classic and Protect)

- Classic
 - With delivery obligation (Underlying Share)
 - With cash settlement;
- Protect (Barrier smaller Strike)
 - With delivery obligation (Underlying Share)
 - With cash settlement;

Structured Notes with Monitoring Period (Plus)

- Plus
 - With delivery obligation (Underlying Share)
 - With cash settlement;

7.1. General Information relating to the Structured Notes

The following descriptions of the Securities outline several variants of the Structured Notes. The relevant features of the Structured Notes are given in the Terms and Conditions set out in the Final Terms.

7.1.1. Effect of the Underlying on the Performance of the Structured Notes

The Securities are linked to an Underlying, which can be a share or an index. The Underlying is specified in the Final Terms.

During their term, the price of the Securities depends on the performance of the respective Underlying. The different variants are "Classic", "Protect" and "Plus". The Denomination shall be repaid on the Maturity Date only if (a) the Strike (Classic) or a specific Barrier (Protect) of the Reference Price of the Underlying on the Valuation Date or (b) a specific Barrier during the Monitoring Period (Plus) is **not undercut**.

If the conditions for payment of the Denomination are not met, the redemption of the securities may take place on the Maturity Date by payment of a monetary amount or by delivery of the delivery item (in the case of Underlying Share). Delivery item is the Underlying in a number specified by the Ratio. The Terms and Conditions specify whether there is the possibility of a physical delivery of a delivery item.

In addition, an interest payment is made on the date(s) of interest, the amount of which is specified in the Terms and Conditions.

The following examples assume that the price of the Underlying changes while all other factors influencing the price of the Securities remain unchanged. The price of these Securities normally increases when the value of the Underlying **increases**. Conversely, the price of these Securities normally decreases when the value of the Underlying **decreases**.

However, a number of other factors influence the price of the Securities (for details see 7.2.1 below).

7.1.2. Reference Price and Price of the Underlying

The Reference Price of the Underlying on the Valuation Date is the deciding factor in determining the amount of payments to Securityholders. In the case of Securities with physical delivery, the Reference

Price determines the method of redemption of the Securities, i.e. whether the Denomination is repaid or whether the delivery of the Underlying takes place. The Final Terms specify which price of the Underlying is used as the Reference Price. For example, they may provide for the relevant Reference Price to be determined as the closing price of a share on a stock exchange specified in the Terms and Conditions.

In case of Structured Notes Plus, whether a Barrier Event has occurred plays an essential role in the redemption of the Securities. This is the case if a relevant price of the Underlying is equal to or below the Barrier only once during the Monitoring Period.

The Strike, Barrier and the Monitoring Period shall be set out in the Terms and Conditions.

7.1.3. Barrier Event

The prices of the Underlying which are relevant for the determination of a Barrier Event are also defined in the Terms and Conditions. The relevant price may for example be any quoted price of a share on a specific stock exchange or any index level quoted by an index sponsor. Unlike in the case of the Reference Price on the Valuation Date, a number of prices for the Underlying are significant for a breach of the respective barrier. In all cases, Securityholders should read the Terms and Conditions to ascertain which prices are capable of triggering a Barrier Event.

If, in case of a Structured Notes Plus, a Barrier Event occurs even once during the Monitoring Period, the Securityholder shall bear the full risk of a loss of value of the Underlying from the date of the occurrence of the Barrier Event. In order that in this case the Securityholder is entitled to receive the Denomination on the Maturity Date, the price of the Underlying would have to rise again, after it was below the Barrier, in the remaining period up to the Valuation Date to exceed the Strike.

7.1.4. Adjustments, Extraordinary Termination

The Terms and Conditions of all Securities specify certain adjustment events whose occurrence may trigger an adjustment to the Terms and Conditions. The Issuer will adjust the Terms and Conditions in such manner that the economic position of the Securityholder is the same as before the adjustment event to the extent possible. The adjustment events depend on the type of Underlying.

Examples of adjustment events include the cessation of the Underlying or the discontinuation of its listing, changes in laws or taxation events. Another adjustment event may arise if the Issuer is no longer able to enter into the necessary hedges.

If it is not possible to adjust the Terms and Conditions, the Security is terminated at the Extraordinary Termination Amount. For example, no adjustment would be possible if pricing were to cease for a share and no substitute were available.

In the case of "termination events", the Issuer is also entitled to terminate the Securities extraordinarily and to redeem them at the termination amount determined in accordance with the Terms and Conditions. The termination events are specified in the respective Terms and Conditions. These extraordinary termination rights will be exercised in the following cases, for example: Changes occur to the relevant underlying of the Securities which make it impossible in the opinion of the Calculation Agent to adjust the Terms and Conditions in a way which makes sense from a financial point of view.

In the event of extraordinary termination, the Securityholders lose all of their rights arising from the Securities, except for their claim to payment of the termination amount determined in accordance with the Terms and Conditions. There is even a risk that the termination amount paid will be equal to zero (0). In this event, the Securityholders will incur a total loss of the Capital Amount paid for the purchase of the Securities. The following is an example of such a case: The company whose shares form the underlying for the respective Security becomes insolvent. The share becomes worthless as a result. There is no question of making an adjustment to the Terms and Conditions in this case. The Issuer will therefore terminate the Security extraordinarily in this event. The Securityholders will suffer a total loss.

7.1.5. Currency Conversion

The Terms and Conditions of the Securities may contain provisions governing currency conversion. For example, the amounts payable in the Terms and Conditions may initially be expressed in a foreign currency and not the issue currency. In this event, these amounts are then converted into the issue currency on a Valuation Date at the relevant conversion rate specified in the Final Terms. The same applies to all other amounts payable in accordance with the Terms and Conditions that are initially expressed in a foreign currency (non-quanto).

However, the Terms and Conditions may specify a 1:1 conversion rate (e.g. EUR 1.00/USD 1.00) (quanto). In this case, the issue currency/foreign currency exchange rate on the Valuation Date is **irrelevant**.

7.2. Detailed Information to Structured Notes

7.2.1. Features

Structured Notes have a fixed term and are redeemed on the Maturity Date. Before the Maturity Date the Securityholder can only sell the Structured Notes in order to realise their economic value.

The redemption or sale value of the Structured Notes depends on the performance of an Underlying. This entails opportunities and risks. As compensation for the risks, the Terms and Conditions stipulate that the Securityholder receives a fixed interest payment on each interest payment date.

7.2.2. Interest payments during the term or at the end of the term

Structured Notes bear interest as from the Payment Date. Interest is payable in arrears on the Maturity Date or on the Interest Payment Date(s) specified in the Terms and Conditions. The last interest payment is made on the Maturity Day. Interest payments are independent of the value of the Underlying.

7.2.3. Redemption at maturity

(a) General

What the Securityholder receives, depends on the Reference Price of the Underlying on the Valuation Date as set out in the Terms and Conditions and, if applicable, on all prices of the Underlying in a predetermined Monitoring Period.

The Reference Price, the Barrier, the Monitoring Period and the prices which are relevant for a Barrier Event, are specified in the Terms and Conditions.

(b) Structured Notes without Monitoring Period (Classic and Protect)

If the Securityholder receives the Denomination or a number of the Underlying and the Redemption Amount, respectively, depends on the Reference Price of the Underlying **on the Valuation Date**. Only if the Reference Price of the Underlying is equal to or above a certain value, the investor will receive the Denomination on the Maturity Date.

Structured Notes Classic with physical settlement (Underlying Share)

- A. If the Reference Price of the Underlying on the Valuation Date is equal to or above the Strike, the amount payable will be equal to the Denomination.
- B. If the Reference Price of the Underlying on the Valuation Date is below the Strike, the Securityholder will receive a number of the Underlying.

Structured Notes Protect with physical settlement (Underlying Share)

- A. If the Reference Price of the Underlying on the Valuation Date is equal to or above the Barrier, the amount payable will be equal to the Denomination.
- B. If the Reference Price of the Underlying on the Valuation Date is below the Barrier, the Securityholder will receive a number of the Underlying.

Structured Notes Classic with cash settlement (Underlying Share or Index)

- A. If the Reference Price of the Underlying on the Valuation Date is equal to or above the Strike, the amount payable will be equal to the Denomination.
- B. If the Reference Price of the Underlying on the Valuation Date is below the Strike, the amount payable will be equal to the Denomination multiplied by the quotient of the Reference Price of the Underlying on the Valuation Date and the Strike.

Structured Notes Protect with cash settlement (Underlying Share or Index)

- A. If the Reference Price of the Underlying on the Valuation Date is equal to or above the Barrier, the amount payable will be equal to the Denomination.
- B. If the Reference Price of the Underlying on the Valuation Date is below the Barrier, the amount payable will be equal to the Denomination multiplied by the quotient of the Reference Price of the Underlying on the Valuation Date and the Strike.

(c) Structured Notes with Monitoring Period (Plus)

If the Securityholder receives the Denomination or a number of the Underlying and the Redemption Amount, respectively, depends on the price of the Underlying **on the Valuation Date and during the Monitoring Period**. Only if a Barrier Event has not occurred or if the price of the Underlying on the Valuation Date is above the Strike, the investor will receive the Denomination.

A Barrier Event occurs as soon as during the Monitoring Period the relevant price of the Underlying is at least once equal to or below the predetermined Barrier.

Structured Notes Plus with physical settlement (Underlying Share)

- A. A Barrier Event has not occurred. The Securityholder will receive the Denomination.
- B. If a Barrier Event has occurred, there are two possible scenarios:
 - The Reference Price of the Underlying on the Valuation Date is equal to or above the Strike: The Securityholder will receive the Denomination.
 - The Reference Price of the Underlying on the Valuation Date is below the Strike: The Securityholder will receive a number of the Underlying.

Structured Notes Plus with cash settlement (Underlying Share or Index)

- A. A Barrier Event has not occurred. The Securityholder will receive the Denomination.
- B. If a Barrier Event has occurred, there are two possible scenarios:
 - The Reference Price of the Underlying on the Valuation Date is equal to or above the Strike: The Securityholder will receive the Denomination.
 - The Reference Price of the Underlying on the Valuation Date is below the Strike: The amount payable will be equal to the Denomination multiplied by the quotient of the Reference Price of the Underlying on the Valuation Date and the Strike.

7.2.4. Pricing

The following factors have an impact the price of a Structured Notes:

- Volatility of the Underlying. The volatility of the Underlying has generally an impact on the price of the Structured Notes. The impact is higher, if the price of the Underlying is close to the Strike or the Barrier;
- general changes in interest rate levels;
- spreads on the capital market for maturities comparable to the term of the respective Structured Notes;
- for Structured Notes with shares as the Underlying, dividends expected or actually distributed during the term of the Structured Notes.

8. SELLING RESTRICTIONS

8.1 Introduction

Aside from publishing and filing this Prospectus, any supplements and/or the respective Final Terms in the Federal Republic of Germany and in those countries where the Prospectus has been notified, the Issuer has not taken and will not take any action to permit the public offer of the Securities or their possession or the distribution of offering documents in relation to the Securities in a jurisdiction that requires specific action to be taken for that purpose.

The distribution of this Prospectus and the offer of the Securities may be subject to legal restrictions in certain jurisdictions. This may relate primarily to the offer, sale, holding and/or delivery of Securities as well as the distribution, publication and possession of the Prospectus. Persons who gain access to the Securities and/or the Prospectus are required to independently seek information on and comply with such restrictions.

The Securities and the Prospectus may only be distributed in a given jurisdiction if this complies with the laws of such jurisdiction and does not give rise to obligations on the part of the Issuer. In particular, the Prospectus may not be used by any person or entity for the purposes of an offer or advertisement (a) in a jurisdiction in which the offer or advertisement is not approved but where such approval is required, and/or (b) to or with respect to a person for whom such offer or advertisement is not lawful.

Neither the Base Prospectus nor any supplements nor the respective Final Terms represent an offer or an invitation to any person for the purchase of Securities and can in no way be regarded as a recommendation by the Issuer to purchase Securities.

8.2 European Economic Area

A public offer of the Securities may be made in a member state of the European Economic Area ("EEA") in accordance with the following terms and conditions:

- after the date of publication of the Base Prospectus approved by the competent authority of that member state or approved in another member state and notified to the competent authority in that member state, provided that
 - the Base Prospectus has been supplemented by the Final Terms providing for an offer subject to the obligation to publish a prospectus (non-exempt offer), in accordance with the Prospectus Regulation,
 - the non-exempt offer is only made in the period whose beginning and end are specified in the Base Prospectus or in the Final Terms, and
 - the Issuer has consented in writing to their use for the purposes of the non-exempt offer;
- at any time to persons who are qualified investors within the meaning of the Prospectus Regulation;
- at any time in any member state to fewer than 150 natural or legal persons per member state (who are not qualified investors within the meaning of the Prospectus Regulation); or
- at any time under any of the other circumstances specified in Article 1(4) of the Prospectus Regulation.

None of the offers under the last three points may require the Issuer to publish a prospectus in accordance with Article 6 of the Prospectus Regulation or a supplement to a prospectus in accordance with Article 23 of the Prospectus Regulation.

For the purposes of these selling restrictions, the term "public offer of the Securities", when used in relation to Securities in a member state, means a communication to persons in any form and by any means, presenting sufficient information on the terms of the offer and the securities to be offered, so as to enable an investor to decide to purchase or subscribe for those securities.

8.3 United Kingdom

All purchasers of the Securities acknowledge and agree that an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the United Kingdom Financial Services and Markets Act 2000 ("**FSMA**")) may only be communicated or caused to be communicated in connection with the issue or sale of the Securities in circumstances in which Section 21(1) FSMA does not apply to the Issuer.

The applicable provisions of the FMSA must be complied with in respect of any and all action taken in connection with the Securities that originates from or otherwise involves the United Kingdom

8.4 United States of America

The Securities and guarantees for these Securities have not been and will not be registered under the United States Securities Act of 1933 as amended (the "**Securities Act**") or the securities laws of any state of the United States or of its territories, nor has trading in the Securities been approved by the Commodity Futures Trading Commission ("**CFTC**") in accordance with the United States Commodity Exchange Act as amended (the "**CEA**"). No commodity pool operator has been or will be registered for the Issuer (or its legal successor) in accordance with the CEA and the CFTC rules established under the CEA (the "**CFTC Rules**"), and the Issuer is not and will not be registered as an investment company in accordance with the United States Investment Company Act of 1940 as amended and the rules and regulations promulgated thereunder (the "**Investment Company Act**"). The Securities are offered and sold pursuant to an exemption from the registration requirements of the Securities Act under Regulation S of the Securities Act (Regulation S). They may only be offered, sold, resold, pledged or otherwise transferred at any time as part of an offshore transaction (as defined in Regulation S) to, or for the account or benefit of persons who do not meet the definitions set out below:

- A a U.S. person as defined in Regulation S of the Securities Act (a "**U.S. Person as Defined in Regulation S**"), or within the meaning of the CEA, a CFTC Rule or guidelines proposed or promulgated under the CEA or an order proposed or promulgated under the CEA (for the avoidance of doubt, a U.S. person is any person who is not a "non-United States person" as defined in CFTC Rule 4.7(a)(1)(iv), however excluding, for the purposes of point (D) of CFTC Rule 4.7(a)(1)(iv), the exception for qualified eligible persons who are not U.S. persons) (a "**U.S. Person as Defined in the CEA**").
- B a U.S. person as defined in Section 7701(a)(30) of the Internal Revenue Code of 1986, with the exception of traders or other professional fiduciaries organised or registered in the United States and acting outside the United States for the benefit or account of a non-U.S. person in respect of a non-discretionary or similar account (other than an estate or trust) (a "**U.S. Person as Defined by the IRS**").

Each person or account being a U.S. Person as Defined in Regulation S, a U.S. Person as Defined in the CEA or a U.S. Person as Defined by the IRS is hereinafter referred to as a "**U.S. Person**". Each person or account not being a U.S. Person as defined in this document is hereinafter referred to as a "**Permitted Transferee**".

The Securities may not be legally or beneficially owned – either directly or indirectly – at any time by any person not being a Permitted Transferee.

BY PURCHASING THE SECURITIES, EACH PURCHASER WILL BE DEEMED OR REQUIRED TO HAVE AGREED TO THE FOREGOING RESTRICTIONS AND THE PROHIBITION ON RESELLING OR OTHERWISE TRANSFERRING THE SECURITIES HELD BY THEM, WITH THE EXCEPTION OF RESALE AND TRANSFER AS PART OF OFFSHORE TRANSACTIONS (AS DEFINED IN REGULATION S) OUTSIDE THE UNITED STATES TO PERSONS WHO ARE PERMITTED TRANSFEREES AS DEFINED ABOVE.

THE ISSUER, FIDUCIARY, INVESTMENT MANAGER, ADMINISTRATOR AND THE CUSTODIAN (WHERE APPLICABLE) OR THEIR AFFILIATED COMPANIES ARE NOT REQUIRED TO RECOGNISE ANY RESALE OR OTHER TRANSFER NOT COMPLIANT WITH THESE

RESTRICTIONS. TRANSFERS OF THE SECURITIES TO PERSONS WITHIN THE UNITED STATES OR TO U.S. PERSONS (AS DEFINED ABOVE) WILL BE VOID *AB INITIO*. THE ISSUER, FIDUCIARY, INVESTMENT MANAGER, ADMINISTRATOR AND THE CUSTODIAN (WHERE APPLICABLE) MAY DEMAND THAT PERSONS WITHIN THE UNITED STATES OR U.S. PERSONS (AS DEFINED ABOVE) IMMEDIATELY TRANSFER THE SECURITIES TO A PERMITTED TRANSFEREE. IF APPLICABLE, THE ISSUER OR FIDUCIARY (IN EACH CASE WHERE RELEVANT) MAY FURTHERMORE CONFISCATE THE SECURITIES FROM SUCH PERSONS FOR THE PURPOSES OF CANCELLING THEM.

9. TERMS AND CONDITIONS

The Terms and Conditions consist of the general terms of the Securities (the "**General Terms**"), the product-specific terms (the "**Product-Specific Terms**") and the product data (the "**Table of Product Details**") (together the "**Terms and Conditions**"). The Terms and Conditions in certain places contain options or a variety of possible options for a provision (indicated by square brackets or frames) or omissions (indicated by placeholder). The Final Terms provide the missing information and specify which of the possibilities provided by the Terms and Conditions shall apply with respect to specific conditions.

The following paragraphs 2-3 shall be applicable for all Securities

2. The Issuer shall be entitled at any time to appoint another bank as Paying Agent. Such appointment and the effective date shall be notified in accordance with § 6 of the General Terms.
3. The Paying Agent is hereby granted exemption from the restrictions of § 181 German Civil Code (*Bürgerliches Gesetzbuch*) ("**BGB**") and any similar restrictions of the applicable laws of any other country.
4. Société Générale, Boulevard Haussmann 29, 75009 Paris, France, shall be the calculation agent regarding the Securities ("**Calculation Agent**"). The Issuer shall be entitled at any time to appoint another bank or, to the extent permitted by law, by a financial services institution established in one of the member states of the European Union, one or more additional calculation agent(s) or to cancel their order. Replacement, designation and revocation shall be notified in accordance with § 6 of the General Terms.
5. The Calculation Agent is entitled at any time to resign its office as Calculation Agent. The resignation shall only take effect with the appointment of another bank or, to the extent permitted by law, a financial service institution established in one of the member states of the European

Union as the Calculation Agent of the Issuer. The resignation and appointment will be published in accordance with § 6 of the General Terms.

6. The Calculation Agent acts exclusively as a vicarious agent (*Erfüllungsgehilfe*) of the Issuer and has no obligations towards the Securityholders. The Calculation Agent is hereby granted exemption from the restrictions of § 181 BGB and any similar restrictions of the applicable laws of any other country.
7. Neither the Issuer nor the Calculation Agent is obliged to review the eligibility of the submitter of Securities.

§ 3 TAXES

Payments in respect of the Securities shall only be made after (i) deduction and withholding of current or future taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected (the "**Taxes**") under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, to the extent that such deduction or withholding is required by law, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code ("**871(m) Withholding**"). The Issuer shall report on the deducted or withheld Taxes to the competent government agencies.

In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Securities, the Issuer shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

§ 4 STATUS, GUARANTEE, LIMITED RECOURSE

1. The obligations under the Securities constitute direct, unconditional and unsecured (*nicht dinglich besichert*) obligations of the Issuer and rank at least pari passu with all other unsecured and unsubordinated obligations of the Issuer (save for such exceptions as may exist from time to time under applicable law).
2. Any payment obligation of the Issuers are unconditionally and irrevocably guaranteed by a guarantee of Société Générale, Paris, France ("**Guarantor**"). The obligations arising under the guarantee constitute direct, unconditional, unsecured and general obligations of the Guarantor and rank and will rank at least pari passu with all other existing and future direct, unconditional, unsecured and general obligations of the Guarantor, including those in respect of deposits, but excluding any debts for the time being preferred by law and senior to any subordinated obligations. If the Issuer, for any reason whatsoever, owes to the holders of the Securities a sum or amount payable on a Security (including any premiums or discounts or other amounts payable under the Securities), the Guarantor guarantees to pay to the holder of the Security on request as soon as these payments fall due under the Securities the amount as it would have been made by the Issuer in accordance with the Terms and Conditions

If the relevant Resolution Authority (§ 4 paragraph 5 of the Product-Specific Terms) exercises its Bail-in Power (§ 4 paragraph 5 of the Product-Specific Terms) on senior unsecured liabilities of the Guarantor, which results in the write-down or cancellation of all, or a portion of, the principal amount of, or outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of the

Guarantor or another person, including by means of a variation to their terms and conditions to give effect to such exercise of Bail-in Power, then the payment or delivery of the obligations shall be as if the Securities had been directly issued by the Guarantor itself.

3. Pursuant to the Trust Agreement dated 28 February 2006 between the Issuer and the Guarantor (the "**Trust Agreement**") the Issuer commits, inter alia, to (i) issue and to redeem Securities on a fiduciary (treuhänderisch) basis in its own name (im eigenen Namen) but for the account (für Rechnung) of the Guarantor (ii) collect any proceeds resulting from the issuance of the Securities (Emissionserlöse) and to deliver such proceeds to the Guarantor and (iii) use the funds made available by the Guarantor pursuant to the Trust Agreement for payments owed in the Issuer's own name but for the account of the Guarantor (whereby the funds correspond to the amounts of the payments made by the Issuer pursuant to the Securities at maturity, and enable them to meet its payment obligations in a timely manner). The ability of the Issuer to meet its payment obligations under the Securities in full depends on the Issuer receiving in full the amounts which the Guarantor is obliged to pay to it under the Trust Agreement.

The payment obligations of the Issuer under the Securities are limited to the funds made available to the Issuer by the Guarantor within the framework of the Trust Agreement. Insofar as the funds made available by the Guarantor are insufficient for full satisfaction of the payment obligations against all the holders of the Securities, the shortfall is cut off and there are no further losses and there are no further claims of the holders of the Securities against the Issuer, irrespective of whether the Issuer is in a position to meet their payment obligations arising from the Securities by any other means at its disposal (corresponding payment obligations are classified as "**Defaulted Payments**"); however, this shall apply subject to the right to termination or early repayment ("**Limited Recourse**").

The rights of the Securityholders under the Guarantee are not affected and the obligations of the Guarantor under the Guarantee are not limited by the Limited Recourse; hence the Securityholder shall continue to have the right to institute any proceeding, judicial or otherwise, or otherwise assert a claim against the Guarantor to enforce any obligation due under the relevant Guarantee, including without limitation in respect of any Defaulted Payments.

§ 5 SUBSTITUTION OF THE ISSUER

1. At any time during the life of the Securities and subject to paragraph 2, the Issuer is entitled to substitute any other company (hereinafter called a "**New Issuer**") for itself as Issuer without the consent of any Securityholder. In such case, the New Issuer may assume all the obligations of the Issuer under and in connection with the Securities. Any such substitution and the respective effective date shall be notified by the Issuer in accordance with § 6 of the General Terms

Upon any such substitution, the New Issuer shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under the Securities with the same effect as if the New Issuer had been named as the Issuer in these Terms and Conditions; the Issuer (and, in the case of a repeated application of this § 5, each previous issuer) shall be released from its obligations hereunder and from its liability as obligor under the Securities.

In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on refer to the New Issuer.

2. No such assumption shall be permitted unless
 - (a) the New Issuer has agreed to assume all obligations of the Issuer under the Securities;
 - (b) the Issuer or the Guarantor has unconditionally and irrevocably guaranteed to the Securityholders compliance by the New Issuer with all obligations under the Securities;

- (c) the New Issuer has obtained all governmental authorisations, approvals, consents and permissions necessary in the jurisdictions in which the New Issuer are domiciled or the country under the laws of which they are organised[.][and
 - (d) Euroclear Sweden has given its consent to the substitution (which consent shall not be unreasonably withheld or delayed).]
3. Upon any substitution of the Issuer for a New SG Issuer, this § 5 shall apply again.

§ 6 NOTICES

Where these Terms and Conditions provide for a notice pursuant to this section, such notice shall be published on the website [<http://warrants.com>] [*website*] (or on another website notified at least six weeks in advance by the Issuer in accordance with this section and in the Federal Gazette (*Bundesanzeiger*) (the "**Successor Website**")) and become effective vis-à-vis the Securityholder through such publication unless the notice provides for a later effective date. If and to the extent applicable law or regulations provide for other forms of publication, such publications shall be made merely in addition to the aforesaid publication.

[Other publications with regard to the Securities are published on the website of the Issuer <https://www.societegenerale.fr> (or any successor website).]

§ 7 ISSUANCE OF ADDITIONAL SECURITIES, REPURCHASE OF SECURITIES

1. The Issuer reserves the right to issue from time to time without the consent of the Securityholders additional tranches of Securities with substantially identical terms, so that the same shall be consolidated to form a single series and increase the total volume of the Securities. The term "Securities" shall, in the event of such consolidation, also comprise such additionally issued securities.
2. The Issuer may at any time purchase Securities in the market or otherwise. Securities repurchased by or on behalf of the Issuer may be held by the Issuer, re-issued, resold or surrendered to the Paying Agent for cancellation.

§ 8 LIMITATION OF LIABILITY, PRESENTATION PERIODS, PRESCRIPTIONS

1. The Issuer shall be held responsible for acting or failing to act in connection with Securities only if, and insofar as, it either breaches material obligations under or in connection with the Terms and Conditions negligently or wilfully or breaches other obligations with gross negligence or wilfully. The same applies to the Paying Agent and the Calculation Agent.
2. The period for presentation of the Securities (§ 801 paragraph 1, sentence 1 BGB) shall be ten years and the period of limitation for claims under the Securities presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.

§ 9 PARTIAL INVALIDITY, CORRECTIONS

1. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Securityholders. The declaration of rescission shall be made without undue delay upon becoming aware of any such ground for rescission (*Anfechtungsgrund*) and in accordance with § 6 of the General Terms.

Following such rescission by the Issuer, the Securityholders may instruct the account holding bank to submit a duly completed redemption notice to the Paying Agent, either by filling in the relevant form available from the Paying Agent or by otherwise stating all information and declarations required on the form (the "**Rescission Redemption Notice**"), and to request repayment of the Issue Price against transfer of the Securities to the account of the Paying Agent with the Clearing System. The Issuer shall make available the Issue Price to the Paying Agent within 30 calendar days following receipt of the Rescission Redemption Notice and of the Securities by the Paying Agent, whichever receipt is later, whereupon the Paying Agent shall transfer the Issue Price to the account specified in the Rescission Redemption Notice. Upon payment of the Issue Price all rights under the Securities delivered shall expire.

2. The Issuer may combine the declaration of rescission pursuant to paragraph 2 with an offer to continue the Securities on the basis of corrected Terms and Conditions. Such an offer and the corrected provisions shall be notified to the Securityholders together with the declaration of rescission in accordance with § 6 of the General Terms. Any such offer shall be deemed to be accepted by a Securityholder and the rescission shall not take effect, unless the Securityholder requests repayment of the Issue Price within four weeks following the date on which the offer has become effective in accordance with § 6 of the General Terms by delivery of a duly completed Rescission Redemption Notice via the account holding bank to the Paying Agent and by transfer of the Securities to the account of the Paying Agent with the Clearing System pursuant to paragraph 1. The Issuer shall refer to this effect in the notification.
3. "**Issue Price**" within the meaning of paragraph 1 and 2 shall be deemed to be the higher of (i) the purchase price that was actually paid by the relevant Securityholder (as declared and proved by evidence in the request for repayment by the relevant Securityholder) and (ii) the weighted average (as determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) of the traded prices of the Securities on the Business Day preceding the declaration of rescission pursuant to paragraph 1. If a Market Disruption Event exists on the Business Day preceding the declaration of rescission pursuant to paragraph 1, the last Business Day preceding the declaration of rescission pursuant to paragraph 1 on which no Market Disruption Event existed shall be decisive for the ascertainment of price pursuant to the preceding sentence.
4. Contradictory or incomplete provisions in the Terms and Conditions may be corrected or amended, as the case may be, by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Securityholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of the Securityholders. Notice of any such correction or amendment shall be given to the Securityholders in accordance with § 6 of the General Terms.
5. If a Securityholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Securities, then, notwithstanding paragraphs 1 - 4, such Securityholder can be bound by the Issuer to the corrected Terms and Conditions.
6. Should any provision of these Terms and Conditions be or become void in whole or in part, the other provisions shall remain in force. The void provision shall be replaced by a valid provision that reflects the economic intent of the void provision as closely as possible in legal terms. In those cases, however, the Issuer may also take the steps described in paragraphs 1 - 4 above.

§ 10

Securities which are governed by German law except the Form which is governed by Spanish law

1. The Securities and the rights and duties of the Securityholders[[], the Issuer[, the Paying Agent] [, the Sub Paying Agent] and the Guarantor] shall in all respects be governed by the laws of the Federal Republic of Germany except § 1 of the General Terms (including form of representation, proof of ownership and transfer) which shall be governed by the laws of Kingdom of Spain.

All Securities

2. Place of performance is Frankfurt am Main.
3. Place of jurisdiction for all disputes and other proceedings in connection with the Securities for merchants, entities of public law, special funds under public law and entities without a place of general jurisdiction in the Federal Republic of Germany is Frankfurt am Main. In such a case, the place of jurisdiction in Frankfurt am Main shall be an exclusive place of jurisdiction.

9.2. Product-Specific Terms

§ 1 DEFINITIONS

For the purposes of these Product-Specific Terms, the following definitions shall apply subject to an adjustment in accordance with these Terms and Conditions:

General Definitions

"**Launch Date**" means [launch date].

"**Maturity Date**" or "**Settlement Date**" means a day that is not later than the [ordinal number] Payment Business Day following the Valuation Date.

"**Payment Business Day**" means [a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System (TARGET2) and the Clearing System settle payments in the Issue Currency.] [a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in [city/cities] and on which the Clearing System settles payments in the Issue Currency.] [a day on which commercial banks and foreign exchange markets in [city/cities] and the Trans-European Automated Real-time Gross settlement Express Transfer system (TARGET-System) are open for business and the Clearing System settles payments in the Issue Currency.] [insert other provisions]

Underlying Share

"**Business Day**" means a day on which the Exchange and the Futures Exchange are open for trading during their respective regular trading sessions, notwithstanding the Exchange or Futures Exchange closing prior to its scheduled weekday closing time. Any trading or trading activities after or before the regular trading sessions on the Exchange or the Futures Exchange will not be taken into account.

"**Exchange**" means [[exchange]] [the exchange or trading system as set out in the Table of Product Details].

"**Futures Exchange**" means the exchange or trading system with the highest trading volume of options or futures contracts relating to the Share. If options or futures contracts on the Share are not traded on any exchange, the Futures Exchange shall be the options or futures exchange with the highest amount of options or futures contracts relating to shares of companies having their residence in the country in which the Company has its residence. If there is no options or futures exchange in the country in which the Company has its residence on which options or futures contracts on shares are traded, the Calculation Agent will determine the Futures Exchange in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) and will make notification thereof in accordance with § 6 of the General Terms.

"**Market Disruption Event**" means the occurrence or existence of any suspension of, or limitation imposed on, trading in (a) the Share on the Exchange, or (b) any options or futures contracts relating to the Share on the Futures Exchange (if such options or futures contracts are traded on the Futures Exchange), provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The occurrence of a Market Disruption Event on the Valuation Date shall be published in accordance with § 6 of the General Terms.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the respective exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event if such limitation still prevails at the time of termination of the trading hours on such date.

"**Reference Price**" means [the price of the Share last determined and published by the Exchange on any relevant day (closing price)] [*insert other provisions*].

"**Underlying**" or "**Share**" means [[*share, issuer, ISIN*]] [the share or security similar to shares as set out in the Table of Product Details].

"**Valuation Date**" means the date as set out in the Table of Product Details.

If on the Valuation Date there is no Reference Price or if on the Valuation Date a Market Disruption Event occurs, the Valuation Date shall be postponed to the next following Business Day on which there is a Reference Price and on which a Market Disruption Event does not occur.

If, according to the before-mentioned, the Valuation Date is postponed for [*number*] consecutive Business Days, and if also on such day there is no Reference Price or a Market Disruption Event occurs on such day, then this day shall be deemed to be the Valuation Date and the Calculation Agent shall estimate the Reference Price in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 6 of the General Terms.

Underlying Index

"**Business Day**" means a day on which the level of the Index is usually determined and published by the Index Sponsor.

"**Futures Exchange**" means the exchange or trading system with the largest trading volume in options or futures contracts in relation to the Index. If no options or futures contracts in relation to the Index are traded on any exchange, the Calculation Agent shall determine the Futures Exchange in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) and shall announce its choice in accordance with § 6 of the General Terms.

"**Market Disruption Event**" means the occurrence or existence of any suspension of, or limitation imposed on, trading in options or futures contracts (a) on the Index on the Futures Exchange, or (b) one or more index components on any Index Component Exchange, provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The occurrence of a Market Disruption Event on the Valuation Date shall be published in accordance with § 6 of the General Terms.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Futures Exchange or the Index Component Exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event in the case that such limitation is still prevailing at the time of termination of the trading hours on such date.

"**Reference Price**" means [*closing level*][the level of the Index last determined and published by the Index Sponsor on any relevant day (official closing level)] [*settlement price*][*DAX*][the Eurex final settlement price for options on the Index on any relevant day which is based on the intraday auction prices at the Frankfurt stock exchange (Xetra) for the shares contained in the Index. "Underlying" or "Index" means [the **[index]** (ISIN **[ISIN]**) as determined and published by **[index sponsor]** (the "Index Sponsor")].

"Valuation Date" means the date as set out in the Table of Product Details.

If on the Valuation Date there is no Reference Price or if on the Valuation Date a Market Disruption Event occurs, the Valuation Date shall be postponed to the next following Business Day on which there is again a Reference Price and on which a Market Disruption Event does not occur.

If, according to the before-mentioned, the Valuation Date is postponed for **[number]** consecutive Business Days, and if also on such day there is no Reference Price or a Market Disruption Event occurs on such day, then this day shall be deemed to be the Valuation Date and the Calculation Agent shall estimate the Reference Price in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 6 of the General Terms.

§ 2 INTEREST

One Coupon Payment on the Maturity Date

1. The Securities bear interest as from **[interest commencement date]** [the interest commencement date as set out in the Table of Product Details] (inclusive) at [a rate of **[interest rate]**] [the interest rate as set out in the Table of Product Details].

Interest is payable in arrear on the Maturity Date.

2. The Securities will cease to bear interest at the end of the day preceding the Maturity Date, even if payment is made later than on the Maturity Date determined by the calendar in accordance with § 5 paragraph 3 of the Product-Specific Terms.
3. Should the Issuer for any reason whatsoever fail to provide to the Paying Agent, when due, the necessary funds for the redemption of the Securities, then interest on the outstanding principal amount of such Securities will continue to accrue until the payment of such principal has been effected, however not beyond the fourteenth day after the date on which the necessary funds have been provided to the Paying Agent and notice thereof has been given by publication in accordance with § 6 of the General Terms.

Several Coupon Payment

1. The Securities bear interest as from **[interest commencement date]** (inclusive) at [a rate of **[interest rate]**] [the interest rate as set out in the Table of Product Details] up to the first Interest

Payment Date (exclusive) and thereafter as from any Interest Payment Date (inclusive) up to the next following Interest Payment Date (exclusive) (each such period being an "**Interest Period**"). Interest is payable in arrear for each Interest Period on the relevant Interest Payment Date.

"**Interest Payment Date**" means *[interest payment dates]* and the Maturity Date.

If an Interest Payment Date is not a Payment Business Day, the payment of interest shall be made on the next following day that is a Payment Business Day (*[without][with]* adjustment of the relevant Interest Period and the amount of interest payable for the respective Interest Period).

- .2. The Securities will cease to bear interest at the end of the day preceding the date on which they become due for redemption, even if payment is made later than on the due date determined by the calendar in accordance with § 5 paragraph 3 of the Product-Specific Terms.
3. Should the Issuer for any reason whatsoever fail to provide to the Paying Agent, when due, the necessary funds for the redemption of the Securities, then interest on the outstanding principal amount of such Securities will continue to accrue until the payment of such principal has been effected, however not beyond the fourteenth day after the date on which the necessary funds have been provided to the Paying Agent and notice thereof has been given by publication in accordance with § 6 of the General Terms.

Structured Notes with delivery obligation

**§ 3
REDEMPTION**

Subject to a termination in accordance with § 7 of the Product-Specific Terms, each Security will be redeemed on the Maturity Date either by payment of an amount in the Issue Currency (the "**Redemption Amount**") or by delivery of Underlyings, all as determined in accordance with the following provisions.

Structured Notes Classic

- (a) If the Reference Price of the Underlying on the Valuation Date is equal to or above the Strike, each Security shall be redeemed by payment of a Redemption Amount equal to the Denomination;

OR

- (b) In all other cases, each Security is redeemed by delivery of a number of the Underlying equal to the Ratio, in the form and with the characteristics deliverable on the Maturity Date at the Exchange in accordance with its rules.

"**Strike**" means the strike as set out in the Table of Product Details.

Structured Notes Protect

- (a) If the Reference Price of the Underlying on the Valuation Date is equal to or above the Barrier, each Security shall be redeemed by payment of a Redemption Amount equal to the Denomination;

OR

- (b) In all other cases, each Security is redeemed by delivery of a number of the Underlying equal to the Ratio, in the form and with the characteristics deliverable on the Maturity Date at the Exchange in accordance with its rules.

"**Barrier**" means the barrier as set out in the Table of Product Details.

Structured Notes Plus

- (a) If (i) the Reference Price of the Underlying on the Valuation Date is equal to or above the Strike and/or (ii) during the Monitoring Period [Regular:] [the price of the Share as determined and published by the Exchange] [insert other provisions] [Daily Close:] Reference Price of the Underlying] has always been above the Barrier, each Security shall be redeemed by payment of a Redemption Amount equal to the Denomination;

OR

- (b) In all other cases, each Security is redeemed by delivery of a number of the Underlying equal to the Ratio, in the form and with the characteristics deliverable on the Maturity Date at the Exchange in accordance with its rules.

"**Barrier**" means the barrier as set out in the Table of Product Details.

"**Strike**" means the strike as set out in the Table of Product Details.

"**Monitoring Period**" means [the period as set out in the Table of Product Details (both dates including)] [other provision].

"**Ratio**" means [[ratio].] [the decimal figure as set out in the Table of Product Details.] [a decimal figure calculated by dividing the Denomination by the Strike.] [insert other provisions]

If the delivery of the Underlying is economically, factually or legally impossible for the Issuer on the Maturity Date, the Issuer will be entitled, instead of delivering the Underlying, to pay a monetary amount that corresponds to the Reference Price of the Underlying on the Valuation Date [converted into the Issue Currency at the Conversion Rate] multiplied by the Delivery Amount.

Fractions of the Underlying [*in case of Underlyings with a min. trading unit*][and any Underlyings in excess of an integral multiple of the trading unit of the relevant Underlying] will not be delivered. The Issuer, instead of delivering the relevant fraction [*in case of Underlyings with a min. trading unit*][or excess Underlyings, as the case may be], may pay a monetary amount (the "**Fractional Settlement Amount**") per Security to the Securityholders which will be determined by the Issuer by multiplying the fraction [*in case of Underlyings with a min. trading unit*][or number of excess Underlyings, as the case may be] by the Reference Price of the Underlying on the Valuation Date [converted into the Issue Currency at the Conversion Rate]. The combination of several Fractional Settlement Amounts into claims for the delivery of the Underlying is excluded.

Structured Notes with cash settlement

**§ 3
REDEMPTION**

Subject to the provisions contained in § 5, the Securities will be redeemed on the Maturity Date at an amount in the Issue Currency (the "**Redemption Amount**") determined in accordance with the following provisions:

Structured Notes Classic

- (a) If the Reference Price of the Underlying on the Valuation Date is equal to or above the Strike, each Security shall be redeemed by payment of a Redemption Amount equal to the Denomination;

OR

- (b) In all other cases, each Security is redeemed by payment of a Redemption Amount calculated in accordance with the following formula.

$$RA = N \times \frac{\text{Underlying}_{\text{FINAL}}}{\text{Underlying}_{\text{INITIAL}}}$$

Where,

RA = Redemption Amount per Security

N = Denomination

Underlying_{FINAL} = Reference Price of the Underlying on the Valuation Date

Underlying_{INITIAL} = Strike

"**Strike**" means the strike as set out in the Table of Product Details.

Structured Notes Protect

- (a) If the Reference Price of the Underlying on the Valuation Date is equal to or above the Barrier, each Security shall be redeemed by payment of a Redemption Amount equal to the Denomination;

OR

- (b) In all other cases, each Security is redeemed by payment of a Redemption Amount calculated in accordance with the following formula.

$$RA = N \times \frac{\text{Underlying}_{\text{FINAL}}}{\text{Underlying}_{\text{INITIAL}}}$$

Where,

RA = Redemption Amount per Security

N = Denomination

Underlying_{FINAL} = Reference Price of the Underlying on the Valuation Date

Underlying_{INITIAL} = Strike

"Barrier" means the barrier as set out in the Table of Product Details.

Structured Notes Plus

- (a) If (i) the Reference Price of the Underlying on the Valuation Date is equal to or above the Strike and/or (ii) during the Monitoring Period [Regular:] [the price of the Share as determined and published by the Exchange] [insert other provisions] [Daily Close:] Reference Price of the Underlying] has always been above the Barrier, each Security shall be redeemed by payment of a Redemption Amount equal to the Denomination;

OR

- (b) In all other cases, each Security is redeemed by payment of a Redemption Amount calculated in accordance with the following formula.

$$RA = N \times \frac{\text{Underlying}_{\text{FINAL}}}{\text{Underlying}_{\text{INITIAL}}}$$

Where,

RA = Redemption Amount per Security

N = Denomination

Underlying_{FINAL} = Reference Price of the Underlying on the Valuation Date

Underlying_{INITIAL} = Strike

"Barrier" means the barrier as set out in the Table of Product Details.

"Strike" means the strike as set out in the Table of Product Details.

"Monitoring Period" means [the period as set out in the Table of Product Details (both dates including)] [other provision].

The following paragraph shall be applicable for Underlying Index

For the purposes of calculations made in connection with these Terms and Conditions, one index point shall be equal to [underlying currency] 1.00.

The following paragraph shall be applicable for Securities with conversion in the Issue Currency

The conversion into the Issue Currency shall be made at the Conversion Rate.

"Conversion Rate" [(non quanto)] [means the price of [base currency (the currency appearing first in the conversion rate)] 1.00 in [counter currency (the currency appearing second in the conversion rate)], as actually traded on the international interbank spot market on the Valuation Date at such point in time at which the Reference Price of the Underlying is determined and published.] [(quanto)] [means a conversion rate equal to [base currency] 1.00 = [counter currency] 1.00.] [insert other provisions]

["USD"] ["[abbreviation underlying currency]"] means [US Dollar] [[underlying currency]].

§ 4
ORDINARY TERMINATION BY THE ISSUER

Subject to the provision contained in § 7 of the Product-Specific Terms, the Issuer shall not be entitled to terminate the Securities prematurely.

§ 5
PAYMENTS[; DELIVERY OF UNDERLYINGS]

1. All amounts payable under these Terms and Conditions will be rounded to the nearest *[Issue Currency]* [0.0001] [0.01] [1.00] [●] (*[Issue Currency]* [0.00005] [0.005] [0.5] [●] will be rounded upwards).

Cash Settlement

2. All amounts payable pursuant to these Terms and Conditions shall be paid to the Paying Agent for transfer to the Clearing System or pursuant to the Clearing System's instruction for credit to the relevant accountholders on the dates stated in these Terms and Conditions. Payment to the Clearing System or pursuant to the Clearing System's instruction shall release the Issuer from its payment obligations under the Securities in the amount of such payment.

[in case the Securities are represented by a Temporary and a Permanent Global Security] [Payments on Securities represented by a Temporary Global Security shall only be effected upon due certification in accordance with § 1 paragraph 1 of the General Terms.]

3. If any payment pursuant to these Terms and Conditions is to be made on a day that is not a Payment Business Day, payment shall be made on the next following Payment Business Day. In this case, the Securityholders shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.

Delivery Obligation

2. All amounts payable and/or Underlyings pursuant to these Terms and Conditions shall be paid and/or delivered to the Paying Agent for transfer to the Clearing System or pursuant to the Clearing System's instruction for credit to the relevant accountholders on the dates stated in these Terms and Conditions. Payment or deliveries of Underlyings to the Clearing System or pursuant to the Clearing System's instruction shall release the Issuer from its payment or delivery obligations under the Securities in the amount of such payment.

[in case the Securities are represented by a Temporary and a Permanent Global Security] [Payments and/or the delivery of the Underlyings on Securities represented by a Temporary Global Security shall only be effected upon due certification in accordance with § 1 paragraph 1 of the General Terms.]

3. If any payment pursuant to these Terms and Conditions is to be made on a day that is not a Payment Business Day, payment shall be made on the next following Payment Business Day. In this case, the Securityholders shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.

[If the Maturity Date is not both a Payment Business Day and a Business Day, it shall be postponed to the next following day that is both a Payment Business Day and a Business Day.]

All Securities

4. Exercise of the Bail-in Power (as defined below) by the Relevant Resolution Authority (as defined below) on liabilities of Société Générale:
- (a) If the Relevant Resolution Authority (as defined below) exercises its Bail-in Power (as defined below) on liabilities pursuant to Article L 613-30-3-I-3 of the French Monetary and Financial Code of Société Générale, ranking junior to liabilities of Société Générale that benefits from statutorily preferred exceptions pursuant to Article L 613-30-3-I 1° and 2 of the French Monetary and Financial Code, and senior to liabilities as defined in Article L 613-30-3-I-4 of the French Monetary and Financial Code, which results in the write-down or cancellation of all, or a portion of, the principal amount of, or outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of Société Générale or another person, including by means of a variation to their terms and conditions to give effect to such exercise of Bail-in Power, then
 - (i) the Issuer's obligations to the Securityholders under the Securities shall be limited and reduced to the amounts of principal and/or interest that would be recoverable by the Securityholders and/or the value of the shares or other securities or other obligations of the Guarantor or another person that would be delivered to the Securityholders if the Securities had been directly issued by the Guarantor itself, and any obligations under the Securities had accordingly been directly subject to the exercise of the Bail-in Power, and,
 - (ii) the Issuer shall be entitled to, in lieu of payment, request the Securityholders to seek payment, in whole or in part, of any amounts due under the Securities subsequent to the reduction and/or delivery of any shares or other securities or other obligations of the Guarantor subsequent to a conversion provided for at (i) above, directly from the Guarantor under the guarantee for the Issuer's obligations.

If and to the extent the Issuer requests the Securityholders to directly seek payment and/or delivery from the Guarantor under its guarantee for the Issuer's obligations, the Issuer's liabilities under the Securities shall be deemed extinguished.

"Bail-in Power" means any statutory cancellation, write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in France in effect and applicable in France to the Guarantor (or any successor entity thereof), including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms and/or within the context of a French resolution regime under the French monetary and financial code, or any other applicable laws or regulations, as amended, or otherwise, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled and/or converted into shares or other securities or obligations of the obligor or any other person.

The **"Relevant Resolution Authority"** is any authority with the ability to exercise the Bail-in Power.

- (b) No repayment of the principal amount of the Securities or payment of interest thereon (to the extent of the portion thereof affected by the exercise of the Bail-in Power) shall become due and payable after the exercise of any Bail-in Power by the Relevant Resolution Authority, unless such repayment or payment would be permitted to be made by the Guarantor under the laws and regulations then applicable to the Guarantor under its senior unsecured liabilities if the Guarantor itself was the issuer of the Securities, and the terms and conditions of the Securities shall be deemed to be modified accordingly.

- (c) Upon the Issuer becoming aware of the exercise of the Bail-in Power by the Relevant Resolution Authority on senior unsecured liabilities of the Guarantor, the Issuer shall notify the Securityholders in accordance with § 6 of the General Terms (and other parties that should be notified, if applicable). Any delay or failure by the Issuer to give notice shall not affect the effects on the Securities described in (a) above.
 - (d) The reduction or modification described in (a) and (b) above with respect to the Securities shall not constitute an event of default and the terms and conditions of Securities shall continue to apply in relation to the residual principal amount of, or outstanding amount payable in respect of the Securities, subject to any modification of the amount of interest payable to reflect the reduction of the principal amount, and any further modification of the terms that the Relevant Resolution Authority may decide in accordance with applicable laws and regulations relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in France.
5. All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives and subject to the provisions contained in § 3 of the General Terms.

§ 6 ADJUSTMENTS

Underlying Share

1. Upon the occurrence of an Adjustment Event or Extraordinary Event each of which has a material effect on the Share or the price of the Share, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to adequately account for the economic effect of the Adjustment Event or Extraordinary Event on the Securities and to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Adjustment Event or Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether an Adjustment Event or Extraordinary Event has occurred and whether such Adjustment Event or Extraordinary Event has a material effect on the Share or the price of the Share.
2. An Adjustment may result in:
 - (a) the replacement of the Share by another share and/or cash and/or any other compensation, in each case as stipulated with reference to the relevant Adjustment Event or Extraordinary Event (a "**Replacement**"), and the determination of another stock exchange as the Exchange,

and/or
 - (b) increases or decreases of specified variables and values or the amounts payable under the Securities taking into account:
 - (i) the effect of an Adjustment Event or Extraordinary Event on the price of the Share;
 - (ii) the diluting or concentrative effect of an Adjustment Event or Extraordinary Event on the theoretical value of the Share; or
 - (iii) any cash compensation or other compensation in connection with a Replacement;
and/or
 - (c) consequential amendments to the share related provisions of the Terms and Conditions that are required to fully reflect the consequences of the Replacement.

3. Adjustments should correspond to the adjustments to options or futures contracts relating to the Share made by the Futures Exchange (a "**Futures Exchange Adjustment**").
 - (a) If the Futures Exchange Adjustment results in the replacement of the Share by a basket of shares, the Issuer shall be entitled to determine that only the share with the highest market capitalisation on the Cut-off Date shall be the (replacement) Share for the purpose of the Securities, and to hypothetically sell the remaining shares in the basket on the first Exchange Business Day following the Cut-off Date at the first available price and hypothetically reinvest the proceeds immediately afterwards in the (replacement) Share by making an appropriate adjustment to the specified variables and values or the amounts payable under the Securities. If the determination of the share with the highest market capitalisation would result in an economic inappropriate Adjustment, the Issuer shall be entitled to select any other share of the basket of shares to be the (replacement) Share in accordance with the foregoing sentence. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.
 - (b) In particular, the Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Futures Exchange Adjustments in cases where:
 - (i) the Futures Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;
 - (ii) the Futures Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Adjustment Event or the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Share; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or
 - (iii) in cases where no Futures Exchange Adjustment occurs but where such Futures Exchange Adjustment would be required pursuant to the adjustment rules of the Futures Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case and shall make Adjustments in accordance with the adjustment rules of the Futures Exchange.
 - (c) In the event of any doubts regarding the application of the Futures Exchange Adjustment or adjustment rules of the Futures Exchange or where no Futures Exchange exists, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Adjustment Event or the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Share.
4. Any reference made to the Share in these Terms and Conditions shall, if the context so admits, then refer to the replacement share. All related definitions shall be deemed to be amended accordingly.
5. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Futures Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Futures Exchange.
6. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 6 of the General Terms.
7. Any Adjustment in accordance with this § 6 of the Product-Specific Terms does not preclude a subsequent termination in accordance with § 7 of the Product-Specific Terms on the basis of the same event.

8. "**Adjustment Event**" means:
- (a) the adjustment of options or futures contracts relating to the Share at the Futures Exchange or the announcement of such adjustment;
 - (b) any of the following actions taken by the issuer of the Share (the "**Company**"): capital increases through issuance of new shares against capital contribution and issuance of subscription rights to the shareholders, capital increases out of the Company's reserves, issuance of securities with options or conversion rights related to the Share, distributions of extraordinary dividends, stock splits or any other splits, consolidation or alteration of category;
 - (c) a spin-off of a part of the Company in such a way that a new independent entity is formed, or that the spun-off part of the Company is absorbed by another entity; or
 - (d) any other event relating to the Share having a diluting or concentrative effect on the theoretical value of such Share.
9. "**Extraordinary Event**" means:
- (a) the termination of trading in, or early settlement of, options or futures contracts relating to the Share at the Futures Exchange or the announcement of such termination or early settlement;
 - (b) the termination of the listing of the Share on the Exchange due to a merger by absorption or by creation or due to any other reason, or the becoming known of the intention of the Company or the announcement of the Exchange that the listing of the Share at the Exchange will terminate immediately or at a later date and that the Share will not be admitted, traded or listed at any other exchange which is comparable to the Exchange (including the exchange segment, if applicable) immediately following the termination of the listing;
 - (c) a procedure is introduced or ongoing pursuant to which all shares or the substantial assets of the Company are or are liable to be nationalized or expropriated or otherwise transferred to public agencies, authorities or organizations;
 - (d) the application for insolvency proceedings or for comparable proceedings with regard to the assets of the Company according to the applicable law of the Company; or
 - (e) any other event that is economically equivalent to the before-mentioned events with regard to their effects.

Underlying Index

1. Upon the occurrence of an Extraordinary Event which has a material effect on the Index or the level of the Index, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to adequately account for the economic effect of the Extraordinary Event on the Securities and to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether an Extraordinary Event has occurred and whether such Extraordinary Event has a material effect on the Index or the level of the Index.
2. An Adjustment may result in:
- (a) the replacement of the Index by another index (a "**Replacement**"), and/or the replacement of the Index Sponsor by another person, company or institution acceptable to the Issuer as a new index sponsor,

and/or

- (b) increases or decreases of specified variables and values or the amounts payable under the Securities taking into account:
 - (i) the effect of an Extraordinary Event on the level of the Index;
 - (ii) the diluting or concentrative effect of an Extraordinary Event on the theoretical value of the Index; or
 - (iii) any cash compensation or other compensation in connection with a Replacement;

and/or

- (c) consequential amendments to the provisions of the Terms and Conditions that are required to fully reflect the consequences of the Replacement.

3. Adjustments should correspond to the adjustments to options or futures contracts relating to the Index made by the Futures Exchange (a "**Futures Exchange Adjustment**").

- (a) In particular, the Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Futures Exchange Adjustments, in cases where
 - (i) the Futures Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;
 - (ii) the Futures Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event and to adequately take into account the economic effect thereof on the level of the Index; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or
 - (iii) in cases where no Futures Exchange Adjustment occurs but where such Futures Exchange Adjustment would be required pursuant to the adjustment rules of the Futures Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case and shall make Adjustments in accordance with the adjustment rules of the Futures Exchange.
- (b) In the event of any doubts regarding the application of the Futures Exchange Adjustment or adjustment rules of the Futures Exchange or where no Futures Exchange exists, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event and to adequately take into account the economic effect thereof on the level of the Index.

4. Any reference made to the Index and/or the Index Sponsor in these Terms and Conditions shall, if the context so admits, then refer to the replacement index and/or the index sponsor of the replacement index. All related definitions shall be deemed to be amended accordingly.

5. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Futures Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Futures Exchange.

6. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 6 of the General Terms.

7. Any adjustment in accordance with this § 6 of the Product-Specific Terms does not preclude a subsequent termination in accordance with § 7 paragraph 1 of the Product-Specific Terms on the basis of the same event.
8. If the Index is no longer calculated and published by the Index Sponsor but by another acceptable person, company or institution as the new Index Sponsor (the "**Successor Index Sponsor**"), all amounts payable under the Securities will be determined on the basis of the Index being calculated and published by the Successor Index Sponsor and any reference made to the Index Sponsor in these Terms and Conditions shall, if the context so admits, then refer to the Successor Index Sponsor. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.
9. If the Index Sponsor materially modifies the calculation method of the Index with effect on or after the Launch Date, or materially modifies the Index in any other way (except for modifications which are contemplated in the calculation method of the Index relating to a change with respect to any index components, the market capitalisation or with respect to any other routine measures), each an "**Index Modification**", then the Issuer is entitled to continue the calculation and publication of the Index on the basis of the former concept of the Index and its last determined level. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether an Index Modification has occurred.
10. "**Extraordinary Event**" means:
 - (a) the permanent or temporary cancellation or replacement of the Index or the replacement of the Index Sponsor by another person, company or institution not acceptable to the Issuer;
 - (b) the adjustment of options or futures contracts relating to the Index on the Futures Exchange or the announcement of such adjustment;
 - (c) the termination of trading in, or early settlement of, options or futures contracts relating to the Index on the Futures Exchange, if any, or the termination of trading in index components on any relevant exchange or trading system (the "**Index Component Exchange**") or the announcement of such termination or early settlement;
 - (d) a change in the currency in one or more index components and such change has a material effect on the level of the Index. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case;
 - (e) the Index Sponsor (i) ceases to provide the Index and/or materially or frequently delays the publication of the level of the Index or the relevant data for calculating the level of the Index and the Issuer is not able to calculate the Index without the Index Sponsor's information and/or (ii) materially modifies its terms and conditions for the use of the Index and/or materially increases its fees for the use or calculation of the Index so that it is no longer economically reasonable to reference such Index and such modification and/or increase, respectively, are relevant with respect to the Securities. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case; or
 - (f) any other event that is economically equivalent to the before-mentioned events with regard to their effects.

All Underlyings

- [•] Upon the occurrence, as determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB), of an Administrator/Benchmark Event to a Benchmark (the "**Affected Benchmark**") on or after the Launch Date the following shall apply:
- (a) the Calculation Agent shall, using reasonable discretion (*billiges Ermessen*) (§ 317 BGB), determine the Benchmark that is the successor to or replacement of the Affected

Benchmark which is formally recommended by any Relevant Nominating Body (the "**Successor Benchmark**"); or

- (b) if no Successor Benchmark is available, the Calculation Agent shall, using reasonable discretion (*billiges Ermessen*) (§ 317 BGB), determine the Benchmark which is customarily applied in international [debt] capital markets transactions for the purposes of determining the Affected Benchmark (the "**Alternative Benchmark**" and together with the Successor Benchmark, the "**New Benchmark**").

If the Issuer determines a New Benchmark as described above, then such New Benchmark shall subsequently be used in place of the Affected Benchmark as of the relevant effective date notified by the Issuer to the Securityholders or, at the latest, for the immediately following period for which the Benchmark is to be determined (the "**Determination Period**") and subsequently for all following Determination Periods.

In case of a New Benchmark, the Issuer shall in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) make any such additional adjustments to the Terms and Conditions in order to follow market practice in relation to the New Benchmark or

- (a) as are necessary to reflect any increased costs of the Issuer providing such exposure to the New Benchmark;

and/or

- (b) in the case of more than one New Benchmark, making provision for allocation of exposure between the New Benchmarks;

and/or

- (c) as are necessary to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to the Issuer as a result of the replacement of the Benchmark.

Where:

"**Administrator/Benchmark Event**" means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event all as determined by the Issuer.

"**Benchmark**" means any figure which is a benchmark as defined in BMR and where any amount payable under the Securities, or the value of the Securities, is determined by reference in whole or in part to such figure, all as determined by the Issuer.

"**Benchmark Modification or Cessation Event**" means, in respect of the Benchmark any of the following has occurred or will occur:

- (a) any material change in such Benchmark;
- (b) the permanent or indefinite cancellation or cessation in the provision of such Benchmark;
- (c) a regulator or other official sector entity prohibits the use of such Benchmark for the Issuer or any other entity generally or in respect of the Securities.

"**BMR**" means the EU Benchmarks Regulation (Regulation (EU) 2016/1011).

"**Non-Approval Event**" means, in respect of the Benchmark:

- (a) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be obtained;

- (b) the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be included in an official register; or
- (c) the Benchmark or the administrator or sponsor of the Benchmark does not or will not fulfil any legal or regulatory requirement applicable to the Securities, the Issuer or the Benchmark,

in each case, as required under any applicable law or regulation in order for the Issuer or any other entity to perform its obligations in respect of the Securities. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Securities under the applicable law or regulation during the period of such suspension.

"Relevant Nominating Body" means, in respect of the replacement of the Affected Benchmark:

- (a) [the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable)]; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof][●].

"Rejection Event" means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Securities, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for the Issuer or any other entity to perform its obligations in respect of the Securities.

"Suspension/Withdrawal Event" means, in respect of the Benchmark:

- (a) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is required under any applicable law or regulation in order for the Issuer or any other entity to perform its obligations in respect of the Securities; or
- (b) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any applicable law in order for the Issuer or any other entity to perform its obligations in respect of the Securities.
- (c) for the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Securities under the applicable law or regulation during the period of such suspension or withdrawal.

For the avoidance of doubt, the above is additional, and without prejudice, to any other terms of the Securities. In the event that under any such terms any other consequences could apply in relation to an event or occurrence the subject of an Administrator/Benchmark Event, the

Calculation Agent shall determine which terms shall apply in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB).

Any amendments made by the Issuer pursuant to this § 6 [paragraph •] of the Product-Specific Terms shall be notified by the Issuer pursuant to § 6 of the General Terms as soon as practicable following the determination thereof. Such notice shall be irrevocable and shall specify the date on which the relevant adjustments become effective.

In case of the occurrence of an Administrator/Benchmark Event due to the BMR, the provisions of this § 6 [paragraph •] of the Product-Specific Terms shall take precedent over any other provisions in these Terms and Conditions under which the Issuer may make adjustments to the Terms and Conditions due to the occurrence of the same event; the Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.

§ 7 EXTRAORDINARY TERMINATION BY THE ISSUER

1. Upon the occurrence of an Extraordinary Event, the Issuer may freely elect to terminate the Securities prematurely instead of making an Adjustment. In the case that an Adjustment would not be sufficient to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event, the Issuer shall terminate the Securities prematurely; the Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.

The following paragraph shall be applicable for Underlying Share

The Issuer may also freely elect to terminate the Securities prematurely in the case of a takeover-bid, i.e. an offer to take over or to swap or any other offer or any other act of an individual person or a legal entity that results in the individual person or legal entity buying, otherwise acquiring or obtaining a right to buy more than 10% of the outstanding shares of the Company as a consequence of a conversion or otherwise; all as determined by the Issuer based on notifications to the competent authorities or on other information determined as relevant by the Issuer.

The following paragraph shall be applicable for Underlying Index

The Issuer may also freely elect to terminate the Securities prematurely in the case of an Index Modification in accordance with § 6 paragraph 9 of the Product-Specific Terms.

The following paragraph may be applicable for all Underlying

The Issuer may also freely elect to terminate the Securities prematurely in the case of a negativ Strike.

- [2. If the Issuer and/or its Affiliates are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any Hedging Transactions or (ii) to realize, regain or transfer the proceeds resulting from such Hedging Transactions (the "**Hedging Disruption**"), the Calculation Agent may freely elect to terminate the Securities prematurely. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether a Hedging Disruption has occurred.]
- [2.] [The Issuer may also freely elect to terminate the Securities prematurely if (i) due to the adoption of or any change in any applicable law or regulation (including any tax law) or (ii) due to the promulgation of or any change in the interpretation by any competent court, tribunal or regulatory authority (including any tax authority) that (A) it has become illegal to hold, acquire or dispose of [any Shares] [any index components] or (B) it will incur materially increased costs in performing the Issuer's obligation under the Securities (including due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) (the "**Change in Law**"). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether a Change in Law has occurred.]

[2][3]. If the Issuer has not made any adjustments in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) pursuant to § 6 paragraph [●] of the Product-Specific Terms due to the occurrence of an Administrator/Benchmark Event, the Issuer may, but is not obliged to, terminate extraordinarily the Securities.

[2][3][4]. Any extraordinary termination of the Securities shall be notified by the Issuer in accordance with § 6 of the General Terms within [number] Business Days following the occurrence of the relevant event (the "**Extraordinary Termination Notice**"). The Extraordinary Termination Notice shall designate an Business Day as per which the extraordinary termination shall become effective (the "**Extraordinary Termination Date**") in accordance with the following provisions. Such Extraordinary Termination Date shall be not later than [number] Payment Business Days following the publication of the Extraordinary Termination Notice.

[3][4][5]. If the Securities are called for redemption, they shall be redeemed at an amount per Security that is equivalent to their fair market value minus any expenses actually incurred by the Issuer under transactions that were required for winding up the Hedging Transactions (the "**Extraordinary Termination Amount**"). The Calculation Agent shall calculate the Extraordinary Termination Amount in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) by taking into account prevailing market conditions[and any proceeds realised by the Issuer and/or any of its affiliates (within the meaning of § 271 paragraph 2 German Commercial Code (*HGB*), the "**Affiliates**") in connection with transactions or investments concluded by it in its reasonable commercial discretion (*vernünftiges kaufmännisches Ermessen*) for hedging purposes in relation to the assumption and fulfilment of its obligations under the Securities (the "**Hedging Transactions**") [insert other provisions].

[4][5][6]. The Issuer shall pay the Extraordinary Termination Amount to the Securityholders not later than on the [ordinal number] Payment Business Day following the Extraordinary Termination Date.
